**Orphans' Home** Laurin Porter,2003-04-01 A Pulitzer Prize winning playwright an Emmy winning television writer and an Oscar winning screenwriter of such notable films as To Kill a Mockingbird Tender Mercies and A Trip to Bountiful the amazingly versatile Horton Foote has been a force on the American cultural scene for more than fifty years By critical consensus Foote s foremost achievement is The Orphans Home Cycle a course of nine independent yet interlocking plays that traces the transformation over twenty six years of a small town southern orphan Horace Robedaux into a husband father and patriarch Drawing on a wide range of sources including interviews with Foote Laurin Porter demonstrates why the author s masterpiece is a unique accomplishment not only in his

personal oeuvre but also in the canon of American drama Set in and near Harrison Texas the fictitious counterpart to Foote's native Wharton and based partly on his father's childhood and his parents' courtship and marriage the plays introduce two extended families those of Horace and his wife Eliazbeth across three generations as well as numerous townspeople whose lives intertwine with theirs The result is a wide ranging intricate work of interconnected stories reminiscent of William Faulkner's Yoknapatawpha saga Porter shows how the small town southern culture speaks through Horace while she examines the functions of family and community in identity formation She explains that Foote's signature style which replaces stage directions poetic language and suspense driven narratives with sparse restrained dialogue and seemingly actionless plots creates a simmering power by stressing subtext over text a strategy more often associated with the novel than drama Similarly Foote uses recurring character types and motifs interrelated images and symbols and parallel and inverted events that reverberate within and among the plays employing language and structure in innovative ways In comparing the cycle with the works of William Faulkner and Eugene O'Neill Porter positions Foote at the intersection of southern literature and American drama Foote's emphasis Porter concludes is not so much on returning home as on leaving it and building a new family contending that for Foote home is not a place but a geography of the heart Her definitive *Orphans Home* shines much needed light on an understudied talent and proves Foote's to be a vital American voice *The World Is Our Home* Jeffrey J. Folks, Nancy Summers Folks, 2021-10-21 Since the early 1970s southern fiction has been increasingly attentive to social issues including the continuing struggles for racial justice and gender equality the loss of a sense of social community and the decline of a coherent regional identity The essays in *The World Is Our Home* focus on writers who have explicitly addressed social and cultural issues in their fiction and drama including Dorothy Allison Horton Foote Ernest J. Gaines Jill McCorkle Walker Percy Lee Smith William Styron Alice Walker and many others The contributors provide valuable insights into the transformation of southern culture over the past thirty years and probe the social and cultural divisions that persist The collection makes an important case for the centrality of social critique in contemporary southern fiction
