Japans Military Masters The Army In Japa:

Japan's Military Masters Hillis Lory, 2018-12-02 THE REALISTIC FACTS ABOUT JAPAN S CAPACITY IN MANPOWER AND IN NATIONAL MORALE TO FIGHT THE HOLY WAR HER MILITARY LEADERS HAVE SO LONG PLANNED FOR HER In Japanese Military Masters The Army in Japanese Life author Hillis Lory answers fundamental questions in satisfactory detail He describes the life and thought of the peasant the motives and personalities of the men close to the Throne He traces the evolution of Japanese government from feudalism to modern power politics He records the assassinations the rebellions the secret societies the coups d tat that have shaped it He recalls the struggle between the liberal and the military leaders for control of Japan s destiny Among the many books about Japan that have appeared since Pearl Harbor this book is one of the few that could fairly be called indispensable for its high informational content The author has learned about as much as any foreign could learn about the organization and psychology and training and general make up of the Japanese Army And he puts his material together in the style of a good military report without padding and exaggeration The New York Times Book Review

Japan's Military Masters Hillis Lory, 1973 **Japan's Military Masters** Hillis Lory, 1973-03-20 Effective socialization of new student affairs professionals is essential both for the individual success of these practitioners and for the work of a college or university that promotes student learning It enables new professionals to manage the important personal and professional transitions they experience throughout their careers engage in continuous professional development and achieve high levels of productivity It also counteracts the high attrition rate among new hires with all the attendant costs to the institution in terms of resources spent on recruiting hiring training supervising and developing staff talent The socialization process for new professionals includes formal and informal elements that influence both success and quality of work life This process is far more complex than a single orientation program organized by a unit or division Rather it is a comprehensive process where both the new professional and organization learn about and from each other in ways that influence working relationships and individual and organizational outcomes Part I of this book defines the concept explains its value and offers a model of socialization Part II examines the institutional context in which the socialization of new professionals occurs and describes how different institutional types influence the socialization process It considers the changing characteristics of college students and how these impact the work of student affairs In addressing the extra institutional and professional contexts Part III considers the role that graduate education plays in preparing new professionals for work in student affairs and offers guidance to faculty and practitioners involved in graduate education about what they can do to introduce graduate students to professional life It addresses the importance of professional orientation activities the roles of supervision and mentorship as well as the impact of peers and institutions on the socialization process It concludes with a discussion of the role and importance of professional associations This book is intended for graduate program faculty for senior student affairs officers concerned about developing and retaining the new staff and for

administrators and leaders in student affairs shaping the future of the profession For new professionals themselves it offers insights on the path to professionalization *Japan's Military Masters* Hillis Lory, Joseph Clark Grew, 1943 **Japan's Military Masters. The Army in Japanese Life. Foreword by J.C. Grew** Hillis Lory, J. C. Grew, 1943 *Japan's Military Masters. The Army in Japanese Life. Forew. by J.C. Grew* Hillis Lory, J. C. Grew, 1973 **Japan's Military Masters. The Army in Japanese Life, Etc** Hillis LORY, 1943 **Japan's Imperial Army** Edward J. Drea, 2016-05-03 Popular impressions of the imperial Japanese army still promote images of suicidal banzai charges and fanatical leaders blindly devoted to their emperor Edward Drea looks well past those stereotypes to unfold the more complex story of how that army came to power and extended its influence at home and abroad to become one of the world's dominant fighting forces This first comprehensive English language history of the Japanese army traces its origins evolution and impact as an engine of the country's regional and global ambitions and as a catalyst for the militarization of the Japanese homeland from mid nineteenth century incursions through the end of World War II Demonstrating his mastery of Japanese language sources Drea explains how the Japanese style of warfare burnished by samurai legends shaped the army narrowed its options influenced its decisions and made it the institution that conquered most of Asia He also tells how the army's intellectual foundations shifted as it reinvented itself to fulfill the changing imperatives of Japanese society and how the army in turn decisively shaped the nation's political social cultural and strategic course Drea recounts how Japan devoted an inordinate amount of its treasury toward modernizing professionalizing and training its army which grew larger more powerful and politically more influential with each passing decade Along the way it produced an efficient military schooling system a well organized active duty and reserve force a professional officer corps that thought in terms of regional threat and well trained soldiers armed with appropriate weapons Encompassing doctrine strategy weaponry and civil military relations Drea's expert study also captures the dominant personalities who shaped the imperial army from Yamagata Aritomo an incisive geopolitical strategist to Anami Korechika who exhorted the troops to fight to the death during the final days of World War II Summing up Drea also suggests that an army that places itself above its nation's interests is doomed to failure **Japanese-Mongolian Relations, 1873-1945** James Boyd, 2010-12-17 This book offers the first in depth examination of Japanese Mongolian relations from the late nineteenth century through to the middle of the twentieth century and in the process repositions Mongolia in Sino Japanese and Russo Japanese relations Beginning in 1873 with the intrepid journey to Mongolia by a group of Buddhist monks from one of Kyoto's largest orders the relationship later included groups and individuals from across Japanese society with representatives from the military academia business and the bureaucracy Throughout the book the interplay between these various groups is examined in depth arguing that to restrict Japan's relationship with Mongolia to merely the strategic and as an adjunct to Manchuria as has been done in other works neglects important facets of the relationship including the cultural religious and economic It does not however ignore the strategic importance of Mongolia to the Japanese military The

author considers the cultural diplomacy of the Zenrin ky kai a Japanese quasi governmental humanitarian organization whose activities in inner Mongolia in the 1930s and 1940s have been almost completely ignored in earlier studies and whose operations suggest that Japanese Mongolian relations are quite distinct from other Asian peoples Accordingly the book makes a major contribution to our understanding of Japanese activities in a part of Asia that figured prominently in pre war and wartime Japanese strategic and cultural thinking

Zen War Stories Daizen Victoria,2003

Zen War Stories Brian Victoria,2012-12-06 Following the critically acclaimed Zen at War 1997 Brian Victoria explores the intimate relationship between Japanese institutional Buddhism and militarism during the Second World War Victoria reveals for the first time through examination of the wartime writings of the Japanese military itself that the Zen school s view of life and death was deliberately incorporated into the military s programme of spiritual education in order to develop a fanatical military spirit in both soldiers and civilians Furthermore that D T Suzuki the most famous exponent of Zen in the West is shown to have been a wartime proponent of this Zen inspired viewpoint which enabled Japanese soldiers to leave for the battlefield already resigned to death Victoria takes us onto the naval battlefield in the company of warrior monk and Rinzai Zen Master Nakajima Genj We view the war in China through the eyes of a Buddhist military chaplain The book also examines the relationship to Buddhism of Japan s seven Class A war criminals who were hung by the Tokyo War Crimes Tribunal in 1948 A highly controversial study this book will be of interest first and foremost to students of Zen as well as all those studying the history of this period not to mention anyone concerned with the perennial question of the proper relationship between religion and the state

Nisei linguists: Japanese Americans in the Military Intelligence Service During World War II (Paperbound) James C. McNaughton,2006 This book tells the story of an unusual group of American soldiers in World War II second generation Japanese Americans Nisei who served as interpreters and translators in the Military Intelligence Service Preface

The Japanese Empire Disaster Jean Sénat Fleury,2021-01-22 The book demonstrates that even if during the first period of the Shwa era 1931 1945 the real driving force to war was the Japanese military Hirohito as supreme commander gave full support to the army On multiple occasions as an emperor he sanctioned many government policies Accordingly he was responsible for the war and for the atrocities that the Japanese troops committed in Asia during the Pacific War Japan s Empire Disaster is a book of information and training a reference document that should be read as an educational tool on the history of the modernization of Japan and the war launched by Emperor Meiji and Hirohito to build Japan Empire in the Pacific and East Asia The book shares the view of the author on Hirohito s responsibility on the events that marked Japan s entry into the war that began when Japanese troops invaded Manchuria on September 19 1931 and culminated with Japan s surprise attack on the U S naval base at Pearl Harbor on December 7 1941

Department of the Army, 1964 Army Talk, **Proceeding's of the Military History Symposium, USAF Academy**
United States. Air Force, Post-war Japan as a Sea Power Alessio Patalano, 2015-04-23 In Post war Japan as a Sea Power
Alessio Patalano incorporates new exclusive source material to develop an innovative approach to the study of post war Japan
as a military power This archival based history of Asia's most advanced navy the Japanese Maritime Self Defence Force
JMSDF looks beyond the traditional perspective of viewing the modern Japanese military in light of the country's alliance
with the US The book places the institution in a historical context analysing its imperial legacy and the role of Japan's
shattering defeat in WWII in the post war emergence of Japan as East Asia's sea power Japanese Military's "Comfort
Women" System Larry Nicksch, 2021-04-11 In Japanese Military's Comfort Women System Larry Nicksch meticulously examines
the historical context and implications of the exploitation of women during wartime by the Japanese military particularly
throughout the Second World War His analytical approach combines thorough research with accessible prose shedding light
on a controversial and often misunderstood subject The book is situated within the broader discourse on wartime sexual
violence and offers important insights into the socio political dynamics that enabled such institutions compellingly
intertwining historical accounts with contemporary ramifications Nicksch's narrative style balances scholarly rigor with
humanistic detail providing both academic and general readers with a deeper understanding of this grim chapter in history
Larry Nicksch is a noted historian and policy analyst whose scholarly pursuits often intersect with Asian studies military
history and human rights His extensive research on the Pacific War and Asia Pacific relations positions him uniquely to
confront the complexities surrounding the comfort women system Nicksch's academic background combined with a
commitment to social justice has fueled his passion to uncover the truth behind systemic wartime abuses and to elevate the
voices of those marginalized by history This book is essential for anyone seeking to comprehend the nuances of wartime
sexual violence and its lasting impact on survivors Nicksch's work not only educates readers about a critical yet often omitted
historical narrative but also serves as an urgent reminder of the need for acknowledgment and justice Scholars educators
and general readers alike will find this an indispensable resource that provokes thoughtful dialogue and reflection on
historical and contemporary issues of gender and power **World War II in the Pacific** Stanley Sandler, 2003-12-16
Stanley Sandler one of America's most respected and best known military historians has brought together over 300 entries
by some 200 specialists in the field to create the first encyclopedia specifically devoted to the Pacific Theatre of World War II
Extending far beyond battles and hardware the coverage ranges from high policy making grand strategy and the significant
persons and battles of the conflict to the organization of the Allied and Japanese divisions aircraft armor artillery
psychological warfare warships and the home fronts covering the interactions of each topic along the way
