Intelligence Matters:

Intelligence Matters Senator Bob Graham, Jeff Nussbaum, 2008-09-11 Shining much needed light on areas the 9 11 Commission preferred to keep dark *Intelligence Matters* chronicles the efforts of a historic joint House Senate inquiry to get to the bottom of our intelligence failures on that infamous day in 2001 Originally published in 2004 amid the media circus surrounding The 9 11 Commission Report it told more than a riveting tale it also provided an unflinching expos of failure incompetence and deceit at the highest levels of our government The Joint Inquiry co chaired by Senator Bob Graham D Florida was the first and arguably most effective government body to investigate the horrendous 2001 attacks Indeed it helped compel a reluctant George W Bush to establish the 9 11 Commission But while both investigations sharply criticized the failures of our nation s intelligence establishment only Graham s dared to challenge the Bush administration on a number of troubling points especially the apparent complicity of Saudi officials in the events of 9 11 the subsequent protection provided by President Bush for a large number of Saudis including members of the bin Laden family and the run up to the Iraq War which Graham voted against The original work combined a compelling narrative of 9 11 with an insightful eyewitness chronicle of the Joint Inquiry s investigation conclusions and recommendations Sharply critiquing the failures at the CIA FBI and the White House and detailing at least twelve occasions when the 9 11 plot could have been stopped it concluded with a clear plan for overhauling our intelligence and national security establishment For this paperback edition Graham has added a substantial new preface and postscript that lucidly examine how effectively the nation has responded or failed to respond to the Joint Inquiry s recommendations This edition restores *Intelligence Matters* to its rightful place as one of the key texts on the subject of 9 11 and provides a grim reminder of the challenges that remain for us in the war on terror
