Associated Press *Holiday Fantasy* Adrienne Byrd, Donna Hill, Kayla Perrin, 2011-10-18 The holiday season can bring unexpected good fortune In this sexy short story collection three women's holiday fantasies are fulfilled in the most unconventional ways Medieval Fantasy as Performance Michael A. Cramer, 2010 In this book Michael Cramer views the Society for Creative Anachronism SCA an organization that studies and recreates the middle ages as a case study for a growing fascination with medieval fantasy in popular culture He explores the act of medieval re-creation as performance by focusing on the SCA describing the group's activities investigating its place in popular culture and looking at the SCA not so much as a historical society but as an on going work of performance art a postmodern counter culture riff on what it means to be medieval Cramer examines the group's activities from persona and character development to theatrical performance and personal interaction from the complex official ceremonies to full contact armored combat with mock broadswords He explores the SCA in detail to discover how its members adapt and employ ideas about the Middle Ages in performance ritual reenactment living history and re-creation analyzing the performance of identity through ritual sport drama and personal interaction and he focuses on the reconstruction of the medieval king game a game in which a mock king is chosen to reign over a mock court The book also studies various ideas about medievalism including the contrast between reenactment and re-creation and places these activities in the context of contemporary American society With three appendixes a bibliography and a selection of photos Cramer demonstrates how and why medieval fantasy is increasingly used in popular culture and analyzes the dissatisfaction with contemporary culture that leads people into these realms of fantasy *Realist Fantasy* Paul Coates, 1983-12-15

The Sixth Sense Robert Finch, 1966-12-15 It has long been the custom to condemn eighteenth century French poetry outright as generally unworthy of attention However in keeping with a recent change of attitude towards this vast and diverse body of literature Professor Finch here undertakes to isolate a certain group of poets belonging to the first half of the century who may appropriately be called individualistes and who are in various ways characteristic of a definite and important trend of their time The authors he has chosen were selected from the larger group of individualists because each provides in addition to his poems a complete statement of his own conception of poetry and of that conception which is common to the group as a whole Since the works treated are comparatively unfamiliar the author has considered them from a historical and an analytical as well as a critical point of view In addition he has devoted three special chapters to a literary historian Evrard Titon du Tillet and to three critical theorists Jean Baptiste Dubos Yves Marie Andr and Charles Batteux whose contemporary writings while they may or may not have influenced the poets here examined support reflect or confirm their ideas and practice Texts of these poets are not easily available and the numerous

representative quotations from the poems given in this book will be welcomed by the reader
