Knowledge Multilateral Interven:

Knowledge and Expertise in International Interventions Berit Bliesemann de Guevara, Roland Kostic, 2018-02-02

Knowledge about violent conflict and international intervention is political. It involves power struggles over the objects of knowing, problematization, silencing, how they are known, epistemic practices, and what interpretations are taken into account in policymaking and implementation. This book unearths the politics, power, and performances involved in the social construction of seemingly neutral concepts such as facts, truth, and authenticity in knowing about violent conflict and international intervention. Contributors foreground problems of physical and social access to information, explore practices generating knowledge, actors, authority, and legitimacy, and analyse struggles over competing policy narratives. A first set of chapters focuses on the social construction of facts, truth, and authenticity through studies of militia research in the DR Congo, politicians on site visits in intervention theatres in the Balkans and Afghanistan, and the epistemic practices of Human Rights Watch and comics journalism. A second set of contributions analyses the strategic side of knowledge through case studies of diplomatic counterinsurgency in Bosnia and Herzegovina, African governments' active role in the bunkerization of international aid workers, and authoritarian peacebuilding as a challenge to the liberal power knowledge regime in world politics. This book was originally published as a special issue of the *Journal of Intervention and Statebuilding*. The Practice of Humanitarian Intervention Kai Koddenbrock, 2015-08-27 This book examines the practices in Western and local spheres of humanitarian intervention and shows how the divide between these spheres helps to perpetuate Western involvement. Using the Democratic Republic of the Congo as a case study, an object of Western intervention since colonial times, this book scrutinizes the contemporary practice of humanitarian intervention from the inside. It seeks to expose how humanitarian aid and peacekeeping works, what obstacles they encounter, and how they manage to retain their legitimacy. By examining the relationship between the West and the DR Congo, this volume asks why intervention continues to be so central for the relationship between Western and local spheres. Why is it normal and self-evident? The main answer developed here is that the separation of these two spheres allows intervention to enjoy sufficient degrees of legitimacy to be sustained. Owing to the contradictions that surface when juxtaposing the Western and Congolese spheres, this book highlights how keeping them separate is key to sustaining intervention. Bridging the divide between the liberal peace debate in International Relations and anthropologies of humanitarianism, this volume thus presents an important contribution to taking both the legitimizing proclamations and local realities of intervention seriously. The book will be of much interest to students of statebuilding, peacebuilding, peacekeeping, anthropology, research methods, and IR in general. *Multilateral Security and ESDP Operations* Fulvio Attinà, Daniela Irrera, 2016-04-15 This volume presents complementary analyses of the current features, issues, and trends of multilateral security and the European Security and Defence Policy (ESDP) peace operations. The work presents an astute interpretation of the attributes of ESDP operations in the context of the diffusion of peace operations.

practice at the present time Founded on the detailed examination of different peace operations and the analysis of relevant data the book allows for the assessment of the near future of peace operations **The Responsibility to Protect**

Coalitions of Convenience Sarah E. Kreps, 2011-01-14 Why does the United States sometimes seek multilateral support for its military interventions When does it instead sidestep international institutions and intervene unilaterally In *Coalitions of Convenience* a comprehensive study of US military interventions in the post Cold War era Sarah Kreps shows that contrary to conventional wisdom even superpowers have strong incentives to intervene multilaterally coalitions confer legitimacy and provide ways to share the costly burdens of war Despite these advantages multilateralism comes with costs multilateral responses are often diplomatic battles of attrition in which reluctant allies hold out for side payments in exchange for their consent A powerful state s willingness to work multilaterally then depends on its time horizons how it values the future versus the present States with long term those that do not face immediate threats see multilateralism as a power conserving strategy over time States with shorter term horizons will find the expediency of unilateralism more attractive A systematic account of how multilateral coalitions function *Coalitions of Convenience* also considers the broader effects of power on international institutions and what the rise of China may mean for international cooperation and conflict

Regional Organizations and Peacemaking Peter Wallensteen, Anders Björner, 2014-08-21 This book analyses the new and difficult roles of regional organizations in peacemaking after the end of the Cold War and how they relate to the United Nations UN Regional organizations have taken an increasingly prominent role in international efforts to deal with international security The book highlights the complex interaction between the regional and sub regional organizations on the one hand and their relations with the United Nations on the other Thus the general issues of UN and its authority are scrutinized from legal practical and geopolitical perspectives Taking on a broad geographical focus on Africa the Arab world and Europe the book also provides an extensive range of case studies with detailed analysis of particular situations organizations and armed conflicts The authors scrutinise the heterogeneous relationship between the different organizations

as well as the challenges to them political resources legal standing financial assets capabilities and organizational set up Moreover they investigate whether regional organizations as compared to the UN are better suited to deal with today's intra state conflicts The book also aims to dissect the evolution of these institutions historically in relation to Chapter VIII of the UN Charter which mentions the resort to regional arrangements for conflict management as well as more generally in relation to the principles of international law and UN principles of peacemaking This book written by a mixture of established scholars diplomats and high level policymakers will be of great interest to students as well as practitioners in the field of peace and conflict studies regional security international organisations conflict management and IR in general

The New World of UN Peace Operations Thorsten Benner, Stephan Mergenthaler, Philipp Rotmann, 2011-06-09 Peace operations are the UN's flagship activity Over the past decade UN blue helmets have been dispatched to ever more challenging environments from the Congo to Timor to perform an expanding set of tasks From protecting civilians in the midst of violent conflict to rebuilding state institutions after war a new range of tasks has transformed the business of the blue helmets into an inherently knowledge based venture But all too often the UN blue helmets policemen and other civilian officials have been flying blind in their efforts to stabilize countries ravaged by war The UN realized the need to put knowledge guidance and doctrine and reflection on failures and successes at the center of the institution Building on an innovative multi disciplinary framework this study provides a first comprehensive account of learning in peacekeeping Covering the crucial past decade of expansion in peace operations it zooms into a dozen cases of attempted learning across four crucial domains police assistance judicial reform reintegration of former combatants and mission integration Throughout the different cases the study analyzes the role of key variables as enablers and stumbling blocks for learning bureaucratic politics the learning infrastructure leadership as well as power and interests of member states Building on five years of research and access to key documents and decision makers the book presents a vivid portrait of an international bureaucracy struggling to turn itself into a learning organization Aimed at policy makers diplomats and a wide academic audience including those working in international relations peace research political science public administration and organizational sociology the book is an indispensable resource for anyone interested in the evolution of modern peace operations

Pursuing Effective Multilateralism R. Kissack, 2010-06-16 Does EU participation in the multilateral system lead to the goal of effective multilateralism This book examines 8 multilateral organizations showing how EU policies harm the organizations they mean to help The multilateral system is too heterogeneous for a one size fits all approach we must understand multilateralism working in practice

Peace Figuration after International Intervention Gözim Visoka, 2016-07-01 This book examines the adverse impacts of liberal peacebuilding in conflict affected societies It introduces peace figuration as a new analytical framework for studying the intentionality performativity and consequences of liberal peacebuilding The work challenges current theories and views and searches for alternative non conflicted research avenues that are suitable for understanding how peacebuilding intentions are made how different events shape peace outcomes and what are the consequences of peacebuilding interventions Drawing on detailed case studies of peacebuilding in Bosnia and Herzegovina Kosovo and Timor Leste the book argues that attempts to build peace often fail to achieve the intended outcomes A figural view of peacebuilding interventions shows that post conflict societies experience multiple episodes of success and failure in an unpredictable trajectory This book develops a relational sociology of peacebuilding impact which is crucial for overcoming static measurement of peacebuilding successes or failures It shows that international interventions

can shape peace but importantly not always in the shape they intended This book will be of much interest to students of statebuilding peacebuilding war and conflict studies security studies and IR The EU's Approach to Conflict Analysis in Integrated Conflict Interventions Kieran Doyle, Sean Mc Gearty, 2025-02-26 This book aims to critically examine the European Union's peacebuilding approach focusing on integrated conflict analysis suggesting a new model for conflict analysis within the EU Common Security and Defence Policy It explores recent interventions while also addressing the need for improved conflict sensitivity It argues that greater self reflexivity and deeper reflection on motivations for intervention plays a critical role within multilateral efforts to address implementation gaps encourage greater analytical capacity suggest categories of partnership interaction with other actors and give centrality to the EU's integrated approach reorienting away from the growing emphasis on securitisation It is aimed at policy makers and practitioners asking questions of contemporary analysis frameworks which validate causal pathways and currently provide the basis of the international peace architecture Civil Wars, Insecurity, and Intervention Barbara F. Walter, Jack L. Snyder, 1999 Since the end of the Cold War a series of costly civil wars many of them ethnic conflicts have dominated the international security agenda This volume offers a detailed examination of four recent interventions by the international community
