

Japans Refugee Policy

Koichi Koizumi, Gerhard Hoffstaedter

Japans Refugee Policy:

Refugee Law and Practice in Japan Osamu Arakaki, 2016-12-05 This volume examines the development of refugee law and policy in Japan The book discusses systemic weaknesses and compares the evolution of law in other states to highlight problems in Japan s refugee determination system Ultimately the book calls for Japan to reform failing systems and take innovative action towards refugee protection

Japan's Refugee Policy Ryuji Mukae, 2001 Questo libro tratta della politica del Giappone riguardo ai diritti umani internazionali cos come si pu capire dalla politica giapponese verso i rifugiati

Annotation Supplied by Informazioni Editoriali

Japanese Aid and the Construction of Global Development David Leheny, Kay Warren, 2009-10-16 Instead of asking the usual questions about Japanese aid Why is Japanese aid so different from that of other donors Is Japanese aid effective this collection takes it as axiomatic that Japanese aid actors are now working in a contentious environment affected by changing global norms of aid Japanese Aid and the Construction of Global Development analyses the changing political contexts both at home and abroad within which Japanese aid officials develop their programs It tracks the tensions facing aid officials as they seek to negotiate between a long term organizational bias in the Japanese government of promoting growth oriented policies and new demands for Japan to engage a broader array of human security concerns In the third section contributors provide case studies of new policies designed to cope with transnational human security issues particularly involving environmental protection gender equality and the spread of HIV AIDS Finally the book turns its lens back to Japan with chapters on how changing aid relationships alter Japan s ability to cope with transnational problems like refugee flows sex trafficking and terrorism This book will be of interest to students and scholars of the politics and culture of global development Japanese politics and foreign policy international relations and international law

Refugees, Women, and Weapons Petrice R. Flowers, 2009-07-24 In a world dominated by considerations of material and security threats Japan provides a fascinating case for why and under what conditions a state would choose to adopt international norms and laws that are seemingly in direct conflict with its domestic norms Approaching compliance from within a constructivist framework author Petrice R Flowers analyzes three treaties addressing refugee policy women s employment and the use of land mines that Japan has adopted Refugees Women and Weapons probes how international relations and domestic politics both play a role in constructing state identity and how state identity in turn influences compliance Flowers argues that although state desire for legitimacy is a key factor in norm adoption to achieve anything other than a low level of compliance requires strong domestic advocacy She offers a comprehensive theoretical model that tests the explanatory power of two understudied factors the strength of nonstate actors and the degree to which international and domestic norms conflict Flowers evaluates how these factors typically studied and analyzed individually interact and affect one another

Refugees and Asylum Seekers in East Asia Lara Momesso, Polina Ivanova, 2024-06-03 This edited volume fills a gap in current research on asylum seekers and refugees By focusing on two East Asian countries

Japan and Taiwan this volume offers material for comparison and reflection on an area of the world in which this theme is still relatively underdeveloped By approaching the theme through the different perspectives of human rights social construction through media representation and public opinion and lived experiences the book offers a multifaceted and sophisticated analysis of the phenomenon The main aim of this collection is to expand current scholarship on refugee studies and offer policy recommendations on the timely topic of refugee and asylum seekers in East Asia This is an open access book

Open Borders, Open Society? Immigration and Social Integration in Japan Toake Endoh, 2022-05-16 Ist Japan auf eine multikulturelle Gesellschaft vorbereitet Der Band untersucht die Entwicklung der japanischen Einwanderungs und Integrationspolitik sowie der damit verbundenen Institutionen und verfolgt dabei einen disziplin bergreifenden sozialwissenschaftlichen Ansatz Die Autor innen beleuchten kritische Fragen und Herausforderungen mit denen das Land aufgrund der unartikulierten Politik der der Akzeptanz von Migration seitens der Regierung konfrontiert ist z B in den Bereichen Fl chtlingspolitik multikulturelle Bildung und Katastrophenschutz Wie kann die Situation verbessert werden Das Buch untersucht Ver nderungen und Initiativen die notwendig sind um ein widerstandsf higes politisches System f r ein liberales pluralistisches und integratives Japan zu schaffen Japan's Quiet Leadership Mireya Solis, 2023-08-14 Why has Japan emerged from the lost decades unscathed from the populist wave and a far more consequential actor in the geopolitics of the Indo Pacific In answering this question Japan s Quiet Leadership provides a sweeping look at Japan s domestic economic and political evolution its economic statecraft and the array of geopolitical challenges that have triggered a gradual but substantial shift in the country s security profile This deep dive into Japan s trajectory over the last three decades underscores Japan s hidden strengths in its democratic resilience social stability and proactive diplomacy while reckoning with the profound challenges the nation faces depopulation rising inequality voter disengagement and threats to Asia s long peace The book traces the profound currents of change coursing through the Japanese polity and its external environment and the myriad ways in which Japan s experience has become more relevant to countries coping with slow growth adverse demographics adjustment to economic globalization and the emergence of a powerful and assertive China This is a story of Japan s reinvention as a network power to overcome the harsh realities of diminishing relative capabilities In reshaping the Indo Pacific Tokyo deployed a robust economic strategy of trade integration and infrastructure finance and a proactive security diplomacy cultivating new partnerships with regional and extra regional actors and deepening the alliance with the United States Nevertheless acute geopolitical rifts Japan s pandemic insularity and the securitization of international economic relations are testing Japan s statecraft of connectivity The tasks at home are no less pressing delivering on the green digital and human capital transformations avoiding the return of the politics of indecision at the helm of the nation and fostering democratic dynamism This book illuminates where the Japanese polity economy and people are heading as we move past the Abe era and well into the 2020s and beyond *Help (Not) Wanted* Michael Strausz, 2019-08-01 In *Help Not Wanted*

Michael Strausz offers an original and provocative answer to a question that has long perplexed observers of Japan Why has Japan s immigration policy remained so restrictive especially in light of economic demographic and international political forces that are pushing Japan to admit more immigrants Drawing upon insights developed during nearly two years of intensive field research in Japan Strausz ultimately argues that Japan s immigration policy has remained restrictive for two reasons First Japan s labor intensive businesses have failed to defeat anti immigration forces within the Japanese state particularly those in the Ministry of Justice and the Japanese Diet Second no influential strain of elite thought in postwar Japan exists to support the idea that significant numbers of foreign nationals have a legitimate claim to residency and citizenship This book is particularly timely at a moment shaped by Brexit the election of Trump and the rise of anti immigrant political parties and nativist rhetoric across the globe

Forced Migration and Global Processes Francois

Crepeau,Delphine Nakache,Michael Collyer,Nathaniel H. Goetz,Art Hansen,2006-03-28 Migration is at the center of much of the discussion on globalization Migrants move across borders and thus defy state centered traditions Migration is often caused or influenced by aspects of global change the transformation of the world economy with the expansion of free trade the modification of the world balance of power and the challenge of global insecurity the emergence of the global environment as an important political issue and the redefinition of the role of communities in shaping identities when faced with networks of migrants and diasporas Forced Migration and Global Processes considers the crossroads of forced migration with three global trends development human rights and security This expert collection studies these complex interactions and aims to help determine what solutions may alleviate most of the human suffering involved in forced migrations

Migration Governance in Asia Kazunari Sakai,Noemi Lanna,2022-01-26 The contributors to this book investigate migration governance in Asia through a multilevel analysis addressing its local national and regional dimensions as well as placing it in the wider context of global migration governance Core case studies include migration to and within Japan the migration of Burmese and Tibetan refugees to India and the Rohingya crisis in Myanmar Evaluating the rules norms and processes put in place by state and non state actors to cope with international migration the contributors focus especially on migration flows and the extent to which Asian cases are distinct from those elsewhere This includes comparative cases from Europe and the United States to provide a comparative context for the analysis of Asia A valuable resource for students and scholars of migration studies especially those with a particular interest in Asia

Department of State Publication ,1985 *World Refugee Report* ,1985 **Gender, Space and Time** Dorothy Moss,2006-01-01 Drawing on the work of Henri Lefebvre and Barbara Adam Gender Space and Time is a brilliant study that offers a unique and original threefold conceptualization of how space and time is developed and applied in an empirical study of women s lives Author Dorothy Moss focuses on the everyday practice and experience of women higher education students at a community college in northern England Women s action is considered in relation to the complex and interconnected spheres of paid work home

leisure community and higher education Through highlighting concepts of space and time the complex relationship between networks of power and personal action gains visibility Moss conceptualizes women as centers of action and demonstrates the ways in which they construct personal pathways connect different spheres of experience integrate new time demands into the multiple rhythms of their everyday lives and carve out personal space Gender Space and Time is a timely and compelling work certain to be of interest to scholars of sociology women s studies and anthropology

Immigration and Quality of Life in Ageing Societies Aeneas Zi Wang,Aimi Muranaka,Florian Coulmas,2024-08-16 This edited book argues that a new perspective on immigration is needed As many advanced economies are ageing and their populations stagnate or decline immigrants are increasingly required to fill in the gaps left behind by shrinking workforces Against this backdrop the outdated view that it is and can only be a privilege for immigrants to move temporarily from less to more developed economies needs a rethink In particular questions about how attractive a host destination can be for immigrants not just in economic but also in social political linguistic and cultural terms should be raised Considering in detail the situation in Japan and Germany Japan where there are hardly any convenience stores without foreign employees Germany where retirement homes would no longer function without foreign nursing staff the book analyses migration to these two countries in different aspects such as education training and labour market participation and policies and actions on the part of the state and policymakers in rendering moving to and living in these countries worthwhile Bringing together leading scholars active in diverse aspects of migration in Japan and Germany this book will be a valuable resource to students and scholars with an interest in immigration issues in these two countries specifically and Europe and Asia more broadly

Urban Refugees Koichi Koizumi,Gerhard Hoffstaedter,2015-04-10 Urban refugees now account for over half the total number of refugees worldwide Yet to date far more research has been done on refugees living in camps and settlements set up expressly for them This book provides crucial insights into the worldwide phenomenon of refugee flows into urban settings repercussions for those seeking protection and the agencies and organizations tasked to assist them It provides a comparative exploration of refugees and asylum seekers in nine urban areas in Africa Asia and Europe to examine issues such as status recognition international and national actors housing education and integration The book explores the relationship between refugee policies of international organisations and national governments and on the ground realities and demonstrates both the diverse of circumstances in which refugees live and their struggle for recognition protection and livelihoods

Japan's Security Agenda Christopher W. Hughes,2004 Long constrained as a security actor by constitutional as well as external factors Japan now increasingly is called to play a greater role in stabilizing both the Asia Pacific region and the entire international system Japan s Security Agenda explores the country s diplomatic political military and economic concerns and policies within this new context

Recent Social, Environmental, and Cultural Issues in East Asian Societies Merviö, Mika Markus,2019-11-15 East Asian societies continue to react to developments occurring in the Western part of the world

as well as influence development elsewhere due to the global reach of East Asian economies and the increased political weight of East Asian societies. These systems have distinctive features often connected with local social and cultural traditions. However, these traditions are constantly being reinterpreted and the changing meanings attached to them must be taken into account. Recent Social, Environmental and Cultural Issues in East Asian Societies is an essential research book that explores various social, environmental and cultural issues challenging modern East Asian cultures and their implications on society. Featuring a wide range of topics such as local identity, social risk and government policy, this book is ideal for researchers, policymakers, sociologists, managers, anthropologists, politicians, diplomats, academicians and students.

Globalization and Civil Society in East Asian Space Khatharya Um, Chiharu Takenaka, 2022-12-30. This book critically examines the impact of globalization, changing power dynamics, migration and evolving rights regimes on regional order, discourse of national governance, state and society relations and the development of civil society in East Asia. Providing a textured critical reading of East Asia as an economically, socially and politically dynamic region, this book also presents the region as one shaped simultaneously by progressive as well as regressive pulls. Attentive to prevailing issues as well as to states and civil societies' responses to them, it focuses on changing societies and politics in East Asia, particularly on shifting notions of citizenship, nationhood and peoplehood. The contributions feature new and timely conclusions drawn from multidisciplinary fields including law, public policy, sociology, Asian studies, gender, sexuality and ethnic studies and include direct testimonies from citizens of East and Southeast Asia. *Globalization and Civil Society in East Asian Space* will appeal to students and scholars of sociology, political science and Asian studies more broadly.

Unique But Not Different: Latter-day Saints in Japan Shinji Takagi, Conan P. Grames, Meagan Rainock, 2023-12-26. *Unique But Not Different: Latter-day Saints in Japan* offers an insightful exploration into the experiences of Japanese members of The Church of Jesus Christ of Latter-day Saints, shedding light on their integration of religious identity within a predominantly non-Christian society. Through comprehensive survey data collected from active practitioners, authors Shinji Takagi, Conan Grames and Meagan Rainock delve into the challenges and opportunities these Latter-day Saints face. In doing so, they examine the diverse social, political and ideological backgrounds of Japanese Latter-day Saints, providing valuable insights for scholars, missionaries, church leaders and members alike. With meticulous analysis, the authors navigate topics ranging from personal conversion experiences to religious beliefs and adherence to cultural practices. They examine how Japanese Latter-day Saints successfully negotiate identity conflicts and contribute to the broader societal landscape amidst Japan's evolving cultural institutions. Offering statistical profiles and key findings tailored to various stakeholders, *Unique But Not Different* serves as an indispensable resource for understanding the complex dynamics of religious identity and acculturation in Japan, while also providing valuable insights applicable to minority religious practices worldwide. For Japanese readers, the volume also includes a Japanese Afterword and translations of the summary, findings, tables and figures.

Migration, Regional

Integration and Human Security Harald Kleinschmidt, 2017-03-02 This original and timely book is the first to analyze the interconnectedness of migration regional integration and the new security studies Exploring the conflict between the actions of transnational migrants and state government policy in a series of theoretical chapters and regional case studies the book includes theoretical chapters which look at three key facets of the nation state population territory and government discussing the ways in which migration regional integration and new security thinking challenge the accepted role and responsibilities of the state Regional case studies are also included which explore the specific challenges faced in regions including Central America Asia and the Pacific and Central and Eastern Europe As a book that asks crucial questions about the formulation of migration policies and the consequences of that success or failure it will be essential reading for students and scholars of migration in sociology politics and international relations and also for those with professional interests in the area
