A. DeCenzo S P Robbins, Stephen E. Huntley, 2004 **Business Management** Hannie Badenhorst-Weiss, Tersia
Brevis, Mike Cant, 2008-02 The world is in a constant state of flux and this influences the operations of every business and
organisation Business Management A Contemporary Approach deals with these changes by covering the functions of a
business or an organisation and then addressing the contemporary issues that affect them These issues include globalisation
corporate entrepreneurship and citizenship credit diversity and HIV AIDS Every student of business and business manager
needs to understand the importance of these issues and their influence on the operations of a business Business Management
A Contemporary Approach also highlights the interdependency between the various business functions This interdependency
is very important for a business or organisation to operate as a whole *Maritime Security* Michael McNicholas, 2016-03-19

guide on maritime security McNicholas explains in clear language how commercial seaports and vessels function what
threats currently exist what security policies procedures systems and measures must be implemented to mitigate these
threats and how to conduct ship and port security assessments and plans Whether the problem is weapons of mass
destruction or cargo theft Maritime Security provides invaluable guidance for the professionals who protect our shipping and
ports New chapters focus on whole government maritime security UN legal conventions and frameworks transnational crime
and migration Updates throughout will provide the latest information in increasingly important field Provides an excellent
introduction to issues facing this critical transportation channel Three all new chapters and updated throughout to reflect
changes in maritime security Increased coverage of migration issues and transnational crime New contributors bring legal
security and cybersecurity issues to the fore Fundamentals of Collection Development and Management, Fourth Edition
Peggy Johnson, 2018-07-23 Technical Services Quarterly declared that the third edition must now be considered the essential
textbook for collection development and management the first place to go for reliable and informative advice For the fourth
edition expert instructor and librarian Johnson has revised and freshened this resource to ensure its timeliness and continued
excellence Each chapter offers complete coverage of one aspect of collection development and management including
numerous suggestions for further reading and narrative case studies exploring the issues Thorough consideration is given to
traditional management topics such as organization of the collection weeding staffing and policymaking cooperative
collection development and management licenses negotiation contracts maintaining productive relationships with vendors
and publishers and other important purchasing and budgeting topics important issues such as the ways that changes in
information delivery and access technologies continue to reshape the discipline the evolving needs and expectations of

library users and new roles for subject specialists all illustrated using updated examples and data and marketing liaison activities and outreach As a comprehensive introduction for LIS students a primer for experienced librarians with new collection development and management responsibilities and a handy reference resource for practitioners as they go about their day to day work the value and usefulness of this book remain unequalled *Griffin, Fundamentals of Management, 4th Edition Plus Wall Street Journal 15 Week Subscription Card* Ricky Griffin, 2005-01-01
