THE HOUSE BEHIND THE CEDARS. BY CHARLES W. CHESNUTT. Charles Waddell Chesnutt, 1968      *The House Behind the Cedars* Charles Waddell Chesnutt, 2016-08-10

The House Behind the Cedars is the first novel by American author Charles W. Chesnutt. It was published in 1900 by Houghton Mifflin and Company. The story occurs in the southern American states of North and South Carolina a few years following the American Civil War. Rena Walden, a young woman of mixed white and black ancestry, leaves home to join her brother who has migrated to a new city where he lives as a white man. Following her brother's lead, Rena begins living as a white woman. The secret of her identity leads to conflict when she falls in love with a white aristocrat who learns the truth of her heredity. The ensuing drama emphasizes themes of interracial relations and depicted the intricacies of racial identity in the American south. Chesnutt's autobiography informed the novel's themes. Being of predominantly European ancestry, Chesnutt was light-skinned enough to pass as a white man, although he openly identified with his African American roots. Additionally, his portrayal of interracial romantic relations in *The House Behind the Cedars* was controversial. Although the novel was critically well-received, its controversy contributed to poor financial performance.

**Plot summary** The novel opens a few years after the Civil War with John Warwick from Clarence, South Carolina, leaving a hotel in Patesville, North Carolina. He walks around the town in which he used to live and tries to visit Judge Archibald Straight, but he is not in his office. Warwick's attention is captured by a striking young woman who he does not recognize as Rena and follows her to the house behind the cedars. Warwick cautiously approaches the house, worried about being seen, and is invited in by Molly Walden. He says that he has a message for Walden from her son, but she then realizes that Warwick is her son, who she has not seen in years. Warwick joyfully reunites with his mother and his sister, Rena, and tells them what his life has been like since leaving home. He reveals that he has become a successful lawyer and that he was married, but his wife died and left him with a baby boy. Warwick asks Rena if she would come live with him and help take care of his son, Albert. Molly is reluctant to send off her only daughter, and Rena does not want to leave her mother alone, but John ultimately convinces his mother that Rena will have a better life with him. The next morning, Warwick visits Judge Straight, his mentor for whom he used to work as an office boy under the name John Walden. Straight warns him not to stay in town for too long or else people may start to question his presence. He then contemplates that it would have been better for John to move further away from home than South Carolina, even though the laws were with him. Rena says goodbye to her mother and Frank Fowler, one of their workmen who is a close friend of the family and is deeply in love with Rena. Upon their arrival to Clarence, John and Rena attend a tournament where men dressed as knights participate in a jousting competition. The Warwicks are seated among the most prominent white guests when Rena drops her handkerchief into the ring, and one of the knights catches it and uses it as a token of good luck. The knight, George Tryon, wins the tournament and names Rena his queen of love and beauty. As the winner, Tryon invites Rena to accompany him to the annual tournament ball. Charles Waddell Chesnutt

*The House Behind the Cedars* 1900 is African American writer Charles Chesnutt's debut novel. Inspired by his own experience as a Black man capable of passing for white, which Chesnutt consciously chose not to do as well as by Walter Scott's *Ivanhoe*, *The House Behind the Cedars* explores themes of identity, race, and class in the post-Civil War South. Controversial for its portrayal of interracial romance, Chesnutt's novel was critically acclaimed in its day but failed financially. It was adapted into a 1927 silent film by pioneering Black director Oscar Micheaux. After years of living in the city, John Warwick visits his hometown to see his mother and sister. Hearing of his success as a lawyer and father, Rena, his sister, is intrigued with city life and decides to join him when he returns. With a Black mother and white father, the two are able to pass for white, which allows them. Rena soon discovers a certain amount of social mobility in the South. It being only a few years after the Civil War, there is, of course, some risk to this, but the opportunity is too enticing to pass up. Rena soon meets George, a wealthy white man and business partner of her brother, and the two fall in love. When she is called home to care for her sick mother and as George begins to grow suspicious, it becomes more and more difficult to keep her secret and her family safe. With a beautifully designed cover and professionally typeset manuscript, this edition of Charles Chesnutt's *The House Behind the Cedars* is a classic of African American literature reimagined for modern readers.
