Housing, Land and Property Rights Scott Leckie, 2023-09-15. This book explores various contemporary aspects of the growing field of housing, land and property (HLP) rights. HLP rights have undergone a major transformation in recent decades but much remains to be done to bring their promise to the billions of people who have yet to access them. It outlines the author's suggestions for creating a new World Restitution Agency, expanding our understanding of the term internationally wrongful act to HLP crimes, the links between mine action and HLP rights in post-conflict societies and the need to include HLP issues in peace agreements. The book concludes with several chapters that outline suggestions for better addressing climate displacement, including the need for national climate land banks, the role of the courts and how to redistribute global wealth towards rehousing the millions set to be displaced from their homes and lands due to the effects of climate change.
