## **Identity Conflict And Cooperation In International River Systems:**

**Identity, Conflict and Cooperation in International River Systems** Jack Kalpakian, 2017-11-30 Kalpakian tests the dominant assumption that water disputes cause violent conflict between states and other actors in world politics Using case studies from arid regions to bias the effort towards this assumption he finds that issues related to identity have been the real source of conflict in the river basins studied This essential volume challenges conventional assumptions about water and conflict displaces the state as the sole actor in violent conflict reveals the link between conflict and identity This book invites the reader to address the complexity in the relationships binding peoples and states in an international river basin The Politics of Water in Africa Inga M. Jacobs, 2012-11-02 Water resources and related issues are of great significance in 21st century politics In Africa for example hydropolitics affect politics and policymaking at the local national and international levels To investigate water politics this unique work focuses on the issue transboundary water governance in Southern and Eastern Africa Based on extensive field research it offers a comparative study of the Orange Senqu and Nile basins in Africa arguing that both causal and behavioral factors such as localization and trust building drive the multi leveled development of cooperative management norms and foster the creation of regional communities of interest The book combines theory analysis and fieldwork within the framework of Constructivism as well as a wide range of examples to identify and analyze the nature of norms in hydropolitics By doing so it will help shape the debate on how water conflict and cooperative governance should evolve and will interest anyone studying African politics hydropolitics and issues of development

**Power and Water in Central Asia** Filippo Menga, 2017-12-01 Water is an irreplaceable and transient resource which crosses political boundaries in the form of rivers lakes and groundwater aquifers The collapse of the Soviet Union in 1991 led to the birth of fifteen countries including the five Central Asian republics Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan When the USSR ceased to exist so did the centralised Soviet resource distribution system that managed the exchange and allocation of water energy and food supplies A whole new set of international relations emerged and the newly formed Central Asian governments had to redefine the policies related to the exchange and sharing of their natural resources This book analyses the role of state power in transboundary water relations It provides an in depth study of the evolution of interstate relations in Central Asia in the field of water from 1991 2015 Taking as a case study the planned construction of the Rogun and Kambarata dams in Tajikistan and Kyrgyzstan the author examines various forms of overt and covert power shaping interstate relations and the way hegemonic and counter hegemonic measures are put in place in an international river basin He argues that the intimate correlation between the concepts of power and hegemony can offer key insights to the analysis and understanding of transboundary water relations While the analytical focus is placed on state power the book demonstrates that hegemonic and counter hegemonic tactics represent the ways in which power is wielded and observed Offering fresh theoretical interpretations to the subjects of power and counter hegemony in the Aral Sea basin this book puts

forward the original circle of hydro hegemony an analytical framework in which the various forms of power are connective in the function of hegemony It will be of interest to scholars in the field of water and environmental politics and Central Asian Studies     **Environmental Protection of International Watercourses under International Law** Dr Owen

Beyond South Asia Neil Padukone, 2014-08-28 The Republic of India occupies a key geopolitical and strategic space at the center of the Indian Ocean How it interacts with the rest of the world will have profound consequences in the 21st century Beyond South Asia follows the evolution of India's strategic thinking since 1947 providing a comprehensive analysis of its foreign policy worldview It begins with India's failed attempt to unite and dominate the subcontinent following independence a strategy that resulted in conflict as its smaller neighbors invited the U S and China to the region resisted intra regional cooperation and even violently opposed New Delhi It then explores how this worldview has shifted as India needing markets energy resources and ways to balance against China has developed economic and military ties in Central and Southeast Asia the Middle East Africa the southern Indian Ocean and beyond To do so has required more stability in South Asia making India more conciliatory toward other countries of the subcontinent This is in turn leading to a lessening of tensions enhanced cooperation and an economic reintegration of the subcontinent including a burgeoning détente with Pakistan This in depth analysis provides a comprehensive look at the domestic and regional factors that drive India a key actor in global politics Written in an accessible manner it will be of use to students and specialists of Indian foreign policy South Asian politics international relations and security studies and to anyone interested in the future of AfPak the Indian Ocean region and America's strategic pivot

**The Evolution of the Law and Politics of Water** Joseph W. Dellapenna, Gupta Joyeeta, 2009-04-21 According to a famous Talmudic story Babylonian Talmud Tractate Shabbat 31a a gentile once approached Rabbi Hillel and asked to be taught the entire Torah while standing on one foot Hillel replied Love your neighbour as yourself That is the entire Torah The rest is simply an explanation Go and learn it In much the same way Jewish law can be described in one word Torah All the rest is simply an explanation The Torah also known as the Bible the five books of Moses and the Pentateuch was written over 3 000 years ago Since then Jewish law has developed various interpretations and applications of the Torah interpretations of those interpretations and so on Jewish law contains civil

dictates as well as religious protocol Problems that arose in the framework of religious life and problems surrounding civil relationships both found solutions in the same legal source the Torah and the Halacha the Jewish legal interpretations and rulings This chapter on water law in the Jewish tradition provides insight into Jewish law and custom in general and rules related to the protection of water sources in particular One should not look however to find a written code of Jewish law as there is none
