High-Stakes Testing R. Murray Thomas, 2005-03-23 The federal government's No Child Left Behind Act has thrust high stakes testing its goals methods and consequences into the

educational limelight The four fold purpose of this book is to describe the nature of high stakes testing identify types of collateral damage that have attended the testing programs analyze methods different groups of people have chosen for coping with the damage and suggest lessons to be learned from the high stakes testing experience The six groups of people whose coping strategies are inspected include politicians and their staffs educational administrators and their staffs parents and the public test makers and test administrators teachers and students Importantly the author avoids aligning himself with the test bashing rhetoric of those who oppose high stakes testing especially the No Child Left Behind Act Key features of this outstanding new book include illustrative cases The book offers more than 350 cases of collateral damage from high stakes testing and people s coping strategies as reported in newspapers over the 2002 2004 period background perspectives Part I examines the influence of high stakes testing on 1 what schools teach 2 how student progress is evaluated 3 how achievement standards are set and 4 how test results are used participant responses Part II which is the heart of the book devotes a separate chapter to the coping strategies of each of the major participants in the high stakes testing movement politicians and their staffs educational administrators and their staffs parents and the public test makers and test givers teachers and students summary chapter The last chapter Lessons to Learn offers suggestions for minimizing collateral damage by adopting alternative approaches not used in the creation of our current high stakes testing programs particularly the federal government s No Child Left Behind Act This book is appropriate for any of the following audiences students taking evaluation or administration courses in schools of education inservice administrators and teachers policy makers and those members of the general public who are concerned about the fate of schooling in America Focus on Teaching

Neville Bennett,1979 **Feminist Visions of Gender Similarities and Differences** Meredith M. Kimball,1995 Winner of the Distinguished Publication Award 1996 from the Association for Women in Psychology Feminist Visions of Gender Similarities and Differences opens a dialectic between the two traditions of feminism similarities based and differences based and generates useful scientific political and psychological tensions Psychologists and scholars can benefit from Meredith Kimball s analysis and the tensions she creates because they ultimately broaden feminist visions She informs the political analysis of those working on the inside and those on the outside of feminism to end all forms of discrimination and oppression In opening the dialogue between the two traditions Kimball presents a brief history of gender research and equal rights feminisms in the early twentieth century with an in depth analysis of the work of Leta Stetter Hollingworth analyzes women s experience in and feminist critiques of science and technology analyzes research on gender related similarities and differences in mathematics achievement presents a brief history of psychoanalytic gender theory and maternal feminisms in the early twentieth century with an in depth analysis of the work of Karen Horney analyzes Kohlberg s and Gilligan s models of moral development gives a broad overview and analysis of women s caregiving in North America and cross culturally in motherist based political movements The educated reader whether actively involved in feminism or the general political

arena can apply the non reductionist political analysis to their own theories and research Because all oppressed groups face dilemmas of integrating into the dominant culture versus changing the dominant culture members of these groups will appreciate the over arching political analysis that forms the theme of Feminist Visions of Gender Similarities and Differences
