The South That Wasn't There Michael Kreyling, 2010-11-01 Once history and the South dwelt in close proximity Representations of the South in writing and on film assumed everybody knew what had happened in place and time to create the South Today our vision of the South varies and there is less there there than ever before In The South That Wasn't There Michael Kreyling explores a series of literary situations in which memory and history seem to work in odd and problematic ways Looking at Toni Morrison's masterpiece Beloved he tests the viability of applying Holocaust and trauma studies to the poetics and politics of remembering slavery He then turns to Robert Penn Warren's grapplings with his personal memory of racism which culminated in his attempt to confront the evil directly in his book Who Speaks for the Negro In a chapter on the court contest between Margaret Mitchell's estate and Alice Randall over Randall's parody The Wind Done Gone Kreyling treats neglected issues such as the status of literary sequels and parody in an age of advanced commodification of the South Kreyling's searching inquiry into the intersection of the southern warrior narrative and the shocks dealt America by the Vietnam War uncovers what appears to be the deliberate yet unconscious use of southern Civil War memory in a time of national identity crisis He follows that up with a comparison of Faulkner's appropriation of Caribbean memory in Absalom Absalom and Madison Smartt Bell's in his trilogy on Toussaint Louverture and the Haitian revolution Finally Kreyling examines some new manifestations of southern memory including science fiction as embodied in Octavia Butler's novel Kindred mockumentary in Kevin Willmott's film C S A and postmodern cinema parody in Lars Von Trier's Manderlay Lively and frequently confrontational The South That Wasn't There offers a thought provoking reexamination of our literary conceptions about the South

From Drag Queens to Leathermen Rusty Barrett, 2017-06-01 This book examines gendered language use in six gay male subcultures drag queens radical faeries bears circuit boys barebackers and leathermen Within each subculture unique patterns of language use challenge normative assumptions about gender and sexual identity Rusty Barrett's analyses of these subcultures emphasize the ways in which gay male constructions of gender are intimately linked to other forms of social difference In From Drag Queens to Leathermen Barrett presents an extension of his earlier work among African American drag queens in the 1990s emphasizing the intersections of race and class in the construction of gender An analysis of sacred music among radical faeries considers the ways in which expressions of gender are embedded in a broader neo pagan religious identity The formation of bear as an identity category for heavyset and hairy men in the late 1980s involves the appropriation of linguistic stereotypes of rural Southern masculinity Among regular attendees of circuit parties language serves to differentiate gay and straight forms of masculinity In the early 2000s barebackers gay men who eschew condoms used language to position themselves as rational

risk takers with an innate desire for semen For participants in the International Mr Leather contest a disciplined militaristic masculinity links expressions of patriotism with BDSM sexual practice In all of these groups the construction of gendered identity involves combining linguistic forms that would usually not co occur These unexpected combinations serve as the foundation for the emergence of unique subcultural expressions of gay male identity explicated at length in this book

Flaming? Alisha Lola Jones, 2020-06-09 Male centered theology a dearth of men in the pews and an overrepresentation of queer males in music ministry these elements coexist within the spaces of historically black Protestant churches creating an atmosphere where simultaneous heteropatriarchy and real masculinity anxieties archetypes of the alpha male preacher the effeminate choir director and homo antagonism are all in play The flamboyant male vocalists formed in the black Pentecostal music ministry tradition through their vocal styles gestures and attire in church services display a spectrum of gender performances from hyper masculine to feminine masculine to their fellow worshippers subtly protesting and critiquing the otherwise heteronormative theology in which the service is entrenched And while the performativity of these men is characterized by cynics as flaming a similar musicalized fire that of the Holy Spirit moves through the bodies of Pentecostal worshippers endowing them religio culturally physically and spiritually like fire shut up in their bones Using the lenses of ethnomusicology musicology anthropology men's studies queer studies and theology *Flaming: The Peculiar Theopolitics of Fire and Desire in Black Male Gospel Performance* observes how male vocalists traverse their tightly knit social networks and negotiate their identities through and beyond the worship experience Author Alisha Jones ultimately addresses the ways in

which gospel music and performance can afford African American men not only greater visibility but also an affirmation of their fitness to minister through speech and song ***She's Not the Man I Married*** Helen Boyd,2007-02-15 Helen Boyd's husband who had long been open about being a cross dresser was considering living as a woman full time Suddenly Boyd was confronted with the reality of what it would mean if her husband were actually to become a woman socially legally and medically Would Boyd love and desire her partner the same way Boyd's first book *My Husband Betty* explored the relationships of cross dressing men and their partners Now *She's Not the Man I Married* is both a sequel and a more expansive examination of gender in relationships It's for couples who are homosexual or heterosexual and for readers who fall anywhere along the gender continuum As Boyd struggles to understand the nature of marriage passion and love she shares her confusion and anger providing a fascinating observation of the ways in which relationships are gendered and how we cope or don't with the emotional and sexual pressures that gender roles can bring to our marriages and relationships

Black Like Us Devon W. Lyle,2021-06-15 Why LGBTQ people must resist the seduction of dignity In 2015 when the Supreme Court declared that gay and lesbian couples were entitled to the equal dignity of marriage recognition the concept of dignity became a cornerstone for gay rights victories In *Disrupting*

Dignity Stephen M Engel and Timothy S Lyle explore the darker side of dignity tracing its invocation across public health politics popular culture and law from the early years of the HIV AIDS crisis to our current moment With a compassionate eye Engel and Lyle detail how politicians policymakers media leaders and even some within LGBTQ communities have used the concept of dignity to shame and disempower members of those communities They convincingly show how dignity and the subsequent chase to be defined by its terms became a tool of the state and the marketplace thereby limiting its more radical potential Ultimately Engel and Lyle challenge our understanding of dignity as an unquestioned good They expose the constraining work it accomplishes and the exclusionary ideas about respectability that it promotes To restore a lost past and point to a more inclusive future they assert the worthiness of queer lives beyond dignity's limits Codes and Consequences
