Doggin' Delaware Doug Gelbert, 2005-06 Have you ever considered how far you walk with your dog? If you walk your dog just 15 minutes a day in your dog's lifetime you will walk far enough to cross the entire United States. With all that walking ahead of you don't you think you'll be looking for some new places to walk? Delaware is a great place to hike with your dog. Within its compact borders you can take your dog on sandy beach trails, climb hills that will set you and your dog to panting, explore some of the most historic grounds in America, tour the estates of some of the country's wealthiest families and circle lakes for seven miles and never lose sight of water. **DOGGIN' DELAWARE: THE 40 BEST PLACES TO HIKE WITH YOUR DOG IN THE FIRST STATE** finds just such places and evaluates them with your best friend in mind. Also included are rules for

Delaware's beaches, Delaware dog parks, outfitting your dog for a hike, low impact hiking and more. Woodswoman Anne LaBastille, 1991-10-11 Ecologist Anne LaBastille created the life that many people dream about. When she and her husband divorced she needed a place to live. Through luck and perseverance she found the ideal spot: a 20-acre parcel of land in the Adirondack mountains where she built the cozy primitive log cabin that became her permanent home. Miles from the nearest town LaBastille had to depend on her wits, ingenuity and the help of generous neighbors for her survival. In precise poetic language she chronicles her adventures on Black Bear Lake, capturing the power of the landscape, the rhythms of the changing seasons and the beauty of nature's many creatures. Most of all she captures the struggle to balance her need for companionship and love with her desire for independence and solitude. Woodswoman is not simply a book about living in the wilderness; it is a book about living that contains a lesson for us all. A Bark in the Park Matt Danielsson, Krissi

Danielsson, 2003-09 **The Hiking Book From Hell** Are Kalvø, 2022-05-31 For fans of Bill Bryson and David Sedaris comes an anti-nature memoir that will resonate with anyone who would rather stay inside with a book than venture into the mountains from one of Scandinavia's biggest comedians. A smart, funny and honest exposé of the cult of the outdoors from the sublime to the ridiculous. Foreword Reviews. Sometime around his forties Are Kalvø starts losing his friends to the mountains. Friends who used to meet him at the pub are now hiking and skiing every weekend and when they do show up all they talk about is feeling at one with nature without a hint of irony. When Are realizes he's the only person who hasn't posted a selfie on a mountain he starts to wonder: does he have it all wrong? To find out Are buys some ridiculously expensive gear and heads into the woods. The result of his sardonic trek is at once a smart and funny take-down of outdoors culture and a reluctant surrender to nature's undeniable pull. An adventure, a comedy and a tragedy. **The Hiking Book from Hell** is destined to become a nature writing and nature hating classic. The hiker Th. Om, 2023-02-05 A couple living in Frankfurt, the knotpoint of money decides to walk the Camino del Norte. They meet The Hiker. The truth that is told to them out of the explanations he makes shows a new understanding of the world for them. **Hiking the Trail of Truth** Mark Stephen Taylor, 2009-02
