**Field Guide to the Apocalypse** Meg Marco, 2009-12-01 the end is near Surviving the apocalypse is one thing Enjoying life after most of civilization is wiped out that's entirely different Maybe you can outrun an avalanche or escape a burning building but can you really cut it after the unthinkable happens Can you for example deal with damn dirty apes convert your car to run on bathtub gin or synthesize a species saving vaccine from your own mucus No Obviously it's not going to be as easy as you thought to come out of Armageddon as the new ruling king of the world Any chump off the street could be lucky enough to have the immunity to survive the all of humanity killing disease or be the one dude who happens to make it through a meteor strike But not everyone will know what clothes to wear to intimidate or what kind of vehicle you want to be driving in the postapocalyptic wasteland Not everyone will have the sense to discern whether their food is in fact people You can survive the apocalypse without this book But the apocalypse isn't the problem It's what happens afterward You against the other people left in the world You'd better be prepared
