Rumer Godden, In this second autobiography the author describes the progression of her life as she leaves India with her two daughters and settles in London She tells of her house moves relationships and writing with characteristic wit and humour **Republic**, 1876 Substandard Wages United States. Congress. Senate. Committee on Education and Labor, 1945 Coal Review, 1923 *Family and Household Religion* Rainer Albertz, Beth Alpert Nakhai, Saul M. Olyan, Rüdiger Schmitt, 2014-06-06 This volume is the most recent collective contribution of a group of biblical scholars and archaeologists who are engaged in an ongoing debate about the nature of family and household religion in ancient Israel and its environment It is intended to complement the volume *Household and Family Religion in Antiquity* edited by John Bodel and Saul M Olyan which grew out of a conference held at Brown University in 2005 on household and family religion in the ancient Mediterranean world with an emphasis on cross cultural comparison Several meetings after the Brown conference carried the theme forward and a fourth meeting at Westfälische Wilhelms Universität Münster in April 2009 emphasized theoretical and methodological challenges facing scholars of household and family religion e g the conceptualization of family household religion the problem of identifying pertinent artifacts and the difficulties inherent in using texts together with material evidence This volume is a direct outgrowth of the Münster meeting

For both the meeting and the volume the goal was to bring together a group of specialists in biblical studies epigraphy and archaeology who would utilize a variety of humanistic and social scientific approaches to the data and would also be willing to engage in dialogue and debate during the conference in M nster there was much vigorous intellectual engagement The essays published here reflect the energy of that conference and will contribute both individually and collectively to the advancement of our knowledge of Israelite family and household religion

The Archaeology of Israelite Society in Iron Age II Avraham Faust, 2012-06-01 Referring to several important introductory books written about the archaeology of the land of Israel William Dever once stated However adequate these may be as introductions to the basic data none makes any attempt to organize the data in terms of social structure This is a serious deficiency in Syro Palestinian and biblical archaeology when one considers that the general field of archaeology has been moving toward social archaeology for 20 years or more Dever Social Structure in Palestine in the Iron Age II Period on the Eve of Destruction in The Archaeology of Society in the Holy Land ed T E Levy London 1995 p 416 Lack of discussion of social questions has characterized the archaeology of the land of Israel for some time even though around the world these questions constitute an important component of archaeological research see for instance the work of Renfrew Flannery Gibbon Blanton Dark Bahn Hodder Trigger and many others The Archaeology of Israelite Society in Iron Age II fills this gap and analyzes the structure of society in the ancient kingdoms of Israel and Judah from an archaeological viewpoint It also applies models and theories from the field of social and cognitive archaeology using the tools of various social science disciplines anthropology sociology economics geography and so on Due to his ability to use what is probably the largest archaeological data set in the world hundreds of planned excavations thousands of salvage excavations and extensive surveys all from the small region that was ancient Israel Avi Faust contributes not only to the study of ancient Israelite society but to the most fundamental questions about ancient societies These questions include the identification of socioeconomic stratification in the archaeological record the study of family and community organization the significance of pottery small finds and architecture as indicators of wealth and more This groundbreaking monograph is one of the first attempts at a large scale study of Israelite society based primarily on the archaeological evidence The following acknowledgments were inadvertently omitted from the front matter of the volume Amihai Mazar figure 31 Amnon Ben Tor figures 40 41 Israel Antiquities Authority figures 21 24 25 26 29 30 32 33 36 and Photo 5 Israel Exploration Society figures 11 13 15 17 18 19 27 42 Israel Finkelstein figure 28 Izhak Beit Arie figures 34 35 Shimon Dar figures 22 23 The Institute of Archaeology Tel Aviv University figures 7 8 The Institute of Archaeology the Hebrew University figures 40 41 Zeev Herzog figures 6 9 10 12 14 16 20 *To Explore the Land of Canaan* Aren M.
