most prescient thinkers **Communication, Media, and Identity** Robert S. Fortner, 2007 Communication Media and Identity A Christian Theory of Communication is the first comprehensive theoretical look at the nature of communication from a biblical Christian perspective This groundbreaking new work discusses the implications of such a theory for interpersonal relations use of media and the development of digital culture in the wake of the computer It also draws widely from the literature of the secular world critiquing perspectives where necessary and adopting perspectives that are in line with Christian anthropology epistemology and ontology Through this unique lens the reader is able to understand communication as an art as a tool for evangelism and as a unique human activity that allows people to have a stake in the creation It covers both mediated and non mediated forms of communication is sensitive to theological differences within the Christian faith and examines closely the problem of technology and especially digital technology for the practice of communication As the newest book in the Communication Culture and Religion Series Robert Fortner s work illuminates the theological aspects of communication *Handbook of Symbolic Interactionism* Larry T. Reynolds, Nancy J. Herman-Kinney, 2003 Symbolic interactionism has a long history in sociology social psychology and related social sciences In this volume the editors and contributors explain its history major theoretical tenets and concepts methods of doing symbolic interactionist work and its uses and findings in a host of substantive research areas Culture in Mind Karen A. Cerulo, 2013-05-13 What is thought and how does one come to study and understand it How does the mind work Does cognitive science explain all the mysteries of the brain This collection of fourteen original essays from some of the top sociologists in the country including Eviatar Zerubavel Diane Vaughan Paul Dimaggio and Gary Alan Fine among others opens a dialogue between cognitive science and cultural sociology encouraging a new network of scientific collaboration and stimulating new lines of social scientific research Rather than considering thought as just an individual act Culture in Mind considers it in a social and cultural context Provocatively this suggests that our thoughts do not function in a vacuum our minds are not alone Covering such diverse topics as the nature of evil the process of storytelling defining mental illness and the conceptualizing of the premature baby these essays offer fresh insights into the functioning of the mind Leaving the MRI behind Culture in Mind will uncover the mysteries of how we think **Media Worlds in the Postjournalism Era** David Altheide, 2019-01-08 The concept of media logic a theoretical framework for explaining the relationship between mass media and culture was first introduced in Altheide and Snow s influential work Media Logic In Media Worlds in the Postjournalism Era the authors expand their analysis of how organizational considerations promote a distinctive media logic which in turn is conducive to a media culture They trace the ethnography of that media culture including the knowledge techniques and assumptions that encourage media professionals to acquire particular cognitive and evaluative criteria and thereby present events primarily for the media s own ends **Tangled Routes** Deborah Barndt, 2008 Now in a thoroughly revised and updated edition Tangled Routes offers a vivid interdisciplinary examination of the global food system through the journey of a

corporate tomato Through case studies in the three NAFTA countries Mexico the United States and Canada Deborah Barndt examines the dynamic relationships between production and consumption work and technology biodiversity and cultural diversity and health and environment The compelling stories of women workers along the tomato trail humanize her analysis of globalization taking into account the intersections of gender race class family status and north south relations The New Politics of Surveillance and Visibility Richard V. Ericson, Kevin D. Haggerty, 2006-01-01 Since the terrorist attacks of September 2001 surveillance has been put forward as the essential tool for the war on terror with new technologies and policies offering police and military operatives enhanced opportunities for monitoring suspect populations The last few years have also seen the public's consumer tastes become increasingly codified with data mines of demographic information such as postal codes and purchasing records Additionally surveillance has become a form of entertainment with reality shows becoming the dominant genre on network and cable television In *The New Politics of Surveillance and Visibility* editors Kevin D Haggerty and Richard V Ericson bring together leading experts to analyse how society is organized through surveillance systems technologies and practices They demonstrate how the new political uses of surveillance make visible that which was previously unknown blur the boundaries between public and private rewrite the norms of privacy create new forms of inclusion and exclusion and alter processes of democratic accountability This collection challenges conventional wisdom and advances new theoretical approaches through a series of studies of surveillance in policing the military commercial enterprises mass media and health sciences *The Media and The Public* Stephen Coleman, Karen Ross, 2015-07-13 *The Media and the Public* explores the ways a range of media from the press to television to the Internet have constructed and represented the public Provides a new synthesis of recent research exploring the relationship between media and their publics Identifies ways in which different publics are subverting the gatekeeping of mainstream media in order to find a voice and communicate with others Situates contemporary media public discourse and relationships in an historical context in order to show the origin of contemporary public political engagement Creates a theoretical expansion on the role of the media in accessing or denying the articulation of public voices and the ways in which publics are harnessing new media formats to produce richer and more complex forms of political engagement *Personal, Societal, and Ecological Values of Wilderness*, 1998 **Handbook of Interview Research** Jaber F. Gubrium, James A. Holstein, 2002 *The Handbook of Interview Research* is the most ambitious attempt yet at examining the place of the interview in contemporary society Interviewing is the predominant mode of research in the social sciences It's also the stock in trade of information seekers in organizations and institutions of all kinds as well as in the mass media Across the board interviews provide today's leading window on the world of experience The Handbook offers a comprehensive examination of the interview at the cutting edge of information technology Drawing upon leading experts from a wide range of professional disciplines this book addresses conceptual and technical challenges that confront both academic researchers and interviewers with more applied goals From

interview theory to the nuts and bolts of the interview process the coverage is impressively broad and authoritative The Handbook of Interview Research is both encyclopedic and thematic As an encyclopedia it provides extensive discussions of the methodological issues now surrounding interview practice offering a multi faceted assessment of what has become the method of choice for obtaining personal information in today s society But the Handbook also is a story which spins a particular tale of interviewing one that moves from the commonly recognized individual interview to what is called the interview society The gist of the presentation is that we can no longer regard the interview as simply an instrument for gathering data but must now also view it an integral part of society
