*The House on Moon Lake* Francesca Duranti, 1986      Italian Women's Writing, 1860-1994 Sharon Wood, 1995-01-01  
Women's writing in Italy from Unification to the present day examining the lives and works of women writers within the context of Italian history culture and politics The changing face of Italian social and political life since Unification has greatly affected the position of women in Italy This work explores the relation between the changing role of women over this period then struggle for social and political emancipation and equality and the search by women writers to a personal and authentic literary voice      **The House on Moon Lake** Francesca Duranti, 2020-05-05 Fabrizio Garrone is an impoverished but aristocratic translator who has been living a life of quiet desperation in Milan He feels underappreciated and tormented by a persistent sense of having been cheated by life But when he reads about a lost Viennese novel *The House on Moon Lake* in the journals of a late esteemed literary critic he dreams that this project will put him on the cultural and literary map and finally bring him the accolades that have eluded him Fabrizio journeys to Vienna tracks down the book and translates it and in so doing embarks on a nightmarish search for the truth behind the events depicted in it as well as for clues about the tragic life of its forgotten author When asked to write a short biography of the novelist Fabrizio must invent details missing from the last three years of his subject's life The resulting biography is a publishing phenomenon But the repercussions for Fabrizio are profound he becomes the willing victim of a person he had thought to be fictional      **Hearings Held Before the Committee on the Public Lands of the House of Representatives, February 15, 17, 18, 19, 25, and March 2, 1910, on H. Shields, 2017-10-26 Typed manuscript copy      Florida Jeff Rice, 2015-04-01 This collection proposes Florida as a nexus of various contested moments ideas concepts and relations In the age of networks it is not enough to only think of computerized economic or labor intensive systems as networks Florida is both a site of exploration what does Florida mean and a model for spatial work in general how do we trace out the networked connections of a given space Florida taps into an existing conversation regarding space and it contributes a new approach by offering up the state as a network of both objective and personal meanings      Saratoga and How to See It R. F. Dearborn, 2022-09-04 R F Dearborn's *Saratoga and How to See It* stands as a comprehensive guide to the storied city of Saratoga appreciated not only for its rich historical tapestry but also for its cultural significance The book is traditionally structured providing a historiographic journey through the city's famous locales and the less trodden paths that hold secrets to its illustrious past In essence it serves as a literary map for the discerning traveler or historian meticulously documenting the geography of a place that transcended its physical boundaries to become an epitome of historical reverence Dearborn's prose interwoven with factual accuracy and eloquent descriptions finds its place within the literary context of travel writing and historical revelation
