The world is emerging from the COVID 19 pandemic more fragmented and further away from the more equal and equitable iteration imagined in 2015 when the Sustainable Development Goals SDGs were conceptualised As we hurtle at seemingly lightning speed towards the 2030 deadline to achieve these goals the urgency is palpable Although we have certainly strayed further away from the targets there is still time to act in order to ensure that we inch closer to this vision Professor Tshilidzi Marwala paints a stark and often grim picture of our current context one defined by monumental setbacks in the SDGs Yet as

he carves out each developmental goal and its implications it is apparent that there are tangible solutions that can be implemented now Tshilidzi's assertion that now is the time to act is backed by intricate and actionable data with a simple mission statement we must heal the future He offers a new narrative that addresses how we can translate the latent potential that exists through technology innovation and Fourth Industrial Revolution approaches to leadership and policy making to deal with among others corruption poverty eradication joblessness an education system in crisis declining economies and food insecurity Heal our World is a deep dive into the SDGs particularly in the African context and it looks toward securing a future in which our divisions are blurred and our goals seem almost in reach again Tshilidzi Marwala the author of Heal our World Leading in the 21st Century and Leadership Lessons from Books I Have Read is the Vice Chancellor and Principal of the University of Johannesburg From 1 March 2023 he will be the Rector of the United Nations University based in Tokyo Japan He was previously Deputy Vice Chancellor for Research and Executive Dean of the Faculty of Engineering at the University of Johannesburg and Full Professor at the Carl Emily Fuchs Chair of Systems and Control Engineering at the University of the Witwatersrand Tshilidzi holds a Bachelor of Science in Mechanical Engineering magna cum laude from Case Western Reserve University a PhD in Artificial Intelligence from the University of Cambridge and a Post Doc at Imperial College London He is a member of the American Academy of Arts and Sciences The World Academy of Sciences TWAS the Academy of Science of South Africa ASSAf the African Academy of Sciences AAS and the South African Academy of Engineering SAAE He is a distinguished member of the Association for Computing Machinery ACM His research interests are multidisciplinary and include the theory and application of artificial intelligence to engineering computer science finance social science and medicine He has supervised 37 doctoral students He has also published 23 books on artificial intelligence one translated into Chinese and over 300 papers in journals proceedings book chapters and magazines He holds five international patents

A World History of Art Hugh Honour, John Fleming, 2005 Over two decades this art historical tour de force has consistently proved the classic introduction to humanity's artistic heritage From our paleolithic past to our digitised present every continent and culture is covered in an articulate and well balanced discussion In this Seventh Edition the text has been revised to embrace developments in archaeology and art historical research while the renowned contemporary art historian Michael Archer has greatly expanded the discussion of the past twenty years providing a new perspective on the latest developments The insight elegance and fluency that the authors bring to their text are complemented by 1458 superb illustrations half of which are now in colour These images together with the numerous maps and architectural plans have been chosen to represent the most significant chronological regional and individual styles of artistic expression

Transforming Our World Andrew S. Natsios, Andrew H. Card, Jr., 2021-01-06 From the fall of the Soviet Union to the Gulf War the presidency of George H W Bush dealt with foreign policy challenges that would cement the post Cold War order for a generation This book brings together a distinguished collection of foreign policy practitioners

career and political who participated in the unfolding of international events as part the Bush administration to provide insider perspective by the people charged with carrying them out They shed new light on and analyze President Bush s role in world events during this historic period his style of diplomacy the organization and functioning of his foreign policy team the consequences of his decisions and his leadership skills At a time when the old American led post World War II order is eroding or even collapsing this book reminds readers of the difference American leadership in the world can make and how a president can manage a highly successful foreign policy

How Population Change Will Transform Our World Sarah Harper,2016-07-28 Predicting the shape of our future populations is vital for installing the infrastructure welfare and provisions necessary for society to survive There are many opportunities and challenges that will come with the changes in our populations over the 21st century In this new addition to the 21st Century Challenges series Sarah Harper works to dispel myths such as the fear of unstoppable global growth resulting in a population explosion or that climate change will lead to the mass movement of environmental refugees and instead considers the future shape of our populations in light of demographic trends in fertility mortality and migration and their national and global impact How Population Change Will Transform Our World looks at population trends by region to highlight the key issues facing us in the coming decades including the demographic inertia in Europe demographic dividend in Asia high fertility and mortality in Africa the youth bulge in the Middle East and the balancing act of migration in the Americas Harper concludes with an analysis of global challenges we must plan for such as the impact of climate change and urbanization and the difficulty of feeding 10 billion people and considers ways in which we can prepare for and mitigate against these challenges
