MacQueen,2023-10-20 This book explores the rise of a Scottish common law from the twelfth century on despite the absence until around 1500 of a secular legal profession Key stimuli were the activity of church courts and canon lawyers in Scotland coupled with the example provided by neighbouring England s common law The laity s legal consciousness arose from exposure to law by way of constant participation in legal processes in court and daily transactions This experience enabled some to become judges pleaders in court and transactional lawyers and lay the foundations for an emergent professional group by the end of the medieval period *South West Scotland* Tom Atkinson,2024-05-08 The lovely land of hills moors and beaches is bounded by the Atlantic and the Solway Steeped in history and legend still unspoiled it is a land whose peace and grandeur are at least comparable to the Highlands and yet it is hardly known No area of Scotland better repays exploration than this From the Auld Kirk of Alloway where tales of Tam O Shanter resound to the legends of St Ninian at one of Scotland s earliest Christian sites Whithorn this region is lovingly described by a local author who will explore with you the splendour of Culzean Castle and delights of Wanlockhead Scotland s highest village **The Munros and Tops** Chris Townsend,2013-05-24 When Chris Townsend reached the summit of Ben Hope in Sutherland he walked his way into the record books After 118 days in which he had covered more than 1 700 miles and climber over 575 000 feet he had completed the first single continuous journey of all 277 Munros and 240 Tops in the Scottish Highlands This is the story of that remarkable walk from the start on Ben More on the Isle of Mull through to the finish the equivalent of climbing Mount Everest 18 times For the author the real enjoyment of the walk was not in counting up the summits or the miles but in spending week after week in the hills and living in the wilds In THE MUNROS AND TOPS Chris Townsend recalls the joys of observing the birds and animals the trees and flowers the changing shapes of the hills and the play of light on their slopes He writes about the complexities of route finding and the challenge of rugged terrain and of coping with often atrocious weather conditions Illustrated with photographs taken during the walk this is a stirring account of a unique achievement
