Love and Need Adam Plunkett, 2025-02-18 Braiding together biography and criticism Adam Plunkett challenges our understanding of Robert Frost's life and poetic legacy in a pathbreaking new work By the middle of the twentieth century Robert Frost was the best loved poet in America He was our nation's bard simple and sincere accompanying us on wooded roads and articulating our hopes and fears After Frost's death these cliches gave way to equally broad though opposed portraits sketched by his biographers chief among them Lawrance Thompson When the critic Helen Vendler reviewed Thompson's biography she asked whether anyone could avoid the conclusion that Frost was a monster In *Love and Need The Life of Robert Frost's Poetry* Adam Plunkett blends biography and criticism to find the truth of Frost's life one that lies between the two poles of perception Plunkett reveals a new Frost through a careful look at the poems and people he knew best showing how the stories of his most important relationships heretofore partly told mirror dominant themes of Frost's

enduring poetry withholding and disclosure privacy and intimacy Not least of these relationships is the fraught intense friendship between Frost and Thompson the major biographer whose record of Frost Plunkett seeks to set straight Moving through Frost s most important work and closest relationships with the attention to detail necessary to see familiar things anew Plunkett offers an original interpretation of Frost s poetry tracing Frost s distinctive achievement to an engagement with poetic tradition far deeper and more extensive than he ever let on Frost invited his readers into a conversation like the one he sustained with his literary forebears intimate and profound yet Frost kept his private self at a remove Here Plunkett brings the two together the poet and the poetry and draws us back into conversation with America s poet **Studia**

The Ballad Literature and Popular Music of the Olden Time William Chappell,1855 **Captain Cox, His Ballads and Books** Robert Laneham,1871 *A Sandhills Ballad* Ladette Randolph, After her life as she knows it ends in heartbreak Mary Rasmussen a strong willed and independent young ranch woman living in the Sandhills of western Nebraska suddenly feels that everything she has believed in God her instincts the land itself has failed her She abandons her cultural and emotional ties succumbing to circumstances she thinks she is powerless to control In a rash decision she marries a conservative patriarchal preacher who doesn t understand her the ranching community or anything beyond his own beliefs Mary s inner turmoil builds as she comes to appreciate the gravity of her situation and the need to take action **Ballad**

Gillian Archer,2024-10-10 What happens on tour in Europe doesn t stay on tour in Europe Especially when you re a rock star s fake girlfriend Harper Grey As assistant tour manager for the Tin Gods I love my job Especially the delicious eye candy that is their manager Tyler Worthington He s everything I ve ever wanted in a partner attractive polished and above all the definition of stable Too bad he doesn t see me as anything other than a worker bee Always helpful the Tin Gods drummer has a brilliant plan I should fake date guitarist Xander Lang to make Tyler finally see me WHAT Xander Lang Tyler sold his soul to the devil It s the only explanation I have for why he approved my ex girlfriend as our opening act Our relationship was the definition of toxic Cue our drummer s harebrained scheme And honestly I m all in It ll keep my ex off my junk and help Harper with drama in her life too Simple Only problem is once we start dating lines get blurred Her kisses don t feel like someone who s pretending And when did Harper get so sexy Now I m tangled in a clusterf ck of emotions and confusion So much for simple **Pictures of Poverty** Lydia Jakobs,2021-10-26 From Charles Dickens s *Oliver Twist* to George Sims s

How the Poor Live illustrated accounts of poverty were en vogue in Victorian Britain Poverty was also a popular subject on the screen whether in dramatic retellings of well known stories or in documentary photographs taken in the slums London

and its street life were the preferred setting for George Robert Sims's rousing ballads and the numerous magic lantern slide series and silent films based on them. Sims was a popular journalist and dramatist whose articles, short stories, theatre plays, and ballads discussed overcrowding, drunkenness, prostitution, and child poverty in dramatic and heroic episodes from the lives and deaths of the poor. Richly illustrated and drawing from many previously unknown sources, *Pictures of Poverty* is a comprehensive account of the representation of poverty throughout the Victorian period, whether disseminated in newspapers, illustrated books, and lectures presented on the theatre stage or projected on the screen in magic lantern and film performances. Detailed case studies reveal the intermedial context of these popular pictures of poverty and their mobility across genres. With versatile author George R. Sims as the starting point, this study explores the influence of visual media in historical discourses about poverty and the highly controversial role of the Victorian state in poor relief.

Gender, Health, and History in Modern East Asia Angela Ki Che Leung, Izumi Nakayama, 2017-11-22 This groundbreaking volume captures and analyzes the exhilarating and at times disorienting experience when scientists, government officials, educators, and the general public in East Asia tried to come to terms with the introduction of Western biological and medical sciences to the region. The nexus of gender and health is a compelling theme for this is an area in which private lives and personal characteristics encounter the interventions of public policies. The nine empirically based studies by scholars of history of medicine, sociology, anthropology, and STS, science, technology, and society, spanning Japan, Korea, China, Taiwan, and Hong Kong from the 1870s to the present, demonstrate just how tightly concerns with gender and health have been woven into the enterprise of modernization and nation building throughout the long twentieth century. The concepts of gender and health have become so commonly used that one might overlook that they are actually complicated notions with vexed histories, even in their native contexts. Transposing such terminologies into another historical or geographical dimension is fraught with problems, and what makes the East Asian cases in this volume particularly illuminating is that they present concepts of gender and health in motion. The studies show how individuals and societies made sense of modern scientific discourses on diseases, body, sex, and reproduction, redefining existing terms in the process and adopting novel ideas to face new challenges and demands. Whether reviewing the comparative national histories of birth control, debating early cases of transsexual surgery, or highlighting the resurgence of traditional Asian medical commodities, this volume provides accessible and productive studies on these intriguing topics in Asia. Scholars of modern East Asia and indeed anyone concerned with the analysis of gender and health in light of intersecting postcolonial studies will find the book rewarding.

Rayna Rapp, New York University. A bold and important volume that explores the interweaving of gender, body, and modernity throughout East Asia. With vivid articles on sexuality, reproductive technologies, and sexual identities, the book opens multiple possibilities for how Asia, as method, can shine new light on persistent theoretical questions, from biopower to biocitizenship.
