George Lewis A Jazzman From New Orleans:

George Lewis Tom Bethell, 2022-04-29 George Lewis one of the great traditional jazz clarinetists was born in 1900 at about the same time that jazz itself first appeared in New Orleans And by the time he died on the last day of 1968 New Orleans jazz had pretty much run its course too By then a jazz museum stood on Bourbon Street and a cultural center was under construction where Globe Hall had stood Lewis's life thus paralleled that of New Orleans jazz and in his later years he was as the best known standard bearer of his city's music He came to the attention of the jazz world at the time of the so called New Orleans Revival of the 1940's when veteran trumpeter Bunk Johnson was recorded by a number of jazz enthusiasts notably William Russell In this new biography Tom Bethell challenges a favorite myth of the history of jazz that the music became moribund in New Orleans after the legal red light district Storyville was closed in 1917 resulting in most jazz musicians going up the river In fact Bethell shows many more jazzmen stayed in the city than left and the musical style continued to develop and grow Thus the jazz fans who arrived in the city in the early 1940's did not encounter a revival of an old style so much as an ongoing tradition with clarinetists like Lewis having been influenced by Benny Goodman and the Swing Era in addition to Lorenzo Tio and the Creole School After Bunk Johnson's death in 1949 at a time when many other social changes were beginning to be felt in the city the New Orleans jazz tradition began to go into a decline It became increasingly rigid and repetitive and was often designed to please what one observer called Dixieland fans yelling for their favorite members The book is based on lengthy research in New Orleans including interviews with George Lewis shortly before his death and unpublished material from the diaries kept by William Russell on his visits to New Orleans between 1942 and 1949 It also includes a statement by Lewis on jazz and the best way to play it and a complete Lewis discography This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1977

George Lewis Tom Bethell, 2023-11-10 George Lewis one of the great traditional jazz clarinetists was born in 1900 at about the same time that jazz itself first appeared in New Orleans And by the time he died on the last day of 1968 New Orleans jazz had pretty much run its course too By then a jazz museum stood on Bourbon Street and a cultural center was under construction where Globe Hall had stood Lewis's life thus paralleled that of New Orleans jazz and in his later years he was as the best known standard bearer of his city's music He came to the attention of the jazz world at the time of the so called New Orleans Revival of the 1940's when veteran trumpeter Bunk Johnson was recorded by a number of jazz enthusiasts notably William Russell In this new biography Tom Bethell challenges a favorite myth of the history of jazz that the music became moribund in New Orleans after the legal red light district Storyville was closed in 1917 resulting in most jazz musicians going up the river In fact Bethell shows many more jazzmen stayed in the city than left and

the musical style continued to develop and grow. Thus the jazz fans who arrived in the city in the early 1940s did not encounter a revival of an old style so much as an ongoing tradition with clarinetists like Lewis having been influenced by Benny Goodman and the Swing Era in addition to Lorenzo Tio and the Creole School. After Bunk Johnson's death in 1949 at a time when many other social changes were beginning to be felt in the city, the New Orleans jazz tradition began to go into a decline. It became increasingly rigid and repetitive and was often designed to please what one observer called Dixieland fans yelling for their favorite members. The book is based on lengthy research in New Orleans including interviews with George Lewis shortly before his death and unpublished material from the diaries kept by William Russell on his visits to New Orleans between 1942 and 1949. It also includes a statement by Lewis on jazz and the best way to play it and a complete Lewis discography. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology. This title was originally published in 1977.

Jazz à la Creole Caroline Vézina, 2022-11-29 Winner of the 2023 Award for Excellence for Best Historical Research in Recorded Jazz from the Association for Recorded Sound Collections. During the formative years of jazz, 1890-1917, the Creoles of Color as they were then called, played a significant role in the development of jazz as teachers, bandleaders, instrumentalists, singers, and composers. Indeed, music penetrated all aspects of the life of this tight-knit community proud of its French heritage and language. They played and/or sang classical, military, and dance music as well as popular songs and cantiques that incorporated African, European, and Caribbean elements decades before early jazz appeared. In *Jazz la Creole: French Creole Music and the Birth of Jazz*, the author describes the music played by the Afro-Creole community since the arrival of enslaved Africans in Louisiana, then a French colony, at the beginning of the eighteenth century, emphasizing the many cultural exchanges that led to the development of jazz. Caroline Vézina has compiled and analyzed a broad scope of primary sources found in diverse locations from New Orleans to Quebec City, Washington DC, New York City, and Chicago. Two previously unpublished interviews add valuable insider knowledge about the music on French plantations and the dances Creoles held in Congo Square after the Civil War. Musical and textual analyses of cantiques provide new information about the process of their appropriation by the Creole Catholics as the French counterpart of the Negro spirituals. Finally, a closer look at their musical practices indicates that the Creoles sang and improvised music and/or lyrics of Creole songs and that some were part of their professional repertoire. As such, they belong to the Black American and the Franco-American folk music traditions that reflect the rich cultural heritage of Louisiana.
