Culture in Law and Development Lan Cao, 2016-05-02 The growth of international law in the post World War II era stemmed partly from the belief that universal norms would make life for the entire world s population safer more equitable and more conducive to each person s acquisition of basic material needs Starting in the sixties and seventies some scholars and activists challenged this assumption and established the school of cultural relativism a model that pays deference to local cultural traditions and favors them over international human rights norms Scholars tried to create and practice a middle ground approach between universalism and relativism whereby the most egregious violations would be prevented through assimilating only jus cogens norms into indigenous groups existing cultural traditions Such efforts at combining a few select international norms with local cultural traditions largely failed Culture in Law and Development

presents a provocative new solution to the seemingly intractable problem of combining international norms with local cultural traditions by changing culture through law and development In this book Lan Cao demonstrates how the gradual expansion of customary international law CIL provides a model for changing culture in ways that protect and advance local populations The book adopts a holistic view of development and argues that cultural norms that impede the human capabilities of the poor women and other marginal groups should be changed The book reveals how a more conscious coordinated effort on such change can succeed while non violative local traditions are otherwise honored and preserved Cao proposes that cultural change does not have to constitute cultural disrespect and that local societies only benefit by a careful combination of externally wrought change and internally fostered tradition **Japan at the Crossroads** David A. Myers, Kōtaku Ishidō, 1998 *Ideology, Agency, and Intercultural Communicative Competence* Jeremie Bouchard, 2017-03-30 Associated with an important epistemological shift from language proficiency to language criticality in applied linguistic research this book provides a sociological perspective on foreign language education in Japan By employing ethnographic methods to investigate the relationship between three core analytical elements foreign language education geared towards the development of learners intercultural communicative competence nihonjinron and native speakerism as potentially constraining ideological forces and EFL practices observed at four Japanese junior high schools the author not only shares valuable insights into how English is taught and learned in a stratum of the Japanese EFL system which has received limited attention from researchers over the years but also clarifies the fundamental and complex changes currently taking place in the Japanese EFL landscape This multi faceted book also calls for greater consideration in postmodern ideology critique for the stratified nature of social processes as well as the material conditions and underlying generative mechanisms involved in the production and consumption of including resistance to ideological discourse Accordingly it outlines several challenges shaping ideology research in educational settings and responds by developing a realist oriented theoretical and methodological approach to address these challenges This book serves as a unique point of reference for the study of parallel nationalist discourses embedded in foreign language education systems around the world **Beyond Native-Speakerism** Stephanie Ann Houghton, Damian J. Rivers, Kayoko Hashimoto, 2018-06-14 Despite unsubstantiated claims of best practice the division of language teaching professionals on the basis of their categorization as native speakers or non native speakers continues to cascade throughout the academic literature It has become normative under the rhetorical guise of acting to correct prejudice and or discrimination to see native speakerism as having a single beneficiary the native speaker and a single victim the non native speaker However this unidirectional perspective fails to deal with the more veiled systems through which those labeled as native speakers and non native speakers are both cast as casualties of this questionable bifurcation This volume documents such complexities and aims to fill the void currently observable within mainstream academic literature in the teaching of both English and Japanese foreign language education By identifying how the

construct of Japanese native speaker mirrors that of the native speaker of English the volume presents a revealing insight into language teaching in Japan Further taking a problem solving approach this volume explores possible grounds on which language teachers could be employed if native speakerism is rejected according to experts in the fields of intercultural communicative competence English as a Lingua Franca and World Englishes all of which aim to replace the native speaker model with something new

Diversity in Japanese Culture and Language John C. Maher, Gaynor

Macdonald, 2012-11-12 This is the first in depth study of the other Japan the diverse and complex culture that belies the conventional portrayal of Japan as a homogenous entity Moving fascinating and surprising this book sets out the largely untold story of the cultural ethnic and linguistic diversity found in Japan today where members of marginal societal groups are ignored by the mainstream on the grounds of physical ethnic religious or other differences Among them are the Ainu Koreans Buraku women returnees and the deaf for all of whom this work serves as a forum to give eloquent voice to their history and present situation This unique study describes the existing plurality in Japan in order to start balancing the perspectives which currently exist in the non Japanese literature about Japan to challenge the myth of Japanese uniqueness by focusing on very common experiences that Japanese people share with peoples in other parts of the world and above all to counteract the common tendency to see complexity as a threat by illustrating the value to society as a whole of diversity and cultural plurality

Japan Ardath W. Burks, 2019-03-04 Japan has been among the first of the handful of countries to move beyond modern and in this third edition of a much praised book Ardath Burks brings the blur of the nation's rapid change into focus In his newly revised and updated Japan Professor Burks also traces the history of the Japanese exploring their traditions their continuity and their cultural heritage He devotes a chapter to the remarkable introspection boom Nihonron the Japanese asking Who are we Japanese In discussing the country's swift modernization the author looks not only at the initial transition from primary agriculture to an industrial economy but also at the current evolution into a service centered society On both domestic and international levels the book evaluates the maturing of Japanese industry and its growing investment abroad as well as the global tensions fueled by Japan's enormous trade surpluses In response to the intense trade pressure it feels the country is beginning to shift from export driven growth to a consumer oriented economy a shift that will demand the building of a heretofore neglected yet essential infrastructure of housing and transportation The author analyzes domestic political developments including the regime of Nakasone Yasuhiro and the fall of Takeshita Noboru and Uno Souseki precipitated by financial scandal within the majority Liberal Democratic Party LDP Burks assesses the formidable tasks facing the revamped ruling LDP as its new generation of younger leaders grapples with an evolving economy an expanding regional role and the dissatisfaction of women and young people who have begun to rebel against the growth ethic and their marginalized role in society In his well drawn lucid portrait of this complex country Professor Burks reflects on Japan as a nation in historical transition envisioning a postindustrial future filled with friction and promise As he writes in his

phase locked loop matlab simulink mathworks - Feb 12 2023

phase locked loop this model shows how to model a phase locked loop the charge pump and filter are modeled using discrete analog components whereas the oscillator is represented as behavioral component using the simscape electrical voltage controlled oscillator block

phase locked loop matlab simulink mathworks australia - Dec 10 2022

this model shows how to model a phase locked loop the charge pump and filter are modeled using discrete analog components whereas the oscillator is represented as behavioral component using the simscape electrical voltage controlled oscillator block

digital phase locked loop matlab simulink mathworks - May 03 2022

this example shows how to model a digital phase locked loop using the mixed signal blockset in a digital phase locked loop phase detection is performed by a time to digital converter tdc loop filtering is performed by a digital filter and the oscillator is a digitally controlled oscillator dco

phase locked loops matlab simulink mathworks - Jan 31 2022

model a digital phase locked loop using the mixed signal blockset in a digital phase locked loop phase detection is performed by a time to digital converter tdc loop filtering is performed by a digital filter and the oscillator is a digitally controlled oscillator dco

digital phase locked loop matlab simulink mathworks - Sep 19 2023

this example shows how to model a digital phase locked loop using the mixed signal blockset in a digital phase locked loop phase detection is performed by a time to digital converter tdc loop filtering is performed by a digital filter and the oscillator is a digitally controlled oscillator dco

phase locked loops matlab simulink mathworks - Jul 17 2023

model a digital phase locked loop using the mixed signal blockset in a digital phase locked loop phase detection is performed by a time to digital converter tdc loop filtering is performed by a digital filter and the oscillator is a digitally controlled oscillator dco

modeling and simulating an all digital phase locked loop - Nov 28 2021

figure 2 simulink phase domain model with the simulink model we can easily simulate noise nonlinearities and the kinds of effects seen in real devices for example the effects of any mismatch between the up current and the down current in the charge pump similarly the simulink model shows us how phase noise is affected by spurs

digital phase locked loop matlab simulink digital phase locked - Jul 05 2022

phase locked loops direct phase locked loop in this page digital pll time to numerical converter digital checked oscillator digital loop filter compare to analog pll

digital phase locked loop matlab simulink a design - Aug 06 2022

this example shows how to model a digital phase locked loop using which mixed signal blockset

how to model phase locked loop in simulink mathworks - Sep 07 2022

dec 7 2022 pll png i am trying to simulate a simple phase locked loop model in simulink but for some reasons the time for execution is stuck at 0 i assume the system is not getting feedback the signal is a sine wave with freq 10 hz and amplitude 2

modeling and simulating an all digital phase locked loop - May 15 2023

modeling and simulating an all digital phase locked loop by russell mohn epoch microelectronics inc implementing a pll design on silicon can consume months of development time and hundreds of thousands of dollars in fabrication costs

modeling and simulation of digital phase locked loop in simulink - Jun 16 2023

jul 5 2018 modeling and simulation of digital phase locked loop in simulink abstract this paper presents a high level model for a digital phase locked loop implemented in simulink this modeling enables the flexible and fast estimation of the design behavior and parameters before transistor level implementation the design includes a digital controlled

modeling and simulation of digital phase locked loop in simulink - Nov 09 2022

jul 1 2018 phase locked loop modeling and simulation of digital phase locked loop in simulink july 2018 conference 2018 15th international conference on synthesis modeling analysis and

digital phase locked loop matlab simulink mathworks - Mar 01 2022

this example shows how to model a digital phase locked loop using the mixed signal blockset

digital phase locked loop matlab simulink mathworks - Apr 02 2022

in a digital phase locked loop phase detection is performed by a time to digital converter tdc loop filtering is performed by a digital filter and the oscillator is a digitally controlled oscillator dco

all digital phase locked loop adpll with an up down counter - Apr 14 2023

all digital phase locked loop adpll with an up down counter using simulink abstract the concept of an all digital phase locked loop adpll with an up down counter is conceived and presented here the phase error of a phase detector pd in a digital pll is delivered in bits

phase locked loops matlab simulink mathworks - Aug 18 2023

phase locked loops a phase locked loop combines a voltage controlled oscillator and a phase comparator as a feedback system to adjust the oscillator frequency or phase to track an applied frequency modulated or phase modulated signal

voltage controlled oscillator blocks a voltage controlled oscillator is one part of a phase locked loop

digital phase locked loop matlab simulink mathworks india - Dec 30 2021

this example shows how to model a digital phase locked loop using the mixed signal blockset in a digital phase locked loop phase detection is performed by a time to digital converter tdc loop filtering is performed by a digital filter and the oscillator is a digitally controlled oscillator dco this example demonstrates a behavioral

phase lock loop tuning matlab simulink mathworks - Jan 11 2023

this example shows how to use simulink design optimization to tune an all pass filter of a phase lock loop the filter includes a second order low pass filter and a feedthrough gain the feedthrough gain and the second order filter coefficients are tuned to apply a steady state input to the voltage controlled oscillator vco

digital phase locked loop simulink pdf analytics mirowin - Jun 04 2022

a sar fast locking digital phase locked loops digital circuit analysis and design with simulink modeling and introduction to cplds and fpgas ieice transactions on electronics

a simulink model for all digital phase locked loop - Mar 13 2023

a simulink model for all digital phase locked loop abstract a simulink model for all digital phase locked look adpll is proposed in this paper the study is based on adpll implemented in an all digital rf transceiver simulation results in simulink give the performance overview of the adpll

digital phase locked loop matlab simulink digital phase locked loops - Oct 08 2022

this example shows how on model a electronic phase locks loop using the mixed signal blockset
