Don Pendleton

Hostile Proximity The Executioner 239:

Lethal Payload Don Pendleton, 2014-01-15 ROGUE S GALLERY A rescue mission in the South Pacific turns up a wild card that puts Mack Bolan on the trail of an elusive enemy mounting a horrific and ingenious attack against the U S one that involves traitors deep inside one of the world s most elite and powerful groups of soldiers the French foreign legion Bolan s hard probe takes him halfway across the globe to French Guiana where a faceless enemy is in deadly pursuit The stakes get higher when Bolan makes the connection between the country s state of the art satellite launch facility and a terrorist plot poised to send shock waves around the world With the situation spinning out of control the Executioner plays long odds for his very survival But this time he s betting the farm

Hostile Proximity Don Pendleton, 1998 An ex KGB general is preparing to launch the New Revolution for communism in Cuba With a cadre of displaced compatriots aided by the Cuban military and armed with stolen Russian weaponry he s using drug money to finance an army of mercenaries and that s where Mack Bolan picks up the trail The threat of communism hardliners in the region will create a military powder keg for the U S and Mack Bolan must stop the conspiracy

Lockdown Don Pendleton, 2017-01-21 LETHAL CONTAINMENT The high level demonstration of a military experiment has gone hideously wrong A refined nerve agent designed to temporarily enhance strength and endurance on the battlefield has failed Anyone who comes in direct contact with the highly contagious agent is transformed into a human monster a living breathing killing machine The research facility is in full lockdown and Hal Brognola is trapped inside Mack Bolan and Phoenix Force s David McCarter must enter the hot zone where contaminated researches are slaughtering each other The threat to the population at large is enormous If the Stony Man warriors can t gain control of the facility Brognola and countless others will die And while the battlefield is a new one the Executioner s mission remains the same protect the innocent and punish the guilty

Death Gamble Don Pendleton, 2014-01-15 MISFORTUNES OF WAR Nightwind the military s best kept secret is the most lethal anti missile aircraft in America s arsenal Its solid state laser system and advanced optics make it virtually indestructible and infinitely lethal But willing to barter his secrets to enemies of the Western world the scientist who created it has sold out The blueprints for Nightwind are going on the auction block in exchange for cold hard cash Brokering the deal is an ex KGB killer with traitors on his payroll Nikolai Kursk s vision is limited only by his capacity for power Not only has he put the scientist and the system plans on the market he s about to up the ante by stealing the plane itself His buyers are dealing because they want to see America burn And their blood money suits Kursk just fine But that kind of currency carries a price soon to be collected in full by the Executioner

Hostile Alliance Don Pendleton, 2003 Mack Bolan goes undercover within the organization of Francisco Gothe the godfather of Costa Rica a human monster who has built an empire and left a trail of blood and murder along the way It s the Executioner s mission to bring Gothe down by tricking him at his own game Original *Serial Vigilantes of Paperback Fiction* Bradley Mengel, 2009-10-21 Rough justice has often been served in the pages of serial novels notably beginning with

Don Pendleton's *The Executioner* in 1969. This is the first overview of the serial vigilante genre which featured such hard-boiled protagonists as Nick Carter, Mark Stone, Jake Brand, and the Able Team among the 130 series that followed. Pendleton's novel *Serial Vigilantes* repeatedly takes the law into their own hands, establishing and imposing their own moral standards, usually by force. The book examines the connections between the serial vigilante and the pulp hero that preceded him and how the serial vigilante has influenced a variety of tough guys, private eyes, spies, and cops in different media. A complete bibliography for each series is featured.

POINT POSITION Don Pendleton, 2017-01-21. Bankrolled by a drug czar, turned arms dealer, Europe's most dangerous right-wing splinter group grabs a cache of stolen chemical weapons. Doubling the score, the terrorists seize a prototype weapon, the brainchild of a U.S. black ops project so covert not even the Oval Office is aware of its existence. **SHOCK WAVE** Mark Bolan's offensive to neutralize the terrorists and recover the weapons is undermined by rogue mercenaries operating deep inside a shadow world, all determined to retrieve the prototype, a sonic weapon of stunning destructive capabilities. *The Executioner's* long arm of justice never wavers as he stalks the streets and catacombs of Marseilles, targeting the guilty with a hail of lead and fury.

SOVIET SPECTER Don Pendleton, 2017-01-21. A customs bust in New York alerts Mack Bolan to a heroin smuggling operation run by Russian gangsters. His mission is three-pronged: find the brain behind the enterprise, smash the network that stretches from New York to Moscow, and protect the beautiful Russian witness from enforcers working around the clock to kill her.

RULES OF ENGAGEMENT Undercover as a rogue cop on the take, Bolan penetrates the drug ring and finds tentacles reaching deep into the U.S. justice system. Shooting his way out of a blood bath at every turn, *The Executioner* winds his way through the maze of corruption and death, delivering the kind of payback these criminals have coming to them.

SHADOW SEARCH Don Pendleton, 2014-01-15. **INTO THE HEART** The bloody terrain of West Africa is the staging ground for a rescue mission with almost impossible odds. Mack Bolan's directive comes straight from the Oval Office: find and recover two hostages kidnapped to blackmail the embattled head of a civil war-torn province. Bolan is facing powerfully backed terrorists whose campaign of death strikes fear into the heart of a struggling nation. And his offensive loses ground when he clashes with ruthless slave traders whose innate knowledge of the hostile African bush makes the enemy and the hostages more elusive. But the war continues deep into the shadow land where violence and death rule, and justice comes only at the uncompromising hand of the Executioner.

Night of the Knives Don Pendleton, 2004. A mysterious group is lining the pockets of criminals and drug smugglers from Africa to South America. Bolan must track the flow of blood to the heart of the conspiracy to stop scores of innocents from being killed. Original.

Leviathan Don Pendleton, Dennis Pendleton, 2001. A narcotics manufacturing plant financed by corrupt CIA spooks in bed with the Mafia put Mack Bolan in the middle of the Atlantic to bring down this floating factory that is inside an offshore drilling rig. But unearthly creatures turn this Bermuda Triangle mission into an eerie dance with the forces of nature.
