Hostage To War A True Story:

Hostage to War Tat'iāna Petrovna Vasil'eva,1999 The author relates her experiences from 1941 1953 as she struggles to survive as a Russian teenager caught up in all the horrors of World War II and its aftermath **Sacrificing Childhood** Julie K. deGraffenried,2014-11-18 During the Soviet Union s Great Patriotic War from 1941 to 1945 as many as 24 million of its citizens died 14 million were children ages fourteen or younger And for those who survived the suffering was far from over The prewar Stalinist vision of a happy childhood nurtured by a paternal loving state had given way out of necessity What replaced it the dictate that children be prepared to sacrifice everything including childhood itself created a generation all too familiar with deprivation violence and death The experience of these children and the role of the state in shaping their narrative are the subject of this book which fills in a critical but neglected chapter in the Soviet story and in the history of World War II In *Sacrificing Childhood* Julie deGraffenried chronicles the lives of the Soviet wartime children and the uses to which they were put not just as combatants or workers in factories and collective farms but also as fodder for propaganda their plight a proof of the enemy s depredations Not all Soviet children lived through the war in the same way but in the circumstances of a child in occupied Belarus or in the Leningrad blockade a young deportee in Siberia or evacuee in Uzbekistan deGraffenried finds common threads that distinguish the child s experience of war from the adult s The state s expectations however were the same for all children as we see here in children s mass media and literature and the communications of party organizations and institutions most notably the Young Pioneers whose relentless wartime activities made them ideal for the purposes of propaganda The first in depth study of where Soviet children fit into the history of the war *Sacrificing Childhood* also offers an unprecedented view of the state s changing expectations for its children and how this figured in the nature and direction of post war Soviet society **Deepening Literacy Learning** Mary Ann Reilly,Jane M. Gangi,Rob Cohen,2010-09-01 **World War II in Literature for Youth** Patricia Hachten Wee,Robert James Wee,2004 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939 1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource *Literature Connections to World History* 712 Lynda G. Operation Insanity - The Dramatic True Story of the Mission that Saved Ten Thousand Lives Richard Westley, 2016-09-01 An important book these brave men put their lives on the line Colonel Tim Collins OBE In the midst of the horrors of the Bosnian War Richard Westley found himself commanding British troops in a battle to save an entire town from massacre It proved to be one of the British Army's finest hours since the Second World War In the summer of 1995 the Bosnian town of Gorazde came under attack from the Bosnian Serb Army despite having been designated a Safe Area by the United Nations Soldiers of the Royal Welch Fusiliers sent to the area as UN peacekeepers outnumbered lacking firepower and without air support began to be taken hostage by the encroaching Serbian forces while the city itself came under bombardment The entire British venture could have been summed up in two words Operation Insanity The author then a thirty two year old major knew he had to act quickly and decisively to have any chance of saving the lives not only of the men under his command but of Gorazde's 45 000 inhabitants In this he succeeded saving the town from the fate of nearby Srebrenica where more than 8 000 Muslim Bosniaks were massacred He was later awarded the Military Cross for his gallantry and leadership Colonel Westley's reflections on a horrendous period of modern history are harrowing and unforgettable At one point he witnessed the murder of a young Bosniak boy by Serbian snipers and he himself was wounded by shrapnel while directing the defence against an attack by renegade Muslims Yet his is also a very human story from the gallows humour of the SAS team to his friendship with Selma a female Muslim interpreter whose courage and skill inspired him Two decades on his story is as relevant as ever

True Story: A Trilogy Dan O'Brien, 2024-01-02 True Story A Trilogy gathers together three documentary plays by award winning playwright and poet Dan O'Brien concerning trauma both political and personal The Body of an American speaks to a moment in history when a single stark photograph of a US Army Ranger dragged from the wreckage of a Blackhawk helicopter through the streets of Mogadishu altered the course of global events In a story that ranges from Rwanda to Afghanistan to the Canadian Arctic O'Brien dramatizes the ethical and psychological haunting of journalist Paul Watson In The House in Scarsdale A Memoir for the Stage the playwright applies journalistic principles to investigating the source of his childhood unhappiness as he searches for the reason why his parents and siblings cut him off years ago The more he learns about his family the more mysterious the circumstances surrounding their estrangement become until his sense of self is shaken by rumors regarding his true parentage The trilogy concludes with New Life a tragicomedy that finds Paul Watson in Syria and the playwright in treatment for cancer while together they endeavor to sell a TV series about journalists in war zones New Life explores the paradox of war as entertainment and dares to dream of healing after catastrophe These three gritty yet poetic plays stand as a testament to the value of witnessing

Cruel World Lynn H. Nicholas, 2011-05-25 To be a child in mid twentieth century Europe was to be not a person but an object available for use in the service of the totalitarian state Very soon after Adolf Hitler came to power policies of eugenic selection and euthanasia began to weed ill or disabled children out of the New Order by poison gas and starvation Defect free good blood children were subjected to an education based on racism propaganda and the glorification of the Führer and were deliberately deprived of free time that would allow independent thought or action Once the war began Nordic looking children were kidnapped from families in the conquered lands and subjected to Germanization Meanwhile hundreds of thousands of bad blood children Jews Gypsies Poles Ukrainians Russians were separated from their families and condemned to forced migration slave labor sadistic experiments starvation and mass execution At the end of the war uprooted children of every origin wandered the bombed out cities and countryside some having been taken from home at such a young age that they did not know where they had come from or even their own names Millions surged into and out of DP camps exploited by political and religious groups while the Allies and the fledgling United Nations tried mightily to put families back together and to find new homes for the orphans All the riveting narrative skill and impeccable scholarship that distinguished Lynn Nicholas's first book *The Rape of Europa* winner of the National Book Critics Circle Award for nonfiction are present in her study of these terrible crimes against humanity To research this story she has delved into the governmental and military archives of many nations and has interviewed countless individuals She shows the relationship of the deadly Nazi policies to the brutal tactics used in the USSR in the 1930s and to their rehearsal in the Spanish Civil War and vividly describes the abject failure of Hitler's campaign to plant Germanizing colonies in the conquered nations She gives us the stories of survivors of ghastly war spawned famines in Greece and Russia in the 1940s Holland in the Hunger Winter of 1945 and Berlin in the Airlift year of 1949 and of British French and Dutch children who were evacuated to the countryside boys and girls sent alone from Europe to England on the Kindertransports the teenaged soldiers of the Reich the small veterans of the quarries the factories and the camps as well as those who survived in lonely hiding In *Cruel World* Lynn Nicholas shows us clearly and with passionate empathy for the innocent victims the crimes against children that inevitably result when ideology overwhelms humanity This powerful book as it recounts the waking nightmare that enmeshed the lives of Europe's boys and girls bears witness to our own responsibility to the children of the twenty first century

Martin,2025-07-30 For the nearly three millennia since its creation the *Iliad* s Real Story has gone undiscovered Homer a blind poet as antiquity believed him to be created a powerful war story which must have enthralled his listening audiences But this story concealed another one far grander in design and immensely more clever in execution which can be discovered only by careful examination of the written text Living in an age where literacy was minimal Homer created this story for the gods and undoubtedly never expected any mortal to understand it Homer s imaginative fantasy radically undermines traditional Trojan War mythology and exposes the speciousness of war s glory the folly of the warriors who supposedly fight for it and the amorality of the gods who help them do so Homer s great war poem great indeed war poem indeed is in its depths antiwar In piecing together the *Iliad* s web of secret plans deeply hidden motives and subtle lies and deceptions and in the process identifying and discarding post Homeric corruptions to the text we will find an *Iliad* which is not a prelude to Achilles glorious early death and the Fall of Troy but the opposite In a concealed ending towards which the entire story has been leading Homer s own words will tell us how Achilles as supplicated by Priam chooses a long life without renown and goes home The Greek army unwilling to fight without its greatest warrior leaves also sparing peaceful holy Troy Zeus favorite city and best hope for mankind Homer tells this story with a brilliance that is almost unimaginable until one actually encounters it *The Real Iliad* is an immense intellectual challenge and an inexhaustible source of surprises Far from a formalistically heroic epic as has long been thought it is an imaginative expression of the full creative

powers of Western antiquity's greatest author *The War Machines* Danny Hoffman, 2011-09-16 Based on ethnographic research among militias in Sierra Leone and Liberia Danny Hoffman considers how young men are made available for violent labor on battlefields and in dangerous unregulated industries **Hostage to War** Tatjana Wassiljewa, Tat'iana Vasil'eva, 1999-09-01 Provides an autobiographical account of a ten year old Russian girl's experiences as she survived the horrors of a Nazi concentration camp in order to live to see the end of the war and grow to attain her dreams of becoming a teacher Reprint **American Arabists in the Cold War Middle East, 1946-75** Teresa Fava Thomas, 2016-07-06 This book examines the careers of 53 area experts in the US State Department's Middle East bureau during the Cold War Known as Arabists or Middle East hands they were very different in background education and policy outlook from their predecessors the Orientalists A highly competitive selection process and rigorous training shaped them into a small corps of diplomatic professionals with top notch linguistic and political reporting skills Case studies shed light on Washington's perceptions of Israel and the Arab world as well as how American leaders came to regard and often disregard the advice of their own expert advisors This study focuses on their transformative role in Middle East diplomacy from the Eisenhower through the Ford administrations *A Military History of the Cold War, 1962-1991* Jonathan M. House, 2020-09-24 Study of the Cold War all too often shows us the war that wasn't fought The reality of course is that many hot conflicts did occur some with the great powers weapons and approval others without It is this reality and this period of quasi war and semiconflict that Jonathan M House plumbs in *A Military History of the Cold War 1962-1991* a complex case study in the Clausewitzian relationship between policy and military force during a time of global upheaval and political realignment This volume opens a new perspective on three fraught decades of Cold War history revealing how the realities of time distance resources and military culture often constrained and diverted the inclinations or policies of world leaders In addition to the Vietnam War and nuclear confrontations between the USSR and the United States this period saw dozens of regional wars and insurgencies fought throughout Asia Africa and Latin America Cuba Pakistan Indonesia Israel Egypt and South Africa pursued their own goals in ways that drew the superpowers into regional disputes Even clashes ostensibly unrelated to the politics of East West confrontation such as the Nigerian Biafran conflict the Falklands Malvinas War and the Indonesian occupation of East Timor involved armed forces weapons and tactics developed for the larger conflict and thus come under House's scrutiny His study also takes up nontraditional or specialized aspects of the period including weapons of mass destruction civil military relations civil defense and control of domestic disorders The result is a single integrated survey and analysis of a complex period in geopolitical history which fills a significant gap in our knowledge of the organization logistics operations and tactics involved in conflict throughout the Cold War
