M. Ferreira,Mário L. Raposo,Cristina I. Fernandes,Marcus Dejardin,2016-04-20 Research interest in the service sector has boomed in recent years as deindustrialisation became entrenched Instead of being regarded as merely supplementary to traditional industry and manufacturing services have generated progressively rising levels of growth in developed economies while at the same time coming to be recognised as major drivers of innovation Among the factors which have helped service companies notch up swifter growth rates than all other sectors are the outsourcing of such services by other sectors including the development of information and communication technologies and changes to the regulatory legal and market frameworks as well as globalisation and internationalisation The result is a cluster of highly innovative firms which can loosely be grouped under the heading of Knowledge Intensive Business Services KIBS Knowledge Intensive Business Services and Regional Competitiveness charts the development of these firms and explores their success through four mutually linked parts KIBS and industrial dynamics KIBS and their context KIBS and their contribution to regional competitiveness and economic development and finally KIBS and public policy This book is suitable for researchers and policy makers interested in the rise of these influential actors and their influence on regional competitiveness **Biomedical Research and Integrated Biobanking: An Innovative Paradigm for Heterogeneous Data Management** Massimiliano Izzo,2016-03-17 This doctoral thesis reports on an innovative data repository offering adaptive metadata management to maximise information sharing and comprehension in multidisciplinary and geographically distributed collaborations It approaches metadata as a fluid loosely structured and dynamical process rather than a fixed product and describes the development of a novel data management platform based on a schemaless JSON data model which represents the first fully JSON based metadata repository designed for the biomedical sciences Results obtained in various application scenarios e g integrated biobanking functional genomics and computational

neuroscience and corresponding performance tests are reported on in detail Last but not least the book offers a systematic overview of data platforms commonly used in the biomedical sciences together with a fresh perspective on the role of and tools for data sharing and heterogeneous data integration in contemporary biomedical research E-Publishing and Digital Libraries: Legal and Organizational Issues Iglezakis, Ioannis, Synodinou, Tatiana-Eleni, Kapidakis, Sarantos, 2010-10-31 In this book a comprehensive review of various legal issues concerning digital libraries is presented Provided by publisher

Proceedings of the 3rd International Conference on Internet, Education and Information Technology (IEIT 2023) Dhananjay Kumar, Pavel Loskot, Qingliang Chen, 2023-09-01 This is an open access book The 3rd International Conference on Internet Education and Information Technology IEIT 2023 was held on April 28 30 2023 at the Xiamen China With the development of science and technology information technology and information resources should be actively developed and fully applied in all fields of education and teaching so as to promote the modernization of education and cultivate talents to meet the needs of society From the technical point of view the basic characteristics of educational informatization are digitalization networking intelligentization and multi media From the perspective of education the basic characteristics of educational information are openness sharing interaction and cooperation With the advantage of the network it can provide students with a large amount of information and knowledge by combining different knowledge and information from various aspects in a high frequency Therefore we have intensified efforts to reform the traditional teaching methods and set up a new teaching concept from the interaction between teachers and students in the past to the sharing between students In short it forms a sharing learning mode For all students strive to achieve students learning independence initiative and creativity To sum up we will provide a quick exchange platform between education and information technology so that more scholars in related fields can share and exchange new ideas The 3rd International Conference on Internet Education and Information Technology IEIT 2023 was held on April 28 30 2023 in Xiamen China IEIT 2023 is to bring together innovative academics and industrial experts in the field of Internet Education and Information Technology to a common forum The primary goal of the conference is to promote research and developmental activities in Internet Education and Information Technology and another goal is to promote scientific information interchange between researchers developers engineers students and practitioners working all around the world The conference will be held every year to make it an ideal platform for people to share views and experiences in international conference on Internet Education and Information Technology and related areas **Internal Communications** Liam FitzPatrick, Klavs Valskov, 2014-08-03 Get internal communications right in your organization and the benefits are clear motivated staff better financial performance a strong external reputation and delighted customers are just a few of the reasons why getting your message over to staff effectively matters Internal Communications explores what good practice in internal communications looks like providing a no nonsense step by step approach to devising an internal communications strategy Written by experts with extensive

experience as consultants and in house leaders in the private public and not for profit sectors Internal Communications covers how to build an internal communications team and plan devise messages and decide which channels to use work with line managers and senior leaders research and evaluate internal communications and support change within an organization Supported by easy to follow models example explanations of the core theory and case studies it provides students and internal communicators alike with the practical tools and advice they need to make a difference in an organization The book is also supported by online resources including slides for lecturers
