Smoley, 2016-06-07 This epic thrilling journey through Bible scholarship and ancient religion shows how much of Scripture is historically false yet the ancient writings also resound with theologies that crisscrossed the primeval world and that direct us today toward a deep inner authentic experience of the truly sacred From a historical perspective the Bible is shockingly provably wrong a point supported by today's best archaeological and historical scholarship but not well understood by or communicated to the public Yet this emphatically does not mean that the Bible isn't in some very real measure true argues scholar of mysticism Richard Smoley Smoley reviews the most authoritative historical evidence to demonstrate that figures such as Moses Abraham and Jesus are not only unlikely to have existed but bear strong composite resemblances to other Near Eastern religious icons Likewise the geopolitical and military events of Scripture fail to mesh with the largely settled historical time line and social structures Smoley meticulously shows how our concepts of the Hebrew and Christian God including Christ himself are an assemblage of ideas that were altered argued over and edited until their canonization This process to a large degree gave Western civilization its consensus view of God But these conclusions are not cause for nihilism or disbelief Rather beneath the metaphorical figures and mythical historicism of Scripture appears an extraordinary truly transcendent theology born from the most sacred and fully realized spiritual and human insights of the antique Eastern world Far from being untrue the Bible is remarkably extraordinarily true as it connects us to the sublime insights of our ancient ancestors and points to a unifying ethic behind many of the world's faiths **The Deal** Richard Smoley, 2015-01-08 Here is the greatest deal you will ever find This concise deeply practical guide shows how to forgive anyone who has ever hurt you and to receive a payback of enormous personal satisfaction and inner peace What I am offering you in this book is the best deal you have ever gotten in your life or ever will Even though I know nothing about you I'm willing to make this claim with complete certainty With elegance and absolute persuasiveness *The Deal* explains how forgiveness rather than being a squishy eat your vegetables virtue is actually the key perhaps the sole key to a happy life If you perform the one simple but vital forgiveness exercise in *The Deal* you will forgive and be forgiven You will be free You will enter a new phase of life A widely respected spiritual writer and thinker Richard Smoley doesn't hand you the standard promise that this book will change your life When you finish it he concludes It already has changed your life This is the simple radical truth of *The Deal* *The 2012 Collection* Daniel Pinchbeck, 2012-02-21 Now in the years beyond 2012 discover the true meaning behind the hype that captivated the world It should be no surprise to us now but the pomp surrounding the coming of the year 2012 that grasped the human race's attention in those preceding years was not at all about the end of the world Instead much to the contrary Daniel Pinchbeck believes that the passing of the year 2012 marked

the beginning of a global shift in consciousness where the human race would begin to see the world and existence on this planet through a different lens embracing fresh ideas about who we are and what it means to be human Discover the true wisdom behind the 2012 phenomenon with these two captivating works by one of the leading minds in the movement both in one place for the first time and at one low price 2012 The Return of Quetzalcoatl Cross James Merrill H P Lovecraft and Carlos Castaneda each imbued with a twenty first century aptitude for quantum theory and existential psychology and you get the voice of Daniel Pinchbeck And yet nothing quite prepares us for the lucidity rationale and informed audacity of this seeker skeptic and cartographer of hidden realms Throughout the 1990s Pinchbeck had been a member of New York s literary select He wrote for publications such as The New York Times Magazine Esquire and Harper s Bazaar His first book Breaking Open the Head was heralded as the most significant on psychedelic experimentation since the work of Terence McKenna But slowly something happened Rather than writing from a journalistic remove Pinchbeck his literary powers at their peak began to participate in the shamanic and metaphysical belief systems he was encountering As his psyche and body opened to new experience disparate threads and occurrences made sense like never before Humanity every sign pointed is precariously balanced between greater self potential and environmental disaster The Mayan calendar s end date of 2012 seems to define our present age It heralds the end of one way of existence and the return of another in which the serpent god Quetzalcoatl reigns anew bringing with him an unimaginably ancient yet to us wholly new way of living A result not just of study but also of participation 2012 tells the tale of a single man in whose trials we ultimately recognize our own hopes and anxieties about modern life Toward 2012 Perspectives on the Next Age An informed challenging and engaging collection of essays on the new choices in lifestyles and community as we begin the countdown toward the year 2012 This fresh and thought provoking anthology draws together some of today s most celebrated visionaries thinkers and pioneers in the field of evolving consciousness exploring topics from shamanism to urban homesteading the legacy of Carlos Castaneda to Mayan predictions for the year 2012 and new paths in direct political action and human sexuality Toward 2012 highlights some of the most challenging intelligent pieces published on the acclaimed website Reality Sandwich It is coedited by Daniel Pinchbeck the preeminent voice on 2012 and online pioneer Ken Jordan and features original works from Stanislav Grof John Major Jenkins and Paul D Miller DJ Spooky interviews with Abbie Hoffman and artist Alex Grey and a new introduction by Pinchbeck Here are ideas that trace the arc of our evolution in consciousness lifestyles and communities as we draw closer to a moment in time that portends ways of living that are different from anything we have expected or experienced **Toward 2012** Daniel Pinchbeck,2008 This fresh and thought provoking anthology draws together some of today s most celebrated visionaries thinkers and pioneers in the field of evolving consciousness exploring topics from shamanism to Mayan predictions of the year 2012 **Journey through the Visible and Invisible Cosmos** Antti Savinainen,2025-03-07 This book presents unique perspectives on esoteric ethics the afterlife reincarnation and the law of karma Its approach is deeply

According to Matthew Rudolf Steiner, 2002 12 lectures Berne September 1 12 1910 CW 123 For centuries people have been baffled by the varying accounts of Christ's life as presented in the four Gospels and have struggled to reconcile them In these profound and stimulating lectures Steiner addresses this conundrum He shows how each of the Gospels presents a different lens onto Christ's life and message Here Steiner reveals the Gospel of Matthew as

the one that emphasizes Christ's humanity But he does not stop there his visionary perspective traces Christ's life and message to spiritual impulses that go back centuries even millennia to the legendary civilization of Atlantis to the mysterious Zarathustra and to the Jewish sect known as the Essenes An introduction by Richard Smoley author of *Inner Christianity* puts Steiner's vision into perspective for modern readers Once you have experienced Steiner's powerful exploration of Matthew you will never see the Gospels in the same way again Previous translation titled *The Gospel of St Matthew* READ BOBBY MATHERNE'S REVIEW OF THIS BOOK If we read Steiner's lectures with an open and attentive inner eye we may be able to see the Christ mystery not as a collection of dogmas or facts but as a spiritual impulse that stretches far beyond the limits of Christ's own time and even of the lifespan of Christianity itself We may even catch a glimpse of the high powers that govern the life of civilizations and of the great entity known as the human race Richard Smoley from the introduction According to Matthew is a translation from German of *Das Matthaeus evangelium* A previous translation was titled *The Gospel of St Matthew* *The Essential Nostradamus* Richard Smoley, 2006-01-19 From his predictions about life and death in the Middle French court of Catherine de Medici to his uncannily suggestive preconceptions of World War II Michel de Nostradamus has aroused continual fascination and commercialization in the West Today many search his elliptical centuries or collected verses for new truths about 9/11 and End Times while supermarket tabloids routinely falsify and exploit his pronouncements What is the difference between prophecy and prediction and how has it led to a misuse of the ideas of Nostradamus as well as those of other post biblical prognosticators What is the nature of the oracular tradition in the West stretching back to the oracle at Delphi and how can Nostradamus be understood from this perspective In *The Essential Nostradamus* the highly regarded spiritual thinker and writer Richard Smoley provides a true sourcebook in the life and messages of one of history's most peculiar figures This volume offers a host of advantages beyond other collections of Nostradamus's work Many commentators on Nostradamus take liberties in their translations further confusing the matter of what the prophetic quatrains actually said In *The Essential Nostradamus* Smoley presents a fresh scholarly and literal translation of Nostradamus's Middle French allowing readers to make their own determination as to the passages historical references and accuracy Smoley also supplies detailed commentary on Nostradamus's key quatrains with a sharp eye toward the political and social events of the writer's era elements that many commentators overlook or fail to grasp An authoritative biographical essay highlighting Nostradamus's separate roles as physician astrologer and prognosticator rounds out the volume to create a truly essential exposition of the work of one of Western culture's most mysterious men **The Dice Game of Shiva** Richard Smoley, 2010-10-05 In this fascinating book Richard Smoley examines the roles God has played for us and reconciles them with what we today know through science and reason In the process he shows that consciousness is the underlying reality beneath everything in the universe In one of Hinduism's great myths Shiva plays a dice game with his consort Parvati and loses consistently If he is the greatest god why does he lose Through this story Richard Smoley explores the interplay

between consciousness represented by Shiva and experience exemplified by Parvati He draws on numerous disciplines to offer an illuminating exploration of mind and matter and a provocative understanding of consciousness the self and the world
