House On Fontanka:

The Word that Causes Death's Defeat Anna Andreevna Akhmatova, Анна Андреевна Ахматова, 2004-01-01 Anna Akhmatova 1889 1966 one of twentieth century Russia's greatest poets was viewed as a dangerous element by post Revolution authorities One of the few unrepentant poets to survive the Bolshevik revolution and subsequent Stalinist purges she set for herself the artistic task of preserving the memory of pre Revolutionary cultural heritage and of those who had been silenced This book presents Nancy K Anderson's superb translations of three of Akhmatova's most important poems Requiem a commemoration of the victims of Stalin's Terror The Way of All the Earth a work to which the poet returned repeatedly over the last quarter century of her life and which combines Old Russian motifs with the modernist search for a lost past and Poem Without a Hero widely admired as the poet's magnum opus Each poem is accompanied by extensive commentary The complex and allusive Poem Without a Hero is also provided with an extensive critical commentary that draws on the poet's manuscripts and private notebooks Anderson offers relevant facts about the poet's life and an overview of the political and cultural forces that shaped her work The resulting volume enables English language readers to gain a deeper level of understanding of Akhmatova's poems and how and why they were created *The Pearl* Douglas Smith, 2008-01-01 Set against the backdrop of imperial Russia this tale of forbidden romance is the stuff of a great historical novel It presents the account of the love between Count Nicholas Sheremetev Russia's richest aristocrat and Praskovia Kovalyova his serf and the greatest opera diva of her time **The Diaries of Nikolay Punin** Nikolay Punin, 2010-07-05 Nikolay Punin 1888 1953 was the most articulate Russian Soviet art critic of the 1920s He strongly advocated Constructivism an avant garde impulse that favored mechanomorphic abstraction and proclaimed a movement to bring art into the center of popular life In the United States he is perhaps best remembered for his love affair with Anna Akhmatova one of the great poets of the twentieth century This volume presents the first English translation of ten diary notebooks that Punin wrote between 1915 and 1936 as well as selections from his earlier 1904 1910 and later 1941 1946 diaries and some thirty notes and letters relating to his affair with Anna Akhmatova These materials offer a rare glimpse into the life of art and artists in Russia They also present vivid scenes from the 1905 Revolution World War I the 1917 Revolutions World War II and Stalinist oppression through the reflections of a talented man who unlike many of his generation lived to tell the tale *My Half Century* Anna Andreevna Akhmatova, 1997 Anna Akhmatova is known as one of twentieth century Russia's greatest poets a member of the quartet that included Mandelstam Pasternak and Tsvetaeva This is the first paperback collection of her prose available in English The subjects of her memoirs are extraordinary she describes Modigliani as she knew him in Paris Blok near the end of his days and Mandelstam as a close friend The autobiographical prose section reveals the elusive poet's personality more clearly than any biography could including her thoughts about how difficult it was to be a poet at a time when women writers were rarely taken seriously Book Jacket **A journey due north, notes of a residence in Russia ...**

1856 George Augustus H.F. Sala,1858 Rulers and Victims Geoffrey Hosking,2006-04-30 Many westerners used to call the Soviet Union Russia Russians too regarded it as their country but that did not mean they were entirely happy with it In the end in fact Russia actually destroyed the Soviet Union How did this happen and what kind of Russia emerged In this illuminating book Geoffrey Hosking explores what the Soviet experience meant for Russians One of the keys lies in messianism the idea rooted in Russian Orthodoxy that the Russians were a chosen people The communists reshaped this notion into messianic socialism in which the Soviet order would lead the world in a new direction Neither vision however fit the community spirit of the Russian people and the resulting clash defined the Soviet world Hosking analyzes how the Soviet state molded Russian identity beginning with the impact of the Bolshevik Revolution and civil war He discusses the severe dislocations resulting from collectivization and industrialization the relationship between ethnic Russians and other Soviet peoples the dramatic effects of World War II on ideas of homeland and patriotism the separation of Russian and Soviet culture leadership and the cult of personality and the importance of technology in the Soviet world view At the heart of this penetrating work is the fundamental question of what happens to a people who place their nationhood at the service of empire There is no surer guide than Geoffrey Hosking to reveal the historical forces forging Russian identity in the post communist world **Guide-book to the Soviet Union** Sándor Radó,1928 St. Petersburg Jeremy Howard,2007 These information packed guides offer savvy advice and the in depth information that sophisticated travelers demand Each guide features Detailed background and site descriptions mapped walking and driving tours full service sidebars with fascinating vignettes on history culture and contemporary life a 60 page directory of visitor information including notable hotels and restaurants entertainment and shopping and foldout end flaps printed with maps and quick reference information that serve as handy bookmarks Archives in Russia: A Directory and Bibliographic Guide to Holdings in Moscow and St.Petersburg Patricia Kennedy Grimsted,Patricia Kennedy Grimstead,2016-04-01 This is a comprehensive directory and bibliographic guide to Russian archives and manuscript repositories in the capital cities of Moscow and St Petersburg It is an essential resource for any researcher interested in Russian sources for topics in diplomatic military and church history art dance film literature science ethnography and geography The first part lists general bibliographies of relevant reference literature directories bibliographic works and specialized subject related sources In the following sections of the directory archival listings are grouped in institutional categories Coverage includes federal ministerial agency presidential local university Academy of Sciences organizational library and museum holdings Individual entries include the name of the repository in Russian and English basic information on location staffing institutional history holdings access and finding aids More comprehensive and up to date than the 1997 Russian Version this edition includes Web site information dozens of additional repositories several hundred more bibliographical entries coverage of reorganization issues four indexes and a glossary Stories of the Soviet Experience Irina Paperno,2011-01-15 Beginning with glasnost in the late 1980s and continuing into

the present scores of personal accounts of life under Soviet rule written throughout its history have been published in Russia marking the end of an epoch In a major new work on private life and personal writings Irina Paperno explores this massive outpouring of human documents to uncover common themes cultural trends and literary forms The book argues that diverse as they are these narratives memoirs diaries notes blogs assert the historical significance of intimate lives shaped by catastrophic political forces especially the Terror under Stalin and World War II Moreover these published personal documents create a community where those who lived through the Soviet era can gain access to the inner recesses of one another's lives This community strives to forge a link to the tradition of Russia's nineteenth century intelligentsia thus the Russian intelligentsia emerges as an additional implicit subject of this book The book surveys hundreds of personal accounts and focuses on two in particular chosen for their exceptional quality scope and emotional power Notes about Anna Akhmatova is the diary Lidiia Chukovskaia a professional editor kept to document the day to day life of her friend the great Russian poet Anna Akhmatova Evgeniia Kiseleva a barely literate former peasant kept records in notebooks with the thought of crafting a movie script from the story of her life The striking parallels and contrasts between these two documents demonstrate how the Soviet state and the idea of history shaped very different lives and very different life stories The book also analyzes dreams most of them terror dreams recounted in the diaries and memoirs of authors ranging from a peasant to well known writers a Party leader and Stalin himself History Paperno shows invaded their dreams too With a sure grasp of Russian cultural history great sensitivity to the men and women who wrote and a command of European and American scholarship on life writing Paperno places diaries and memoirs of the Soviet experience in a rich historical and conceptual frame An important and lasting contribution to the history of Russian culture at the end of an epoch Stories of the Soviet Experience also illuminates the general logic and specific uses of personal narratives *All-story Magazine* ,1907 St. Petersburg Katya Galitzine,1999-11 Explores not only Romanov palaces but also hundreds of other less well known sites from all periods in the city's history Socialist Churches Catriona Kelly,2016-11-01 In Russia legislation on the separation of church and state in early 1918 marginalized religious faith and raised pressing questions about what was to be done with church buildings While associated with suspect beliefs they were also regarded as structures with potential practical uses and some were considered works of art This engaging study draws on religious anthropology sociology cultural studies and history to explore the fate of these socialist churches showing how attitudes and practices related to them were shaped both by laws on the preservation of monuments and anti religious measures Advocates of preservation while sincere in their desire to save the buildings were indifferent if not hostile to their religious purpose Believers on the other hand regarded preservation laws as irritants except when they provided leverage for use of the buildings by church communities The situation was eased by the growing rapprochement of the Orthodox Church and Soviet state organizations after 1943 but not fully resolved until the Soviet Union fell apart Based on abundant archival documentation Catriona Kelly's powerful narrative

portrays the human tragedies and compromises but also the remarkable achievements of those who fought to preserve these important buildings over the course of seven decades of state atheism Socialist Churches will appeal to specialists students and general readers interested in church history the history of architecture and Russian art history and cultural studies
