The Case for Cops Shane T. Stone Ph.D., 2025-05-06 Are the police friends or foes The public's answer to that question is crucial As a society how we perceive the men and women of law enforcement will dictate whether we champion or challenge them as they strive to maintain order and keep criminals at bay in our communities In The Case for Cops Building Community Support for the Police Dr Shane Stone combines legal and moral reasoning with practical insight

to argue for the indispensability of police in modern society He reinforces this case with engaging examples real criminal cases and firsthand accounts from his career in law enforcement At a time when critics want to defund or reimagine the police Stone offers a reasoned and persuasive argument that highlights not only the immense danger and difficulties of the job but also the impressive dedication of those who serve This book challenges misconceptions about countless police attitudes procedures and tactics and sheds brand new light on cops To what end I realized that many even law abiding citizens have lost confidence in the police and need new reasons to get behind them once again This book offers all the proof anyone will ever need to gain a fresh appreciation for police officers and the life threatening work they willingly do so that the rest of us can sleep at night Shane Stone

The Management of Police Specialized Tactical Units Tomas C. Mijares, Ronald M. McCarthy, 2020-11-30 A major responsibility of the leadership of any specialized police unit is the awareness of endlessly changing societal legal and managerial developments that affect operations This third edition of The Management of Police Specialized Tactical Units represents a significant updating and expansion of each of the chapters from previous editions In addition to explaining the steps for developing and maintaining a realistic and effective response to increasingly violent levels of crime this edition discusses the social political and technological matters that must be continuously identified defined and resolved prior to the implementation of any substantive or procedural change in tactical policy and practice Legal and operational guidelines are provided to help tactical leaders to develop their leadership abilities and tactical success thereby enhancing the tactical unit's ability to safeguard the public The authors make extensive use of the latest court decisions to provide the legal bases for operations as well as recent case histories to illustrate the various aspects of organizational management These case histories do much more than summarize the sequence of events They also point out what was learned from the successes and failures alike Of particular interest is the new material on how the range of activities assigned to tactical units has expanded dramatically since September 11 2001 and how the law enforcement community has been forced to respond to its newest critics Emphasis is placed on how decision makers must not only be organizational managers and administrators but also on how they should possess a firm grasp of confrontation tactics and leadership principles

Cultures of Defiance and Resistance Scott G. McNall, 2018-01-29 How does one achieve a sense of freedom and meaning in a confusing over bureaucratized and unequal world Scott McNall offers the compelling case that we do so by taking a stand to protect our identities and values and by taking further steps to create a sense of community with like minded people Modern social movements have sprung up on the right and left to provide this sense of community to seek explanations for why things are the way they are and to discover what might be done in response At this critical juncture in American society when divisions over race class gender and government influence persist movements allow their members to feel they are not trapped by their conditions Cultures of Defiance and Resistance is an eye opening account of the Antis those who stand in opposition to received wisdom and power who resist the science of climate change who reject

vaccinations who want to ban GMOs and those who have resisted what they see as political or cultural oppression such as Black Lives Matter Occupy Wall Street and the Tea Party McNall masterfully explores the goals narratives and rhetoric used by groups on the left right and center to understand and cope with 21st century America in a time of mass discord uncertainty and hostility In doing so he reframes social movements for a new era in one of the first cross comparative books reflecting the entire political spectrum

I Can't Breathe David Horowitz,2021-10-05 THE TRUTH ABOUT THE BLACK LIVES MATTER MARTYRS This book is essential Don t miss it MARK LEVIN A brilliant examination of the actual facts of the George Floyd case and the subsequent exploitation of his death by Black Lives Matter LEO TERRELL civil rights attorney commentator In his latest salvo in the battle for America s survival David Horowitz exposes the racial hoax that is spawning riots and dividing the nation Examining the twenty six most notorious cases of police racism from Trayvon Martin and Michael Brown to George Floyd and Breonna Taylor Horowitz demonstrates that Black Lives Matter has lied about every one of them in its quest to undermine law and order fuel race hatred and destroy America In case after case the lies and mythmaking break down under Horowitz s scrutiny Even the chief prosecutor in the George Floyd case was forced to admit that he had no evidence of racial bias while Breonna Taylor the longtime accomplice of a major drug dealer was killed when she and her boyfriend resisted arrest The unchallenged myths about racist murders by the police have brought mayhem and crime to our cities where the victims are predominantly black They are also a slander against the United States the least racist country in history and against black Americans the vast majority of whom are successful and law abiding citizens Now the Biden administration has embraced the false narrative of systemic racism and white supremacy which supposedly infect every aspect of American life using it to justify a witch hunt for domestic terrorists Most Americans black and white know in their bones that this portrayal of their country is a lie An unflinching and courageous accounting I Can t Breathe is the urgently needed proof that they are right

experience succeeded in changing our national political narrative **The iPINIONS Journal** Anthony Livingston Hall, 2018-04-14 ANTHONY L HALL takes aim at the global events of 2017 with a unique and refreshing perspective Some of the topics in this volume include President Trump telling pathological lies He s continually challenging us to believe the lie we hear instead of the truth we see Instagram mainstreaming strippergrams Instagram has normalized tweets sharing for all the world to see not just their family albums but intimate pictures that should be for a lover s eyes only It is little more than a platform for hard core narcissists and soft porn exhibitionists to show off President Putin waiting in vain for payoff from hacking US election America s ingenious system of checks and balances has so circumscribed Trump s Putinesque impulses that all Putin has to show for his hacking is Russia suffering even worse economic sanctions and irreparable reputational damage White supremacists rampaging in Charlottesville over Confederate statue I can think of 99 things that bother me about racism in America today but a Confederate statue ain t one Justin Gatlin spoiling Usain Bolt s swan song in 100m The look of anguish on Bolt s face when it struck him that he was going to lose rivals that look in The Scream Edvard Munch s most famous painting Priceless Fox News reckoning with scourge of sexual harassment Fox News markets itself as a Christian sanctuary in a wasteland of moral degeneracy But these scandals expose it as just a proverbial Peyton Place Athletes and CEOs snubbing Trump He is so unpopular that being invited to this White House is tantamount to being invited to a garden party by that proverbial skunk **Police Misconduct** Cliff Roberson, 2017-02-17 This book explores the different types of police misconduct including the use of excessive force It also explores what types of officers become involved in illegal misconduct steps jurisdictions may take to prevent such problems and discusses who should police the police Also included is a historical analysis of police misconduct discussions on the legal restrictions designed to prevent police misconduct and steps that the jurisdiction may take to limit their liability Ancillary material is available with course adoption Rise of the Warrior Cop Radley Balko, 2021-06-01 Now updated with new material the groundbreaking history of how police forces have become militarized both in equipment and mindset and what that means for American democracy The last days of colonialism taught America s revolutionaries that soldiers in the streets bring conflict and tyranny As a result our country has generally worked to keep the military out of law enforcement But over the last two centuries America s cops have increasingly come to resemble ground troops The consequences have been dire the home is no longer a place of sanctuary the Fourth Amendment has been gutted and police today have been conditioned to see the citizens they serve as enemies In Rise of the Warrior Cop Balko shows how politicians ill considered policies and relentless declarations of war against vague enemies like crime drugs and terror have blurred the distinction between cop and soldier His fascinating frightening narrative that spans from America s earliest days through today shows how a creeping battlefield mentality has isolated and alienated American police officers and put them on a collision course with the values of a free society
