Hot Buttons Carol Bostrom,1986 Shaking the World for Jesus Heather Hendershot,2010-03-15 In 1999 the Reverend Jerry Falwell outed Tinky Winky the purple character from TV s Teletubbies Events such as this reinforced in many quarters the common idea that evangelicals are reactionary out of touch and just plain paranoid But reducing evangelicals to such caricatures does not help us understand their true spiritual and political agendas and the means they use to advance them Shaking the World for Jesus moves beyond sensationalism to consider how the evangelical movement has effectively targeted Americans as both converts and consumers since the 1970s Thousands of products promoting the Christian faith are sold to millions of consumers each year through the Web mail order catalogs and even national chains such as Kmart and Wal Mart Heather Hendershot explores in this book the vast industry of film video magazines and kitsch that evangelicals use to spread their message Focusing on the center of conservative evangelical culture the white middle class Americans who can afford to buy Christian lifestyle products she examines the industrial history of evangelist media the curious subtleties of the products themselves and their success in the religious and secular marketplace To garner a wider audience Hendershot argues evangelicals have had to carefully temper their message But in so doing they have painted themselves into a corner In the postwar years evangelical media wore the message of salvation on its sleeve but as the evangelical media industry has grown many of its most popular products have been those with heavily diluted Christian messages In the eyes of many followers the evangelicals who purvey such products are sellouts hucksters more interested in making money than spreading the word of God Working to understand evangelicalism rather than pass judgment on it Shaking the World for Jesus offers a penetrating glimpse into a thriving religious phenomenon **Hot Buttons** ,1987-08 *The Christian Librarian* ,1983
