*Teletechnologies, Place, and Community* Rowan Wilken,2014-02-07 Teletechnologies or technologies of distance cannot be ignored Indeed the present electronic age is said to have wrought profound changes to how we think about and experience who we are where we are and how we relate with one another Place and community have traditionally formed key concepts for thinking about these issues but what relevance do these concepts now hold for us In this wide ranging study Wilken re evaluates how ideas of place and community intersect with and help us make sense of a world transformed by information and communication technologies This interdisciplinary investigation ranges across diverse textual and contextual

terrain exploring approaches from media and communications architectural history and theory philosophy sociology geography literature and urban design The rich analysis of these myriad texts reveals the complex and at times contradictory ways in which notions of place and community circulate in relation to these technologies of distance Wilken's examination underscores both the enduring importance of ideas of place and community in the present age and the urgent need to continue to engage with think about and reconfigure these twin ideas World Architecture, 1997 Splintering Urbanism Steve Graham, Simon Marvin, 2002-09-11 Splintering Urbanism makes an international and interdisciplinary analysis of the complex interactions between infrastructure networks and urban spaces It delivers a new and powerful way of understanding contemporary urban change bringing together discussions about globalization and the city technology and society urban space and urban networks infrastructure and the built environment developed developing and post communist worlds With a range of case studies illustrations and boxed examples from New York to Jakarta Johannesburg to Manila and Sao Paolo to Melbourne Splintering Urbanism demonstrates the latest social urban and technological theories which give us an understanding of our contemporary metropolis **Retail and the Artifice of Social Change** Steven Miles, 2015-11-06 In Retail and Social Change Steven Miles presents a cross disciplinary analysis of the evolution of retail and how in both its material and virtual guises it has come to reframe our relationship with the social world Retail has become increasingly influential in homogenising the urban experience And yet in reacting to trends in virtual consumption retailers are also becoming more and more conscious of the need to engage with consumers in more sophisticated ways Retail and Social Change will interest students and scholars in geography cultural studies sociology marketing and business studies interested in how and why retail pervades both our physical and emotional lives in increasingly unexpected ways It will provide a lively comparative and thought provoking contribution that interrogates the implications of retail change for what it means to be a citizen of a consumer society in the twenty first century **Road Map for National Security** United States Commission on National Security/21st Century, 2001 After our examination of the new strategic environment of the next quarter century Phase I and of a strategy to address it Phase II this Commission concludes that significant changes must be made in the structures and processes of the U S national security apparatus Our institutional base is in decline and must be rebuilt Otherwise the United States risks losing its global influence and critical leadership role We offer recommendations for organizational change in five key areas ensuring the security of the American homeland recapitalizing America's strengths in science and education redesigning key institutions of the Executive Branch overhauling the U S government's military and civilian personnel systems and reorganizing Congress's role in national security affairs P xiii *History of Interior Design* John Pile, Judith Gura, 2013-11-11 This classic reference presents the history of interior design from prehistory to the present Exploring a broad range of design styles and movements this revised and expanded edition includes coverage of non Western design and vernacular interior architecture and features 665 photographs and drawings color and black and white A History
