Housing And Social Policy:

Housing and Social Policy Chester W. Hartman, 1975 *Housing, Social Policy and the State* Joseph Melling, 2025-07-15

The topic of housing is central to urban history as well as to social policy. Historians have focussed either on local conditions or national developments but until first publication of this book in 1980 there had been few systematic attempts to relate local amenities to general policy. The essays provide an interdisciplinary approach to the study of housing blending original local studies with a novel theoretical perspective on the development of social policy. Covering a wide geographical area the book focusses on housing conditions within the locality surveyed and the intervention of both local and central government in the provision of working class dwellings. The studies relate specific cases to general problems of economic and social development and changes in class relations.

Housing, Social Policy and Difference Malcolm Harrison, Cathy Davis, 2001-04-18

How does the welfare state and its institutions respond to impairment ethnicity and gender. This book provides an overview of issues set in the context of housing. From ethnic minority housing needs to the housing implications of domestic violence it shows how difference is regulated in housing.

Social Policy and Discourse Analysis Greg Marston, 2004

Despite the fact that policy is increasingly led by the mass media social policy research has so far focused on variables and quantitative measurement rather than cultural meanings and moral welfare debates. Taking a critical examination of social policy on public housing by way of illustration this book demonstrates how critical discourse theory can be used in applied research. It shows how the theory and method of critical discourse analysis can be worked together in an intricate and accessible way.

Lundqvist, 2023-03-31

Originally published in 1986 this book compares and evaluates the effects of converting rental housing into owner occupancy in the USA the UK and Germany. The evaluation examines the pros and cons of such conversions. The conversion controversy is more than a technical discussion of outcomes of different housing strategies. By viewing tenure conversions as strategies for limiting direct governmental involvement this comparative evaluation indicates something about the effects not only on housing but on general social welfare of such strategies.
