Palliser,2018-04 GERMANY MUST PERISH is a book written by Theodore Newman Kaufman which he self published in 1941 in the United States The book advocated sterilization of all Germans and the territorial dismemberment of Germany believing that this would achieve world peace Germany Must Perish discussed the forced mass sterilization of all German men under 65 and the sterilization of most German women under 45 This would eliminate inbred Germanism he proposed thus solving a great deal of humanity s problems The Nazi Party used the book written by a Jewish author to support their argument that Jews were plotting against their country Includes Kaufman s other writings A Will and Way to Peace Passive Purchase 1939 Passive Purchase advocated the establishment of a two week period during which Americans would curtail their spending in order to demonstrate public opposition to American intervention in European conflicts No More German Wars Being An Outline For Their Permanent Cessation 1942 Being an outline for their permanent cessation It contained no more writing on the sterilization of Germans or discussion of German land distribution but made very moderate proposals for democratic re education of the German population [Germany Must Perish!](#)

Theodore N. Kaufman,1941 **Germany Must Perish!** Theodore Kaufman,Wolfgang Diewerge,2013-11-14 The March 1941 publication of Germany Must Perish provoked one of the most intense propaganda exchanges of World War II The book written by an American Jew Theodore Kaufman advocated the physical destruction of the German people through mass sterilization and the total dismemberment of the German state Because of Kaufman s claimed links to the policy advisors of the American president Germany s reaction to the plan was swift Nazi Propaganda Minister Joseph Goebbels ordered a rebuttal and analysis written of Kaufman s book and this featured in much Home Front propaganda for the rest of the war Ironically significant sections of Kaufman s book despite being dismissed as the work of a loner came true at the end of the war At least 12 million Germans were expelled from their land following the end of the war and their deportation became the single largest transfer of any population in modern European history The majority were expelled from the German territories in the eastern territories of Germany which were handed over to Poland and the Soviet Union about 7 million and from Czechoslovakia about 3 million It is estimated that up to two million Germans died during these expulsions In one sense at least Kaufman s predictions came true This version contains for the first time published together the full text of Kaufman s original work and Nazi Germany s official reaction to it A fascinating historical document which provides an insight into the mindsets on both sides of that great and awful conflict Contents Part I Germany Must Perish A leading American Jewish leader calls for the physical extermination of Germans and Germany Part II The War Goal of World Plutocracy A leading Nazi author analyzes and answers Kaufman s book *Germany Must Perish!* Theodore N. Kaufman,1999 **The Jewish Enemy** Jeffrey Herf,2008-04-30 The sheer magnitude of the Holocaust has commanded our attention for the past sixty years The extent of atrocities however has overshadowed the calculus Nazis used to justify their deeds According to German wartime

media it was German citizens who were targeted for extinction by a vast international conspiracy. Leading the assault was an insidious belligerent Jewish clique so crafty and powerful that it managed to manipulate the actions of Roosevelt, Churchill, and Stalin. Hitler portrayed the Holocaust as a defensive act, a necessary move to destroy the Jews before they destroyed Germany. Joseph Goebbels, Minister of Propaganda, and Otto Dietrich's Press Office translated this fanatical vision into a coherent cautionary narrative which the Nazi propaganda machine disseminated into the recesses of everyday life. Calling on impressive archival research, Jeffrey Herf recreates the wall posters that Germans saw while waiting for the streetcar, the radio speeches they heard at home or on the street, the headlines that blared from newsstands. *The Jewish Enemy* is the first extensive study of how anti-Semitism pervaded and shaped Nazi propaganda during World War II and the Holocaust, and how it pulled together the diverse elements of a delusory Nazi worldview. Here we find an original and haunting exposition of the ways in which Hitler legitimized war and genocide to his own people as necessary to destroy an allegedly omnipotent Jewish foe. In an era when both anti-Semitism and conspiracy theories continue to influence world politics, Herf offers a timely reminder of their dangers along with a fresh interpretation of the paranoia underlying the ideology of the Third Reich.

Germany Must Perish! Nathan Kaufman, 1970 *Democracy Imposed* Professor Bruce A. Williams, Richard L.

Merritt, 1995-01-01 How successful was the United States in attempting to impose a democratic system on Germany after the Second World War? Did U.S. occupation policy actually change German society and attitudes? In this book, Richard L. Merritt addresses these questions from a novel perspective. Instead of studying what German political leaders and intellectuals thought about the U.S. occupation, Merritt explores for the first time the response of the ordinary German people, analyzing data from public opinion surveys conducted largely by the American Military Government beginning in 1945. *The Ruling Elite* Deanna Spingola, 2014 Providing a general overview of the accurate history of World War II, which was essentially a continuation of World War I with the same saber-rattling participants, *The Ruling Elite* describes the circumstances leading up to World War II. Author Deanna Spingola discusses how the diaspora of international bankers living and prospering in Britain, France, and America influenced greedy, compromised, and complicit politicians in those nations. *The Ruling Elite* explains that through deceptive propaganda, those politicians persuaded naive citizens to wage war against Germany, a peace-loving nation whose leaders were uncooperative with the bankers, which led to World War I. Following that war, German officials rejected the bankers and their money-lending scheme to save their nation and its citizens from the burden of debt. The aftermath of World War II, a deadly war that killed millions and imposed communism in numerous countries, impacted every banker-occupied country in various ways: culturally, morally, politically, and economically. Researched through historical documents and scholarly works, *The Ruling Elite* describes how warmongers regularly project their criminal activities onto others, frequently blaming the victim, whether an individual or a nation. Spingola offers an unbiased look at World War II, beginning with Hitler and the rebirth of Germany through the aftermath of the war. *The Scourge of*

Theodore N. Kaufmann, 1941 **The Spectator** ,1909 **Holocaust** Peter Longerich, 2010-04-14 A comprehensive history of the Nazi persecution and murder of European Jews paying detailed attention to an unrivalled range sources Focusing clearly on the perpetrators and exploring closely the process of decision making Longerich argues that anti-Semitism was not a mere by product of the Nazis political mobilization or an attempt to deflect the attention of the masses but that anti Jewish policy was a central tenet of the Nazi movement s attempts to implement disseminate and secure National Socialist rule and one which crucially shaped Nazi policy decisions from their earliest days in power through to the invasion of the Soviet Union and the Final Solution As Longerich shows the disappearance of Jews was designed as a first step towards a racially homogeneous society first within the Reich later in the whole of a German dominated Europe The Importance of Race in Civilization Wayne MacLeod, FDR and the Jews Richard Breitman, Allan J. Lichtman, 2013-03-19 A contentious debate

lingers over whether Franklin Delano Roosevelt turned his back on the Jews of Hitler's Europe FDR and the Jews reveals a concerned leader whose efforts on behalf of Jews were far greater than those of any other world figure but whose moral leadership was tempered by the political realities of depression and war Anti-Semitism and the Holocaust Beth A. Griech-Polelle, 2023-01-26 Appreciating the power of language and how discriminatory words can have deadly consequences is pivotal to our understanding of the Holocaust Engaging with a wealth of primary sources and significant Holocaust scholarship Anti-Semitism and the Holocaust traces the historical tradition of anti-Semitism to explore this in detail From religious anti-Semitism in ancient Rome to racially led anti-Semites focused on building superior nation states in 19th century Europe to Hitler's vitriolic attacks Griech-Polelle analyzes how tropes and stereotypes incited suspicion dislike and hatred of the Jews and ultimately how this was used to drive anti-Semitic feeling toward genocide Crucially this 2nd edition sheds further light on the everyday experience of ordinary Germans and Jews under the Nazi regime with new chapters examining the role of the Christian Churches in Hitler's persecution of the Jews and those who participated in rescue work and resistance more broadly With new illustrations a detailed glossary and up to date further reading suggestions and questions this 2nd edition provides a concise and lucid survey of European Jewry the Holocaust and the language of anti-Semitism

Hitler's Ideology Richard A. Koenigsberg, 2007-12-01 Originally published as Hitler's Ideology A Study in Psychoanalytic Sociology Why did Hitler initiate the Final Solution and take Germany to war Based on analysis of Hitler's rhetoric the words images and metaphors contained within his writing and speeches Koenigsberg's study reveals the hidden narratives that were the source of Hitler's ideology and the Holocaust Koenigsberg's book was the first to study political rhetoric from the perspective of embodied metaphor Conceiving of the Jew as a force of disintegration parasite and as a bacteria within the German body politic the Final Solution represented a struggle to destroy the source of Germany's disease and thereby to save the nation Hitler often is thought of as an anomaly Koenigsberg's classic study demonstrates that Hitler acted based on the conventional ideology of nationalism devotion to one's nation and a desire to destroy its enemies willingness to die and kill to sacrifice lives in the name of a sacred object Hitler's actions the history he created followed as a logical consequence of the ideology that he promoted Hitler imagined that by destroying the Jewish disease source of death Germany might live forever The Final Solution grew out of a fantasy about an immortal body politic Richard Koenigsberg received his Ph.D. in Social Psychology from the Graduate Faculty of the New School for Social Research He has been writing and lecturing on Hitler Nazism and the Holocaust for nearly forty years Formerly a Professor of Behavioral Science he presently is Director of the Center for the Study of War Genocide and Terrorism His online writings have generated excitement throughout the world

Germans against Germans Moshe Zimmermann, 2022-12-06 Among the many narratives about the atrocities committed against Jews in the Holocaust the story about the Jews who lived in the eye of the storm the German Jews has received little attention Germans against Germans The Fate of the Jews 1938-1945 tells this story how Germans declared war against other

Germans that is against German Jews Author Moshe Zimmermann explores questions of what made such a war possible How could such a radical process of exclusion take place in a highly civilized modern society What were the societal mechanisms that paved the way for legal discrimination isolation deportation and eventual extermination of the individuals who were previously part and parcel of German society Germans against Germans demonstrates how the combination of antisemitism racism bureaucracy cynicism and imposed collaboration culminated in the final solution The T.P.A.
