**Young Children Reading** Rachael Levy,2011-06-22 Developing and supporting literacy is an absolute priority for all early years settings and primary schools and something of a national concern By presenting extensive research evidence Rachael Levy shows how some of our tried and tested approaches to teaching reading may be counter productive and are causing some young children to lose confidence in their abilities as readers Through challenging accepted definitions and perspectives on reading this book encourages the reader to reflect critically on the current reading curriculum and to consider ways in which their own practice can be developed to match the changing literacy landscape of the 21st century Placing the emphasis on the voices of the children themselves the author looks at what it feels like to be a reader in the digital age children s perceptions of reading home and school reading reading in multidimensional forms the future teaching of reading Essential reading for all trainee and practising teachers this critical examination of a vital topic will support all those who are interested in the way we can help future generations to become literate This book will encourage researchers

and practitioners alike to redefine their own views of literacy and situate reading literacy within the digital world in which young children now live      *The Early Reader in Children's Literature and Culture* Jennifer Miskec, Annette Wannamaker, 2015-12-22 This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children's literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children's texts that have been translated and sold around the globe examining them as part of an increasingly transnational children's media culture that may add to or supplant regional ethnic and national children's literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe      *Hearing Before the Committee on Immigration and Naturalization, House of Representatives, Sixty-ninth Congress, First Session ...* United States.
