## George Orwell A Biography:

*George Orwell* Bernard Crick,1992 This is the biography of the English novelist and essayist George Orwell Orwell is the author of *Down and out in Paris* *Homage to Catalonia* *The Lion and the Unicorn* and *Nineteen Eighty Four* **Orwell** Richard Bradford,2021-05-13 A vivid portrait of the man behind the writings placing Orwell and his work at the centre of the current political landscape One of the most enduringly popular and controversial writers of the twentieth century George Orwell s work is as relevant today as it was in his own lifetime Possibly in the age of Brexit Trump and populism even more so *Doublethink* features in *Nineteen Eighty Four* and it is the forerunner to Fake News He foresaw the creation of the EU and more significantly he predicted that post Imperial xenophobia would cause Britain to leave it His struggle with his own antisemitism could serve as a lesson to today s Labour Party and while the Soviet Union is gone China has taken its place as a totalitarian superpower Aside from his importance as a political theorist and novelist Orwell s life is fascinating in its own right Caught between uncertainty and his family s upper middle class complacency Orwell grew to despise the class system that spawned him despite finding himself unable to fully detach himself from it His life thereafter mirrored the history of his country like many from his background he devoted himself to socialism as a salve to his conscience In truth he reserved as much suspicion and distaste for the proles as he did pity He died at the point when Britain s status as an Imperial and world power had waned but his work remains both prescient and significant **Orwell** Michael Shelden,1991 Based on original interviews previously undiscovered letters and documents and astute literary detective work acclaimed biographer Shelden shows the author of *George Orwell* Gordon Bowker,2013-03-14 Adds enormously to our understanding of the man *Evening Standard* George Orwell was one of the greatest writers England produced in the last century He left an enduring mark on our language and culture with concepts such as Big Brother and Room 101 His reputation rests not only on his political shrewdness and his sharp satires *Animal Farm* and *Nineteen Eighty Four* but also on his marvellously clear style and superb essays which rank with the best ever written Gordon Bowker s new biography includes fascinating new material which brings Orwell s life into unfamiliar focus He writes revealingly about Orwell s family background the lasting influence of Eton on his work and character his superstitious streak and youthful flirtation with black magic and his chaotic and reckless sex life which included at least one homoerotic relationship It highlights the strange circumstances of his first marriage and provides remarkable new evidence of his experiences in Spain and their nightmarish consequences It also offers a fresh look at his peculiar deathbed marriage to a woman fifteen years his junior All this has enabled Bowker to give Orwell s life a brilliantly fresh and distinctive interpretation George Orwell P. Davison,1996-03-08 This account of Orwell s life is chiefly concerned with what influenced Orwell his relations with publishers and editors and the analysis of certain key experiences the deposition that during the Spanish Civil War he was guilty of espionage and high treason his work at the BBC his interest in pamphlet literature and his time as a war correspondent There is a detailed assessment of his earnings

from 1922 to 1945 and a fresh look at his attitudes to class women and religious belief Special attention is paid to his essays
