**Hour Father** Dee Stackpole,1989-01-01      **The Patterns of the Scripture** Hedley Palmer,2011-04 God does not act randomly or at whim His moves may be mysterious to us but he has left clues for diligent students to follow and these clues embedded throughout Scripture will lead us out of deception and toward understanding the true identity of the one God has chosen to save humankind In *The Patterns of the Scripture* Unlocking the Chronological and Genealogical Coding of the Scriptures author Hedley Palmer discusses in depth the patterns inherent in the Old and New Testaments how they lead to proving the authenticity of the Bible and the history of deception in regard to these truths Casual readers will find Palmer s well explored and documented insights very rewarding and serious students of Scripture will find Palmer s work of great interest Writing in the methodical and logical spirit of the Creator Palmer approaches biblical passages with the view that events are neither arbitrary nor haphazard and are necessarily part of a larger structure Resolving genealogical and chronological issues and perplexing incongruities in the Bible then merely becomes an exercise in applying this pattern Through study of the patterns in the Old and New Testaments we realize that Scripture has had its narratives dictated by the formation of these patterns The Creator does things in his own inimitable and logical manner and perceiving his direct hand in compiling the Scriptures leads us to greater understanding of his word and will      [Our Father's Message. A series of twenty short tracts on the person and work of Jesus Christ, etc](#) Alfred Cory KINGDON,1868      **Our Father, Our Teacher** Christopher J. Reeves,2022-09-16 From the beginning God created men and women in his own image as the objects of his love His intention has been to father mankind raising us as his children While the intimacy of this relationship was broken through the fall our Father has never stopped loving us His faithful lovingkindness is unchanged And through Jesus we not only see the intimate relationship of Father and Son as the divine pattern but we find ourselves restored as children in his household Through Jesus we can experientially live in relationship with our Father and through the working of the Holy Spirit within affectionately call him our Abba The greatest opportunity is now afforded to us to walk in loving intimacy with our Father as he raises us teaches us his ways and matures within us his divine nature of other centered love Our Father Our Teacher is a biblical exploration of how God is drawing men and women to himself in an experiential relationship of love and learning      [Unlocking Your Family Patterns](#) David Carder,Earl R. turn you've been looking for      **My Father and Your Father** William Landon, 2003-10 This book is an attempt to relate the wonderful biblical truths about the possibility of having a living personal relationship with God This truth comes down through the entire history of the Christian faith as well as in the Bible Yet there is very little teaching or promotion of this truth in organized religion This lack of a presentation of the message of God as our Father results in a corresponding lack of power and freedom for effective daily living in the Christian community Sadly many people in religious organizations not to mention people outside the religious system doubt if a personal relationship with God is even possible This is even sadder when we consider the Bible is very clear on this point The Bible tells us that a personal relationship with God as our Father is not only possible but this relationship is God's greatest desire for us It is Bill Landon's hope that this book will be an encouragement for those people who seek a spiritual life that has more practical impact on their daily living For those who wish to explore the possibilities of a greater peace and fullness in their living this book can be a help      Arthur Stanton

investigates the claims which have often not been substantiated by quantitative data in the literature and have tended to focus on particular genres of political discourse that there is a correlation between a higher degree of religiosity in Republican political discourse and voting preferences for the party and that Democratic politicians should engage in similar discourse toward closing the gap The book adopts a keyword approach using such techniques as collocation analyses concordance reading and Bible specific N gram identification toward the study of a corpus of general campaign speeches over a 50 year period and links findings from this data with social and cultural contextual factors to provide a more informed understanding of rhetorical patterns in religiously laden political language The volume showcases the value of corpus linguistic methods in interrogating claims around political language and their broader applicability in linguistic research making this key reading for students and scholars in corpus linguistics critical discourse analysis American politics and religious studies
