[The Second Killing of Christ](#) Rod Morris,2021-04-19 The Second Killing of Christ is a chillingly conceivable tale of a small group of retired US Special Forces so frustrated over the general indifference to the persecution and purging of Christians in Syria and Iraq that they take matters into their own hands If POTUS Congress the media and even the pope will do nothing while Christians are brutalized and driven from their homes they will form their own rogue unaffiliated military unit to hunt down and deal with ISIS culprits at a level of unbridled brutality meant to send an unmistakable message that Christians will no longer be passive They are unaware that one of the groups they are hunting has discovered and stolen relics containing the blood DNA of Christ that had been hidden in an ancient Syrian monastery for the last 1 500 years They and their royal Qatari sponsor are resolved to use this genetic material to destroy Christianity by cloning Christ If Christ can be cloned he cannot possibly be God The logic is irrefutable If God is the Creator of all things he himself could not be created or duplicated and conversely his duplication would be undeniable proof that he was just another man That would mean that Christianity is fundamentally a hoax and will collapse from its own deceit At roughly the same
