*Nationalist Politics and Everyday Ethnicity in a Transylvanian Town* Rogers Brubaker,Margit Feischmidt,Jon Fox,Liana Grancea,2018-06-05 Situated on the geographic margins of two nations yet imagined as central to each Transylvania has long been a site of nationalist struggles Since the fall of communism these struggles have been particularly intense in Cluj Transylvania's cultural and political center Yet heated nationalist rhetoric has evoked only muted popular response The citizens of Cluj the Romanian speaking majority and the Hungarian speaking minority have been largely indifferent to the nationalist claims made in their names Based on seven years of field research this book examines not only the sharply polarized fields of nationalist politics in Cluj Transylvania and the wider region but also the more fluid terrain on which ethnicity and nationhood are experienced enacted and understood in everyday life In

doing so the book addresses fundamental questions about ethnicity where it is when it matters and how it works Bridging conventional divisions of academic labor Rogers Brubaker and his collaborators employ perspectives seldom found together historical and ethnographic institutional and interactional political and experiential Further developing the argument of Brubaker s groundbreaking Ethnicity without Groups the book demonstrates that it is ultimately in and through everyday experience as much as in political contestation or cultural articulation that ethnicity and nationhood are produced and reproduced as basic categories of social and political life      Financial Reckoning Day Fallout Addison Wiggin, William Bonner, 2009-08-06 How to harness inspiration for successful long term innovation Why does real innovation elude so many companies including the biggest corporations with top resources The problem in all cases is that they are lacking inspiration In Look At More Andy Stefanovich outlines inspiration as a discipline and a systematic approach for innovation that when applied consistently brings long term sustainable results It is about learning to think differently and getting others to do the same By focusing on the front end of the Inspiration Creativity Innovation continuum Look at More brings a fresh perspective to a popular conversation that is experiencing fatigue Inspiration is the most effective way of unleashing innovation and this book shows you how Introduces Play s LAMSTAIH process which stands for Look At More Stuff Think About It Harder a systematic approach for harnessing inspiration Outlines the five key drivers for finding new ideas that lead to innovation Mood Mindset Mechanisms Measurement Momentum Filled with strategies tactics insights and cases that show how to instill inspiration at all levels CEOs managers and entrepreneurs alike will find Look At More an invaluable tool for navigating the ever hungry innovation mandate and turning inspiration into a strategic competitive advantage      **The Cossack Cowboy** Lester S. *What Every Economics Student Needs to Know and Doesn't Get in the Usual Principles Text* John Komlos,2015-07-17 This short book explores a core group of 40 topics that tend to go unexplored in an Introductory Economics course Though not a replacement for an introductory text the work is intended as a supplement to provoke further thought and discussion by juxtaposing blackboard models of the economy with empirical observations Each chapter starts with a short refresher of standard neoclassical economic modelling before getting into real world economic life Komlos shows how misleading it can be to mechanically apply the perfect competition model in an oligopolistic environment where only an insignificant share of economic activity takes place in perfectly competitive conditions Most economics texts introduce the notion of oligopoly and differentiate it from the perfect competition model with its focus on price takers Komlos contends that oligopolies are price

makers like monopolies and cause consumers and economies nearly as much harm Likewise most textbook authors eschew any distortions of market pricing by government but there is usually little discussion of the real impact of minimum wages which Komlos corrects The book is an affordable supplement for all basic economics courses or for anyone who wants to review the basic ideas of economics with clear eyes ["Hurry-up" Spending](#) United States.
