what is needed more than culture or intelligence is faith Faith enables us to penetrate truths and mysteries that lie beyond the reach of human understanding When it comes to believing higher learning or intellectual capacity is not of consequence what truly matters is having a soul that is open to God's light It is only in the Catholic Faith that today's world will find answers to the problems that perturb it Perhaps this explains the growing interest among the faithful in deepening their knowledge of Catholic Doctrine Could this be the reason for the successful publication of the first volumes of this collection Published in four languages English Spanish Italian and Portuguese its first edition quickly ran out achieving a circulation of almost seventy thousand copies Saving precious teachings of the Fathers and Doctors of the Church from falling into oblivion it is a response to the worthy and emphatic recommendation of the Second Vatican Council of giving primacy to Thomism of Optatum totius in 16 in the study of the mysteries of salvation The work has met wide acceptance among priests for whom it is mainly intended to serve as a resource in homily preparation But it has met an equally warm reception among the lay faithful who are eager to broaden their religious knowledge This may be a unique symptom of the spiritual condition of our age the thirst for the divine It is a thirst that increases as it is quenched causing neither distress nor pain but only joy for those who seek to satisfy it in the crystalline springs of the Word of God The Christ of the Mount E. Stanley Jones, 2019-01-13 This book which was first published in 1931 is for every person who suspects and hopes there is a better way to live responsibly and compassionately in the complex world we share In this book Jones challenges us to go deeper question and ultimately discover the effect of Jesus' principles on humanity regardless one's background or predisposed religious views I trust this book will be an unhesitating but not a too light easy Yes to the question as to whether the Sermon on the Mount is practicable If the reading of it brings to the reader what the writing of it has brought to the writer in these months of meditation then we will both be repaid a hundredfold A trusted friend said to the writer You are not a theologian you are a divining rod You tell us where there is water beneath remember your function In this book I have tried to remember my function I have left to others the discussion of the critical questions involved in the accounts of the Sermon on the Mount as reported by Matthew and Luke I have not been able to escape theological implications who can escape them but I have tried to leave to the theologians the labeling of the wells and their more accurate description while I have endeavored to be true to my friend's commission and have pointed to where in the Sermon on the Mount I think water may be found There is water here dig and drink E Stanley Jones Introduction
