

The Cambridge Handbook of

Japanese Linguistics

edited by **Yoko Hasegawa**

Japanese Linguistics

Shigeru Miyagawa, Mamoru Saito

Japanese Linguistics:

An Introduction to Japanese Linguistics Natsuko Tsujimura, 2013-08-28 The third edition of this established textbook has been thoroughly updated and revised. It maintains its broad coverage of topics from phonetics to language variation and increases its accessibility by incorporating a more descriptive, less theoretical approach. A fully updated new edition of this successful textbook introducing students to a wide range of issues, phenomena and terminology in Japanese linguistics. Includes extensive revisions to the chapters on phonetics, syntax and phonology and incorporates a less theoretical, more descriptive approach. Features the author's own data, examples and theoretical analyses throughout. Offers an original approach by discussing first and/or second language acquisition within each chapter. Includes exercises exploring descriptive and theoretical issues and reading lists which introduce students to the research literature, both of which have been updated in this new edition.

The Cambridge Handbook of Japanese Linguistics Yoko Hasegawa, 2018-04-19 The linguistic study of Japanese with its rich syntactic and phonological structure, complex writing system and diverse sociohistorical context is a rapidly growing research area. This book designed to serve as a concise reference for researchers interested in the Japanese language and in typological studies of language in general, explores diverse characteristics of Japanese that are particularly intriguing when compared with English and other European languages. It pays equal attention to the theoretical aspects and empirical phenomena from theory-neutral perspectives and presents necessary theoretical terms in clear and easy language. It consists of five thematic parts including sound system and lexicon, grammatical foundation and constructions and pragmatics, sociolinguistics topics with chapters that survey critical discussions arising in Japanese linguistics. The Cambridge Handbook of Japanese Linguistics will be welcomed by general linguists and students and scholars working in linguistic typology, Japanese language, Japanese linguistics and Asian Studies.

Japanese Language Haruhiko Kindaichi, 2011-12-20 This is a book about the structure, history and evolution of the Japanese language. The Japanese Language is a classic study of one of the world's most widely used but least understood languages. Emphasizing the richness and complexity of Japanese as well as its limitations, this fine book provides a lively discussion about the uniqueness of the Japanese language. The relationship of Japanese to other languages is not well understood even by native speakers and Professor Kindaichi sets out to define it. He concludes that Japanese is indeed only remotely related to other world languages although it shares many features in common with the languages of mainland Asia. Japanese shares with those languages a rich and detailed vocabulary for natural phenomena and an unusually complex and accurate way of expressing social relationships. Moreover, its capability to absorb innovations from abroad easily matches or exceeds that of English or German. The author, after briefly discussing the unique isolation of the Japanese language, moves on to consider the varieties of ordinary speech, dialects, jargon, sex and role-based distinctions and the difference between informal, formal and literary language. He then examines the structure of Japanese pronunciations, its rhythm and accent. The longest section of the book is

devoted to the variety of the vocabulary what can and cannot be said in Japanese Readers who are just beginning their own study of Japanese will find this section especially fascinating for each point is backed by examples from literature and everyday speech Kindaichi also investigates the so called vagueness of Japanese and traces it to its source the unusual sentence order This book includes The highly debated origins of the Japanese language Dialects jargon sex and role based distinctions Differences between informal formal and literary language Structure rhythm and accent of pronunciation What can and cannot be said in Japanese **Oxford Handbook of Japanese Linguistics** Shigeru Miyagawa,Mamoru Saito,2008-11-03 Over the past twenty years or so the work on Japanese within generative grammar has shifted from primarily using contemporary theory to describe Japanese to contributing directly to general theory on top of producing extensive analyses of the language The Oxford Handbook of Japanese Linguistics captures the excitement that comes from answering the question What can Japanese say about Universal Grammar Each of the eighteen chapters takes up a topic in syntax morphology acquisition processing phonology or information structure and first of all lays out the core data followed by critical discussion of the various approaches found in the literature Each chapter ends with a section on how the study of the particular phenomenon in Japanese contributes to our knowledge of general linguistic theory This book will be useful to students and scholars of linguistics who are interested in the latest studies on one of the most extensively studied languages within generative grammar *Japanese Linguistics* 日本語学,2007 An introduction to Japanese linguistics which is designed to introduce students to the areas of Japanese linguistics This book contains chapters which contains an explanation of the key concepts of the subject followed by activities which are designed to promote the students active understanding of the forms and functions of the language **Handbook of Historical Japanese Linguistics** Bjarke Frellesvig,Satoshi Kinsui,2024-04-01 This volume will be the first full length exploration in any language of the details of the history of the Japanese language written by experts in the different subfields of linguistics Overall while including factual and background information the volume will focus on presenting original research of lasting value This includes presenting the latest research on better studied topics such as segmental phonology accent or focus constructions as well as both introducing areas of study which have traditionally been underrepresented such as syntax or kanbun materials and showing how they contribute to a fuller understanding of all of the history of Japanese **The Oxford Handbook of Japanese Linguistics** Shigeru Miyagawa,Mamoru Saito,2008-11-03 The core data is laid out followed by critical discussion of the various approaches found in the literature Each chapter ends with a section on how the study of the particular phenomenon in Japanese contributes to our knowledge of general linguistic theory **Routledge Library Editions: Japanese Linguistics** Various Authors,2021-02-25 Originally published between 1986 and 1994 the books in this set discuss analyse and examine various word formation processes in Japanese and English and the process whereby a modern colloquial style of written Japanese was developed in the context of the overall modernization of Japan **Rethinking Japan: Literature, visual arts &**

Issues in Japanese Linguistics Takashi Imai,Mamoru Saito,2021-03-22 No detailed description available for Issues in Japanese Linguistics *Handbook of Japanese Sociolinguistics* Yoshiyuki Asahi,Mayumi Usami,Fumio Inoue,2022-04-04 This volume is the first comprehensive survey of the sociolinguistic studies on Japanese Japanese like other languages has developed a highly diverse linguistic system that is realized as variation shaped by interactions of linguistic and social factors This volume primarily focuses on both classic and current topics of sociolinguistics that were first studied in Western languages and then subsequently examined in the Japanese language The topics in this volume cover major issues in sociolinguistics that also characterize sociolinguistic features of Japanese Such topics as gender honorifics and politeness are particularly pertinent to Japanese as is well known in general sociolinguistics At the same time this volume includes studies on other topics such as social stratification discourse contact and language policy which have been widely conducted in the Japanese context In addition this volume introduces domestic approaches to sociolinguistics developed in Japan They emerged a few decades before the development of the so called Labovian and Hymesian sociolinguistics in the US and they have shaped a unique development of sociolinguistic studies in Japan Contents Part I History Chapter 1 Research methodology Florian Coulmas Chapter 2 Japan and the international sociolinguistic community Yoshiyuki Asahi and J K Chambers Chapter 3 Language life Takehiro Shioda Part II Sociolinguistic patterns Chapter 4 Style prestige and salience in language change in progress Fumio Inoue Chapter 5 Group language sh dango Taro Nakanishi Chapter 6 Male female differences in Japanese Yoshimitsu Ozaki Part III Language and gender Chapter 7 Historical overview of language and gender studies From past to future Orie Endo and Hideko Abe Chapter 8 Genderization in Japanese A typological view Katsue A Reynolds Chapter 9 Feminist approaches to Japanese language gender and sexuality Momoko Nakamura Part IV Honorifics and politeness Chapter 10 Japanese honorifics Takashi Nagata Chapter 11 Intersection of traditional Japanese honorific theories and Western politeness theories Masato Takiura Chapter 12 Intersection of discourse politeness theory and interpersonal Communication Mayumi Usami Part V Culture and discourse phenomena Chapter 13 Subjective expression and its roles in Japanese discourse Its development in Japanese and impact on general linguistics Yoko Ujiie Chapter 14 Style character and creativity in the discourse of Japanese popular culture Focusing on light novels and keitai novels Senko K Maynard Chapter 15 Sociopragmatics of political discourse Shoji Azuma Part VI Language contact Chapter 16 Contact dialects of Japanese Yoshiyuki Asahi Chapter 17 Japanese loanwords and lendwords Frank E Daulton Chapter 18 Japanese language varieties outside Japan Mie Hiramoto Chapter 19 Language contact and contact languages in Japan Daniel Long Part VII Language policy Chapter 20 Chinese characters Variation policy and landscape Hiroyuki Sasahara Chapter 21 Language economy and nation Katsumi Shibuya *Handbook of Japanese Psycholinguistics* Mineharu Nakayama,2015-06-16 The studies of the Japanese language and psycholinguistics have advanced quite significantly in the

last half century thanks to the progress in the study of cognition and brain mechanisms associated with language acquisition use and disorders and in particular because of technological developments in experimental techniques employed in psycholinguistic studies This volume contains 18 chapters that discuss our brain functions specifically the process of Japanese language acquisition how we acquire learn the Japanese language as a first second language and the mechanism of Japanese language perception and production how we comprehend produce the Japanese language In turn we address the limitations of our current understanding of the language acquisition process and perception production mechanism Issues for future research on language acquisition and processing by users of the Japanese language are also presented Chapter titles 1 Learning to become a native listener of Japanese Reiko Mazuka 2 The nature of the count mass distinction in Japanese Mutsumi Imai Junko Kanero 3 Grammatical deficits in Japanese children with Specific Language Impairment Shinji Fukuda Suzy E Fukuda Tomohiko Ito 4 Root infinitive analogues in Child Japanese Keiko Murasugi 5 Acquisition of scope Takuya Goro 6 Narrative development in L1 Japanese Masahiko Minami 7 L2 acquisition of Japanese Yasuhiro Shirai 8 The modularity of grammar in L2 acquisition Mineharu Nakayama Noriko Yoshimura 9 Tense and aspect in Japanese as a second language Alison Gabriele Mamori Sugita Hughes 10 Language acquisition and brain development Cortical processing of a foreign language Hiroko Hagiwara 11 Resolution of branching ambiguity in speech Yuki Hirose 12 The role of learning in theories of English and Japanese sentence processing Franklin Chang 13 Experimental syntax word order in sentence processing Masatoshi Koizumi 14 Relative clause processing in Japanese psycholinguistic investigation into typological differences Baris Kahraman Hiromu Sakai 15 Processing of syntactic and semantic information in the human brain evidence from ERP studies in Japanese Tsutomu Sakamoto 16 Issues in L2 Japanese sentence processing similarities differences with L1 and individual differences in working memory Koichi Sawasaki Akiko Kashiwagi Wood 17 Sentence production models to consider for L2 Japanese sentence production research Noriko Iwasaki 18 Processing of the Japanese language by native Chinese speakers Katsuo Tamaoka

Japanese Yoko Hasegawa,2015-01-08 A succinct overview of the Japanese language looking at grammar vocabulary meaning and sound structure as well as sociolinguistics and history The Social Life of the Japanese Language Shigeko Okamoto,Janet S. Shibamoto-Smith,2016-08-04 Why are different varieties of the Japanese language used differently in social interaction and how are they perceived How do honorifics operate to express diverse affective stances such as politeness Why have issues of gendered speech been so central in public discourse and how are they reflected and refracted in language use as social practice This book examines Japanese sociolinguistic phenomena from a fascinating new perspective focusing on the historical construction of language norms and its relationship to actual language use in contemporary Japan This socio historically sensitive account stresses the different choices which have shaped Japanese and Western sociolinguistics and how varieties of Japanese honorifics and politeness and gendered language have emerged in response to the socio political landscape in which a modernizing Japan found itself Studies in

Chinese and Japanese Language Acquisition Mineharu Nakayama, Yi-ching Su, Aijun Huang, 2017-08-15 This book focuses on important methodological and theoretical issues in Chinese and Japanese L1 and L2 acquisition. All contributions discuss experiments using the Truth Value Judgment Task (TVJT) on three syntactic and semantic domains: binding scope, interaction, and *wh* and logical expressions. The issues in these grammatical domains are particularly well suited for TVJT studies as the task allows for the testing of particular interpretations among alternative representations and reveals children's and adults' understandings of these constructions. The book is a tribute to Stephen Crain's contribution to the field of Chinese and Japanese language acquisition within the framework of Generative Grammar. It is a state-of-the-art collection that offers a picture of cutting-edge research on children's and adults' Chinese and Japanese acquisition. Readers will find the book a rich source of ideas and the starting point of new projects.

Technology-Supported Learning In and Out of the Japanese Language Classroom Erica Zimmerman, Abigail McMeekin, 2019-05-10 This book addresses several pressing concerns of teachers and researchers who are looking for ways to integrate technology use in and out of their classrooms and assess its usefulness in the learning process. It provides an up-to-date examination of technology-supported pedagogy and language acquisition in a variety of Japanese as a foreign or second language contexts. It equips readers with practical pedagogical information including methods of implementation and learning assessment and ideas for how technology can be applied to achieve a wide range of learning objectives. The topics examined include cultural learning, identity construction, speaking, reading, writing, pronunciation, collaborative online learning, digital and 3D virtual reality games, online text analysis, and participation in online communities. In addition, different e-learning configurations such as flipped online and distance learning classrooms are explored. Studies examine various current technologies: e.g. blogs, synchronous/asynchronous telecollaboration, corpus analysis software, modern pronunciation tools, and will have both direct and indirect consequences for teaching and learning a second foreign language with technology across all languages.

The Japanese Language in the Pacific Region Daniel Long, Keisuke Imamura, 2024-08-16 Long and Imamura examine language contact phenomena in the Asia-Pacific region in the context of early 20th-century colonial history, focusing on the effects the Japanese language continues to have over island societies in the Pacific. Beginning in the early 20th century when these islands were taken over by the Japanese Empire and continuing into the 21st century, the book examines 5150 Japanese origin loanwords used in 14 different languages. It delves into semantic, phonological, and grammatical changes in these loanwords that form a fundamental part of the lexicons of the Pacific Island languages even now in the 21st century. The authors examine the usage of Japanese kana for writing some of the local languages and the pidginoid phenomena of Angaur Island. Readers will gain a unique understanding of the Japanese language's usage in the region from colonial times through the post-war period and well into the current century. Researchers, students, and practitioners in the fields of sociolinguistics, language policy, and Japanese studies will find this book particularly useful for the empirical evidence it provides regarding language contact.

situations and the various Japanese language influences in the Asia Pacific region The authors also offer accompanying e resources that help to further illustrate the examples found in the book

A History of the Japanese Language Bjarke Frellesvig,2010-07-29 Bjarke Frellesvig describes the development of the Japanese language from its recorded beginnings until the present day as reflected by the written sources and historical record Beginning with a description of the oldest attested stage of the language Old Japanese approximately the eighth century AD and then tracing the changes which occurred through the Early Middle Japanese 800 1200 Late Middle Japanese 1200 1600 and the Modern Japanese 1600 onwards periods a complete internal history of the language is examined and discussed This account provides a comprehensive study of how the Japanese language has developed and adapted providing a much needed resource for scholars A History of the Japanese Language is invaluable to all those interested in the Japanese language and also students of language change generally

Japanese Language, Gender, and Ideology Shigeko Okamoto,Janet S. Shibamoto Smith,2004-10-28 Japanese Language Gender and Ideology is a collection of previously unpublished articles by established as well as promising young scholars in Japanese language and gender studies The contributors to this edited volume argue that traditional views of language in Japan are cultural constructs created by policy makers and linguists and that Japanese society in general and language use in particular are much more diverse and heterogeneous than previously understood This volume brings together studies that substantially advance our understanding of the relationship between Japanese language and gender with particular focus on examining local linguistic practices in relation to dominant ideologies Topics studies include gender and politeness the history of language policy language and Japanese romance novels and fashion magazines bar talk dictionary definitions and the use of first person pronouns The volume will substantially advance the agenda of this field and will be of interest to sociolinguists anthropologists sociologists and scholars of Japan and Japanese

The Social Life of the Japanese Language Shigeko Okamoto,Janet S. Shibamoto-Smith,2016-08-04 This book focuses on the historical construction of language norms and its relationship to actual language use in contemporary Japan

Japanese Linguistics Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Japanese Linguistics free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Japanese Linguistics free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Japanese Linguistics free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Japanese Linguistics. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or

magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Japanese Linguistics any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Japanese Linguistics Books

1. Where can I buy Japanese Linguistics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Japanese Linguistics book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Japanese Linguistics books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Japanese Linguistics audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media

or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Japanese Linguistics books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
