Elementary Teaching Methods:

The Child Wants to Learn Joyce King-Stoops,1977 *Curriculum and Instructional Methods for the Elementary and Middle School* Johanna K. Lemlech,2010 Unlike texts that focus on either the how or what of teaching Curriculum and Instructional Methods for the Elementary and Middle School explores both the how instruction and what content and provides an integrative approach to ensure teachers a broad knowledge base when they enter the classroom This successful K 8 elementary methods text includes both general topics of classroom management learner differences planning assessment and models of teaching with unique chapters on integrating the best teaching strategies for each content area By incorporating detailed teaching scenarios this text offers teacher candidates a hands on real world approach with practical instructional strategies and teaching hints related to research ELL planning and more The new edition includes coverage of current issues and topics impacting teachers and students in today s classrooms are including bullying Ch 2 14 school safety and violence Ch 1 home schooling and charter schools Ch 1 14 and much more **Elementary Teaching Methods** Paul M. Hollingsworth,1991 Aims to help teachers work with children in the classroom by suggesting a variety of methods of exploiting their own personal teaching skills It emphasizes problem solving in lesson plans co operative learning peer tutoring procedures and more and discusses the value of direct instruction *Curriculum and Instructional Methods for the Elementary and Middle School* Johanna Kasin Lemlech,2006 For Elementary and Middle School Curriculum Development and Methods classes Unlike texts that focus on either the how or what of teaching Curriculum and Instructional Methods for the Elementary and Middle School explores both the how instruction and what content and provides an integrative approach to ensure teachers a broad knowledge base when they enter the classroom Designing and Teaching the Elementary Science Methods Course Sandra K. Abell,Ken Appleton,Deborah L. Hanuscin,2010-02-25 This guide for elementary science teacher educators outlines the theory principles and strategies they need to know in order to plan and carry out instruction for future elementary science teachers and provides classroom examples anchored to those principles The book is grounded in the theoretical framework of pedagogical content knowledge PCK Teaching in the Elementary School Judy W. Eby,Adrienne L. Herrell,Michael Jordan,2009 What are the behaviors or actions that teachers take to create high quality original curricula and programs for their students The authors have searched out the most creative and adventurous teachers they could find and have weaved their real life stories into the text The text shows how teachers can inspire their students while still meeting the federal state and local guidelines and testing standards required in today s classrooms Chapter One begins with a new updated Reflected Action in Teaching Model designed for teachers who are planning with standards in mind Each chapter then begins with a new case of how a teacher has tackled a problem in this standards based environment applying this model Both hands on and practical the text also addresses how to incorporate technology in the classroom empowering students to resolve conflicts and preventing bullying The real life examples will encourage new teachers to be as reflective creative and

independent as possible in today's teaching world Curriculum and Instructional Methods for the Elementary School
