between Sophie's first and second birthdays things began to change Her language stopped developing she was hardly speaking at all She didn't seem to notice when someone entered a room She no longer wanted to play with her friends Something was different about Sophie but no one could tell us exactly what it was Though she seemed to have symptoms of autism there were no conclusive answers Could it be sensory integration disorder Perhaps selective mutism This is Sophie's story the story of how a little girl overcame her inability to speak and understand language It is the true story of my very own precious amazing daughter and how living with autism has effected each of us It is compromised mainly of my own blog posts written as the story unfolded with details and updates woven in You will walk along with us and feel our heartache through the pitfalls and rejoice with us through the triumphs Sophie's story is a beacon of light for other families traversing a similar path Regardless of where your family might be along this journey Sophie will inspire you to keep reaching for the light

From Fulham to Frog Street Fred Gates, 2015-03-02 An inspiring tale in three parts The Boy born in the run up to World War Two and one of twelve children of working class parents in Fulham London recalls evacuation and a country in change The Youth striving for a decent education against the odds and The Man recounting a most unlikely successful business career in banking and stockbroking at a time when birth breeding and public schooling usually counted for more than talent wit and graft Fred's story is told with a surprisingly light touch and humour is found in the most unlikely situations Prejudice and ill health are treated with mockery rather than rancour and the whole tenor of the story is the joy of living exemplified by a few short satirical poems
