**American Houses: Literary Spaces of Resistance and Desire**, 2022-08-15 Already in 1854 Henry David Thoreau had declared in *Walden* that Most men appear never to have considered what a house is 225 Like Thoreau many other renowned American writers have considered what houses are and particularly what houses do and they have created fictional dwellings that function not only as settings but as actual central characters in their works The volume is specifically concerned with the structure the organization and the objects inside houses and argues that the space defined by rooms and their contents influences the consciousness the imaginations and the experiences of the humans who inhabit them Winner of the Spanish Association for American Studies Javier Coy Award 2022 for best edited volume Contributors are Cristina Alsina R squez Rodrigo Andr s Vicent Cucarella Ramon Arturo Corujo Mar Gallego Ian Green Michael Jonik Wyn Kelley Cynthia Lytle Carme Manuel Paula Mart n Salv n Elena Ortells Eva Puyuelo Ure a Dolores Resano and Cynthia Stretch

Hero or Villain? Abigail G. Scheg, Tamara Girardi, 2017-11-21 One dimensional television characters are a thing of the past today s popular shows feature intricate storylines and well developed characters From the brooding Damon Salvatore in *The Vampire Diaries* to the tough minded Rick Grimes in *The Walking Dead* protagonists are not categorically good antagonists often have relatable good sides and heroes may act as antiheroes from one episode to the next This collection of new essays examines the complex characters in *Orange Is the New Black* *Homeland* *Key Peele* *Oz* *Empire* *Breaking Bad* *House* and *Buffy the Vampire Slayer*

Bottleneck Caroline Melly, 2017-10-17 In *Bottleneck* anthropologist Caroline Melly uses the problem of traffic bottlenecks to launch a wide ranging study of mobility in contemporary urban Senegal a concept that she argues is central to both citizens and the state s visions of a successful future Melly opens with an account of the generation of urban men who came of age on the heels of the era of structural adjustment a diverse cohort with great dreams of building moving and belonging but frustratingly few opportunities to do so From there she moves to a close study of taxi drivers and state workers and shows how bottlenecks physical and institutional affect both The third section of the book covers a seemingly stalled state effort to solve housing problems by building large numbers of concrete houses while the fourth takes up the thousands of migrants who attempt sometimes with tragic results to cross the Mediterranean on rickety boats in search of new opportunities The resulting book offers a remarkable portrait of contemporary Senegal and a means of theorizing mobility and its impossibilities far beyond the African continent

**Crackup** Samuel L. Popkin, 2021 Samuel L Popkin applies his extensive experience with presidents and presidential campaigns to provide a lively extensively researched story of the contemporary Republican Party He shows how reforms intended to take corporate money out of political parties ended up crippling party leadership rendering them

unable to cope with a new political landscape In their stead the machinations of billionaires pursuing pet issues and purity for profit activists thrived As Popkin lays bare party rebels such as Ted Cruz exploited these forces to block immigration and healthcare reform opening the door for Trump s election      *Creating a Lasting Impact* R.W. **The End of Everything** Megan Abbott,2011-07-07 From the award winning author of *The Turnout* and *Dare Me* a mesmerizing psychological thriller about a teenage girl who disappears during a 1980s suburban summer Los Angeles Times Thirteen year old Lizzie Hood and her next door neighbor Evie Verver are inseparable They are best friends who swap bathing suits and field hockey sticks and share everything that s happened to them Together they live in the shadow of Evie s glamorous older sister Dusty who provides a window on the exotic intoxicating possibilities of their own teenage horizons To Lizzie the Verver household presided over by Evie s big hearted father is the world s most perfect place And then one afternoon Evie disappears The only clue a maroon sedan Lizzie spotted driving past the two girls earlier in the day As a rabid giddy panic spreads through the Midwestern suburban community everyone looks to Lizzie for answers Was Evie unhappy troubled upset Had she mentioned being followed Would she have gotten into the car of a stranger Lizzie takes up her own furtive pursuit of the truth prowling nights through backyards peering through windows pushing herself to the dark center of Evie s world Haunted by dreams of her lost friend and titillated by her own new power at the center of the disappearance

Lizzie uncovers secrets and lies that make her wonder if she knew her best friend at all The Life of the Rev. Henry Montgomery John A. Crozier,2024-01-28 Reprint of the original first published in 1875 **Digital Draw Connections** Fabio Bianconi,Marco Filippucci,2021-04-27 This book stems from the seminal work of Robert Venturi and aims at re projecting it in the current cultural debate by extending it to the scale of landscape and placing it in connection with representative issues It brings out the transdisciplinary synthesis of a necessarily interdisciplinary approach to the theme aimed at creating new models which are able to represent the complexity of a contradictory reality and to redefine the centrality of human dimension As such the volume gathers multiple experiences developed in different geographical areas which come into connection with the role of representation Composed of 43 chapters written by 81 authors from around the world with an introduction by Jim Venturi and Cezar Nicolescu the volume is divided into two parts the first one more theoretical and the other one which showcases real world applications although there is never a total split between criticism and operational experimentation of research *Ghost Times Two* Carolyn Hart,2016-10-04 Carolyn Hart New York Times bestselling author of *Ghost to the Rescue* returns with a new Bailey Ruth Ghost Novel in which one woman shatters the glass ceiling with a little help from beyond Bailey Ruth Raeburn s latest mission is to guide the happy go lucky spirit of a deceased young man named Jimmy to the next life But Jimmy is determined to watch over his still living girlfriend Megan whom he wants to be happy even without him which is easier said than done As if being haunted by her late boyfriend wasn t enough Megan is dealing with an arrogant manipulative senior partner who threatens to fire Megan s vulnerable secretary if Megan accepts a partnership at another law firm She s in an impossible bind Since Jimmy refuses to move on while Megan is being blackmailed Bailey Ruth agrees to help him But after the partner turns up dead and Megan is found at the crime scene Bailey Ruth and Jimmy have to find a way to uncover a killer before the love of Jimmy s life is ordered to spend a lifetime behind bars *Becoming Bucky Fuller* Loretta Lorange,Richard Buckminster Fuller,2009 Concerned with the origins and development of the Dymaxion House project as well as Fuller s public persona the author uses Buckminster Fuller s archives particularly the multivolume Chronofile to construct a history parallel to the accepted sequence of events Far Gone Laura Griffin,2014-04-15 Andrea Finch is a rising star in the Austin police department until a split second decision derailed her career On leave from her job she gets an urgent call from her younger brother Andrea s search for answers takes her to a dusty Texas border town where nothing is quite what it seems FBI agent Jon North is working undercover in west Texas investigating an unsolved murder that may be linked to a broader plot When the evidence points to Andrea s brother they race to confront a heartless killer who will stop at nothing to deliver a final terrifying message *My Inspiration from Life in New York* Alex Kwok,2014-04-11 This book is not about preaching a sermon or missionary indoctrination It is merely an effort at truthfully recording a narrative to present the subject matters that I care about with the relevant preventive means to be shared by other people as points of reference it is hoped that those who have read this book would be able to use my

case study as reference in their personal life journey so that they won't feel being alone hence able to live their lives with added vitality and colors whilst reducing the incidents of unnecessary anxiety and anguish      ABSOLUTE EMPOWERMENT Frank Fracasso, 2023-10-10 This manuscript electrifies you with crisp ideas For the first time you gain extraordinary insights into your personal social spiritual and commercial growth The text serves as a model for achieving total success The exclusive framework of ABSOLUTE EMPOWERMENT shatters barriers to higher success which psychological physiological and metaphysical methods do not overcome The subject matter proves that you can balance multiple core values fulfill your numerous desires and maintain them with poise throughout your life      **Losing Site** Shelley Hornstein, 2011-01-01 As Ruskin suggests in his Seven Lamps of Architecture We may live without architecture and worship without her but we cannot remember without her We remember best when we experience an event in a place But what happens when we leave that place or that place no longer exists This book addresses the relationship between memory and place and asks how architecture captures and triggers memory It explores how architecture exists as a material object and how it registers as a place that we come to remember beyond the physical site itself It questions what architecture is in the broadest sense assuming that it is not simply buildings Rather architecture is considered to be the mapping of physical mental or emotional space The idea that we are all architects in some measure as we actively organize and select pathways and markers within space is central to this book's premise Each chapter provides a different example of the manifold ways in which the physical place of architecture is curated by the architecture in our mental space our imaginary toolbox when we think of a place and look at a photograph or visit a site and describe it later or send a postcard By connecting architecture with other disciplines such as geography visual culture sociology and urban studies as well as the fine and performing arts this book puts forward the idea that a conversation about architecture is not exclusively about formal isolated buildings but instead must be deepened and broadened as spatialized visualizations and experiences of place      **The World's Work**, 1912 A history of our time
