Bolisani, Ettore

Knowing Sharing In Practices:

Science Cultures in a Diverse World: Knowing, Sharing, Caring Bernard Schiele, Xuan Liu, Martin W. Bauer, 2021-09-13 Science and technology culture is now more than ever at the very heart of the social project and all countries to varying degrees participate in it raising scientific literacy improving the image of the sciences involving the public in debates and encouraging the young to pursue careers in the sciences Thus the very destiny of any society is now entwined with its ability to develop a genuine science and technology culture accessible for participation not only to the few who by virtue of their training or trade work in the science and technology fields but to all thereby creating occasions for society to debate and to foster a positive dialogue about the directions of change and future choices This book organized on the theme of knowing sharing caring new insights for a diverse world which was derived from the observation that globalization rests upon diversity diversity of contexts publics research strategies and new innovating practices and aims to stimulate exchanges discussions and debates to initiate a reflection conducive to decentring and to be an opportunity for enrichment by providing the reader with means to achieve the potentialities of that diversity through a comparison of the visions that underpin the attitudes of social actors the challenges they perceive and the potential solutions they consider Thus this book aims first and foremost to raise questions in such a manner that readers so stimulated will feel compelled to contribute and will do so In this spirit however significant the results presented and shared are less important than the questions they seek to answer How are we to rethink the diffusion the propagation and the sharing of scientific thought and knowledge in an ever more complex and diverse world What to know What to share How do we do it when science is broken down across the whole spectrum of the world s diversity The book is recommended for those who are interested in science communication and science cultures in the new media era in contemporary social dynamics and in the evolution of the role of the state and of institutions It is also an excellent reference for researchers engaging in science communication public understanding of science cultural studies science and technology museum science society relationship and other fields of humanities and social sciences

Knowledge Sharing in Practice M.H. Huysman, D.H. de Wit, 2013-03-14 In this volume organizational learning theory is used to analyse various practices of managing and facilitating knowledge sharing within companies Experiences with three types of knowledge sharing namely knowledge acquisition knowledge reuse and knowledge creation at ten large companies are discussed and analyzed This critical analysis leads to the identification of traps and obstacles when managing knowledge sharing when supporting knowledge sharing with IT tools and when organizations try to learn from knowledge sharing practices The identification of these risks is followed by a discussion of how organizations can avoid them This work will be of interest to researchers and practitioners working in organization science and business administration Also consultants and organizations at large will find the book useful as it will provide them with insights into how other organizations manage and facilitate knowledge sharing and how potential failures can be

A Field Guide

to Nature as Spiritual Practice Steven Chase,2011-05-17 Steven Chase's innovative *On Earth As it Is* uses a compelling blend of theological, scriptural, historical, and cultural discussions to reclaim the role of nature in the formation of Christian spiritual and moral identity. His thought-provoking creation practices will lead readers into more profound knowledge of themselves and their Creator, guide them to greater compassion for their neighbors, instill in them reverence for and companionship with nature, and awaken in them a greater commitment to creation care. Encourages Christians to read the Bible, pray, and worship out of doors. Demonstrates the power of nature to soothe and heal the soul. Advocates befriending God's creation as a crucial element in Christian growth. Shows how the Bible is full of natural images and how nature itself can function as a holy text testifying to the glory of God. Offers stories, anecdotes, research, scriptural tie-ins, practical advice, and contemplative exercises to help readers experience God in nature.

Proceedings of the 10th International Conference on Intellectual Capital, knowledge Management and Organisational Learning Dr Annie Green,2013-01-09

Diversity and Knowledge Sharing in Global PBO Birgit Meyer,2025-04-23 Unlock the potential of cross-cultural collaboration with this essential book. It presents innovative strategies for achieving cross-cultural complementarity, highlighting the role of metacognitive cultural intelligence in enhancing knowledge sharing within global PBO. As global projects evolve, teams face unprecedented cross-cultural dynamics that bring both challenges and opportunities. Explore how cultural differences impact collaboration in mega-projects while valuing cultural diversity as a vital resource. The book includes a literature review assessing key cultural values and offers comparisons between Germany, the Netherlands, and China. Discover the influence of Chinese millennials and gain insights from ethnographic studies and case analyses that reveal success factors for effective cross-cultural team knowledge sharing. Equip yourself with the tools to foster collaboration and drive success in today's interconnected world. Transform your approach to global projects.

[Sharing Sadhana](#) Victoria Bailey,2012-07-12 A daily personal yoga practice or sadhana is carried out by yogis and yoginis throughout the world every day. Within western culture, our knowledge of yoga and yoga practices has been shaped by lessons and insights provided and shared by well-known yoga teachers and yoga therapists in various traditions. Yet the consistent message from all these teachers is to maintain your own daily practice, honor your sadhana. Finding and committing yourself to either a particular yogic tradition's daily discipline or finding the confidence and dedication to create your own yoga practice can be both daunting and challenging to new yoga students, while it eventually becomes an essential part of every day for people with an established practice. In *Sharing Sadhana*, the author provides an overview and outline of what yoga sadhana means within western yoga culture and what it means to prominent and experienced yoga teachers and therapists in the western yoga world. She interviews yoga teachers such as Richard Miller, Nischala Joy Devi, Leslie Kaminoff, and other prominent practitioners about their views, advice, and experience of sadhana and what it means to them in their personal daily lives and in their teaching. The book offers a means for these experienced practitioners to share information about their own

development of sadhana to provide insights into their own personal yoga journey as well as sadhana guidance and inspiration to new and seasoned yoga practitioners It includes the challenges they have faced on their yoga journey and how they have overcome those barriers their advice to other yoga practitioners and how their yoga practice has changed over time Anyone hoping to cultivate a better daily yoga practice will be inspired to begin today The Challenges of Knowledge Sharing in Practice Gunilla Widen-Wulff,2014-01-23 Addresses the key skills that are required in organisations in the information intensive society The book examines the power of information behaviour on the construction of different kinds of shared knowledge and social identity in a group An introduction to the different dimensions of social capital that is structural and cognitive and looks at the relational aspects of information behaviour in organisations Experiences are analysed in two different case studies in the financial and biotechnology industries in order to gain additional insights in how the internal organisation environment should be designed to support the development of the organisation s intellectual capital Introduces social capital dimensions to the knowledge management framework Provides empirical work on the new combination of social capital and organizational information behaviour Two different information sharing practices are presented a claims handling unit routine based work and a biotechnology firm expert work Develops social capital measures into qualitative information research Building the Knowledge Society on the Internet: Sharing and Exchanging Knowledge in Networked Environments Bolisani, Ettore,2008-06-30 In today s networked societies a key factor of the social and economic success is the capability to exchange transfer and share knowledge This book provides research on the topic providing a foundation of an emerging and multidisciplinary field Provided by publisher Nature as Spiritual Practice Steven Chase,2011-05-17 Chase s innovative work uses a compelling blend of theological scriptural historical and cultural discussions to reclaim the role of nature in the formation of Christian spiritual and moral identity **Sharing Power, Securing Peace** Lars-Erik Cederman,Simon Hug,Julian Wucherpfennig,2022-07-07 Shows how power sharing practices reduce violence both preventively and after conflicts by giving potential violent challengers access to central and or regional power
