A masterful modern day family saga about the valleys between wealth and poverty and reality and fantasy. Students Mentoring Students in K-8 Classrooms Diane Vetter, 2023-06-07 Today's students bring with them to the classroom a wide variety of understandings and ways of knowing. Sharing this richness of understanding as well as students' unique ways of looking at challenges, solving problems, and interpreting the world adds an incredible depth and meaning to all types of classroom learning. This thoughtful guide offers authentic, meaningful, and purposeful activities that will lead students to share their thinking and to support and mentor each other emotionally, socially, and academically. It explores numerous ways to create opportunities for shared learning, mentoring partnerships, and expanding student horizons.

Thinking Through the Arts Wendy Schiller, 2004-06 *Thinking Through the Arts* draws together a number of different approaches to teaching young children that combine the experience of thinking with the act of expression through art. Developed as an inclusive, broad-ranging, and user-friendly text, *Thinking Through the Arts* presents the unique insight of teachers as researchers and counters the view that art is emotionally based and therefore irrelevant to thinking and learning. The areas covered include drama, dance, music, arts environments, technologies, museums, and galleries; literacy, cognition, international influences, curriculum development, research, and practice. Early childhood and primary teachers and students alike will find this book an invaluable source of new insights for their own teaching.
