Feminist Practice And Poststructuralist Theory:

Feminist Practice and Poststructuralist Theory Chris Weedon, 1987-01-01 Feminist Practice and Poststructuralist Theory offers a clear and accessible introduction to poststructuralist theory focusing on questions of language subjectivity and power. It examines how we might use poststructuralism to theorize gender identity and experience in patriarchal societies. Drawing on the work of Saussure, Derrida, Freud, Lacan, Kristeva, Irigaray, Cixous, and Foucault, it argues for a form of feminist poststructuralism that can help bring about social change. This new edition has been revised and updated and includes an additional final chapter on the recent debate about feminism and postmodernism. **Feminist Practice and Post**

Structuralist Theory \ Chris Weedon, 1993 **Cultural Theory and Popular Culture** John Storey, 2006 Whether used on its own or in conjunction with Cultural Theory and Popular Culture: An Introduction, this reader is a theoretical, analytical, and historical introduction to the study of popular culture within cultural studies. The readings cover the culture and civilization tradition, culturalism, structuralism, and poststructuralism, Marxism, feminism, and postmodernism, as well as current debates in the study of popular culture. New to this edition: Four new readings by Stuart Hall, Ernesto Laclau, and Chantal Mouffe; Judith Butler and Slavoj Žižek; Fully revised general and section introductions that contextualize and link the readings with key issues in Cultural Theory and Popular Culture: An Introduction; Fully updated bibliography. Ideal for courses in cultural studies, media studies, communication studies, sociology of culture, popular culture, visual studies, cultural criticism.

The Oxford Handbook of Feminist Theory Lisa Disch, Mary Hawkesworth, 2018-02-01 The Oxford Handbook of Feminist Theory provides a rich overview of the analytical frameworks and theoretical concepts that feminist theorists have developed to analyze the known world. Featuring leading feminist theorists from diverse regions of the globe, this collection delves into forty-nine subject areas, demonstrating the complexity of feminist challenges to established knowledge while also engaging areas of contestation within feminist theory. Demonstrating the interdisciplinary nature of feminist theory, the chapters offer innovative analyses of topics central to social and political science, cultural studies, and humanities discourses associated with medicine and science and issues in contemporary critical theory that have been transformed through feminist theorization. The handbook identifies limitations of key epistemic assumptions that inform traditional scholarship and shows how theorizing from women's and men's lives has profound effects on the conceptualization of central categories, whether the field of analysis is aesthetics, biology, cultural studies, development, economics, film studies, health, history, literature, politics, religion, science studies, sexualities, violence, or war. *Feminisms and Critical Pedagogy* Carmen Luke, Jennifer Gore, 2014-02-04 *Feminisms and Critical Pedagogy* centres around the theoretical effort to construct a feminist pedagogy which will democratize gender relations in the classroom and practical ways to implement a truly feminist pedagogy.

Feminism Beside Itself Diane Elam, 2013-10-28 This book brings together a distinguished group of scholars from several generations of feminists, asking them to reflect on the history and identity of feminism. Explores feminism in history.

Marxism Against Postmodernism in Educational Theory Mike Cole, Dave Hill, Peter McLaren, 2002-12-11 Postmodernism has become the orthodoxy in educational theory It heralds the end of grand theories like Marxism and liberalism scorning any notion of a united feminist challenge to patriarchy of united anti racist struggle and of united working class movements against capitalist exploitation and oppression For postmodernists the world is fragmented history is ended and all struggles are local and particularistic Written by internationally renowned British and American educational theorists *Marxism Against Postmodernism in Educational Theory* a substantially revised edition of the original 1999 work *Postmodernism in Educational Theory* critically examines the infusion of postmodernism and theories of postmodernity into educational theory policy and research The writers argue that postmodernism provides neither a viable educational politics nor the foundation for effective radical educational practice and offer an alternative politics of human resistance which puts the challenge to capitalism firmly on the agenda of educational theory politics and practice

Feminist Theory Today Judith Evans, 1995-06-28 This stimulating text presents a concise and accessible introduction to feminist theory today Covering all the major variants of feminist political thought it offers a unique examination of the archive of modern feminist theory from the publication of *The Feminine Mystique* in 1963 to current postmodernist and legal feminist texts It provides both an intellectual history and a political critique of contemporary feminism in the United States and in the United Kingdom Judith Evans focuses on the divergence within as well as between feminist schools and on protests from women marginalized by the movement including those who are lesbian and those who are black *Feminist Theory Today* contends that the early feminist demand for radical equality has gone contributing to its drastic undertheorization While brilliantly reconceptualizing this concept the author documents the changes in socialist feminism from its revolutionary origins to its current focus on modifying liberal democratic forms

Feminism in the Study of Religion Darlene Juschka, 2001-08-02 Written by feminist scholars over a period of nearly thirty years the selected readings are wide ranging in content offer a multi ethnic and multi cultural perspective and reflect the work of scholars working within religious studies as well as other disciplines The introductory essays link the sections and are packed with useful information on resources issues and the current debates The book

illustrates how debates about feminism within the study of religions have been impacted by broader theoretical discussions and provides evidence that feminist scholars working on religion have made their own contribution to feminist theory

Interviews in Applied Linguistics David Block, 2023-12-21 This book is a personal reflection on research interviews Written as an autobiography it invites the reader to accompany the author on his personal journey of over three decades of research carried out on a range of topics in a range of contexts It mixes academic genres moving back and forth between life story telling and more standard academic writing This book has been written with several aims in mind First it aims to present the author's perspective on research interviews acquired over time to researchers of all kinds from novice to experienced Second while it contains valuable information about the practice of interviewing it is written in such a way that it avoids the kind of dry and overly structured presentation style that one finds in textbook like publications on the topic Third and finally this book aims to complement previous publications on interviews e.g. Cicourel Briggs Mishler Kvale which have approached the topic from a reflexive sociolinguistic linguistic anthropological perspective that frames interviews not as information mining expeditions but as communicative events and conversations This unique reflection on research interviews will be of interest to advanced students and researchers in applied linguistics and sociolinguistics and will also be relevant to researchers working in social sciences and humanities disciplines
