worked as an expert collaborator on Pixar's *Inside Out 2*. An invaluable read for anyone who has girls, works with girls, or cares about girls for everyone. Claire Shipman, author of *The Confidence Code* and *The Confidence Code for Girls*. Though anxiety has risen among young people, overall studies confirm that it has skyrocketed in girls. Research finds that the number of girls who said that they often felt nervous, worried, or fearful jumped 55 percent from 2009 to 2014, while the comparable number for adolescent boys has remained unchanged. As a clinical psychologist who specializes in working with girls, Lisa Damour, Ph.D., has witnessed this rising tide of stress and anxiety in her own research in private practice and in the all-girls school where she consults. She knew this had to be the topic of her new book. In the engaging anecdotal style and reassuring tone that won over thousands of readers of her first book, *Untangled*, Damour starts by addressing the facts about psychological pressure. She explains the surprising and underappreciated value of stress and anxiety that stress can helpfully stretch us beyond our comfort zones and anxiety can play a key role in keeping girls safe. When we emphasize the benefits of stress and anxiety, we can help our daughters take them in stride. But no parents want their daughter to suffer from emotional overload, so Damour then turns to the many facets of girls' lives where tension takes hold: their interactions at home, pressures at school, social anxiety among other girls and among boys, and their lives online. As readers move through the layers of girls' lives, they'll learn about the critical steps that adults can take to shield their daughters from the toxic pressures to which our culture, including we as parents, subjects girls. Readers who know Damour from *Untangled* or the *New York Times* or from her regular appearances on CBS News will be drawn to this important new contribution to understanding and supporting today's girls. Praise for *Under Pressure*: Truly a must read for parents, teachers, coaches, and mentors wanting to help girls along the path to adulthood. Julie Lythcott Haims, *New York Times* bestselling author of *How to Raise an Adult*. *Bullying in North American Schools*, Dorothy L. Espelage, Susan M. Swearer, 2010-10-18. This book provides an exciting compilation of research with a social ecological perspective that illustrates the complexity of bullying behaviors and offers suggestions for data-based decision making to intervene and reduce those behaviors. **Winsome Persuasion**, Tim Muehlhoff, Richard Langer, 2017-06-13. The task of bearing faithful witness to Jesus in our post-Christian society is complicated. What should our interactions with the dominant cultural ethos look like? How might we be both persuasive and civil? Integrating communications and theology, this model for cultural engagement offers a compelling vision of public engagement that is both shrewd and gracious. **Encyclopedia of Interpersonal Violence**, Claire M.
