Dyer, 2015-02-24 For many years Dr Wayne W Dyer's fans have wondered when he would write a memoir Well after four decades as a teacher of self empowerment and the best selling author of more than 40 books Wayne has finally done just that However he has written it in a way that only he can with a remarkable take home message for his longtime followers and new readers alike and the result is an exciting new twist on the old format Rather than a plain old memoir Wayne has gathered together quantum moment recollections In this revealing and engaging book Wayne shares dozens of events from his life from the time he was a little boy in Detroit up to present day In unflinching detail he relates his vivid impressions of encountering many forks in the road taking readers with him into these formative experiences Yet then he views the events from his current perspective noting what lessons he ultimately learned as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service As a reader you will feel as if you are right there with Wayne perusing his personal photo album and hearing about his family his time in the service how he writes his best selling books and so much more In the process you'll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now Wayne has discovered that there are no accidents Although we may not be aware of who or what is moving the checkers life has a purpose and each step of our journey has something to teach us As he says I wasn't aware of all of the future implications that these early

experiences were to offer me Now from a position of being able to see much more clearly I know that every single encounter every challenge and every situation are all spectacular threads in the tapestry that represents and defines my life and I am deeply grateful for all of it I Can See Clearly Now is an intimate look at an amazing teacher but it also holds the key for seekers on a personal path of enlightenment Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses helping us accomplish the mission we came here to fulfill The Quantum Keys Athena Melchizedek,2017-06-29 This book describes the synthesis currently occurring between science and metaphysics that reveals the energetic nature of all life and the amazing truth behind physical reality It discusses the relationship between energy and consciousness and how management of your own energy signature can change your reality and even your physical body It demonstrates how you can connect to the immense energy available at the higher frequencies of your own being to manifest abundance love and peace for yourself your family your business your community and your world **The Power of Awakening** Dr. Wayne W. The Kingdom Within L. E. Madden, 2010-02-03. The Kingdom Within will change your life. The book resulted from a spiritual transformation that occurred in 1989. After twenty years of practice and study, a profound experience with higher reality suddenly manifested after a seven-mile run near my home at that time in East Tennessee, USA. Suddenly, my conscious awareness expanded beyond my body to include all the surroundings of the countryside. I never spoke of the significance of this transformation at that time because I did not know how to put into words a spiritual realization that can't be adequately expressed in human terms. It wasn't until 1995 that the full impact of the now-present awakened eternal consciousness stabilized within my being. It would have been very easy to just bask in the radiance of God's image because His love is so fulfilling, yet the pressure within increased to the point in 2002 that it was time to put into words the way to the inner kingdom of eternal life. The book is for you. It stills the chaos in your life by showing you how to live and what wonder of wonders was placed in all humans at the time of their birth. If you are serious about the search for eternal life NOW and how to understand the ways of the world, you need the message in this book. The Kingdom Within is a book about L. E. Madden's spiritual transformation that occurred in 1989. He spent twenty years previous to this event studying the major spiritual teachings of the world. Why wait so many years to let others know? The book tells the reason for the delay and its importance for a complex society. With forty years of spiritual depth and wisdom presented to a spiritual seeker, the steps to obtain an enlightened awareness in this lifetime is now possible. Sitting in silence for several years, contemplating the meaning of life, the full measure of this revelation is now available for all to use. L. E. Madden has worked in management and engineering capacities for industrial manufacturing firms since 1982. Balancing spirit and business, he has successfully integrated the life-changing spiritual transformation of 1989 into daily life. He presently works for a Fortune 100 company as a senior process engineer. Married since 1977 with two successful adult children, he lives near Kansas City, Missouri.
