Envy of the World Timothy J. Botti, 2006 Envy of the World is a history of the rise and development of the American economy and Big Business over four centuries and how the individual and collective actions of Americans native born and foreign came to create the 12 6 trillion economy of today Although the building American juggernaut was blessed above other nations with all manner of natural resources the inventiveness and drive of the American people made the most of what Providence had bestowed Steadily then more swiftly the foundation was laid for success More intimate knowledge of economic reality and theory in the 20th century led ultimately to the world s greatest economy of today At time of this

writing in 2006 following a presidential election campaign characterized by harsh criticism of special moneyed interests and foreign outsourcing of labor many Americans have taken a dim view of Big Business and the federal government's management of the economy This book does not shrink from pointing out episodes of corporate greed and malfeasance as well as mistakes by Washington both in the recent and distant past However the impression is epidemic among the populace that the advances and conveniences of a modern society are the God given right of Americans In point of fact the cornucopia of excellence that exists in food and household products clothing and consumer durables housing and motor vehicle transportation health care and high tech industry and other goods and services would not be available to the majority of citizens but for the ambition effort and yes self interest of entrepreneurs who founded grew and consolidated private enterprise companies Further the sometimes contradictory efforts by government officials to balance the interests of corporations societal groups and individuals have created by and large a most beneficial atmosphere for economic endeavor The book provides periodic quantitative summation of gross domestic product population employment company results and other statistics particularly in later chapters Because the author's philosophy is that a picture and a thousand words are better than either one alone he has made extensive use of original charts and graphs illustrations industry genealogies and maps Timothy J Botti holds a PhD in the history of American Foreign Policy and is a former Lecturer Teaching Assistant at Ohio State University Botti's expertise is in the history of world empires American military and strategic studies ancient Roman history and the subject of his current work the U S economy and Big Business He takes the approach of applying broad knowledge to broad subjects synthesizing information from across many areas In 2005 Dr Botti created a firm called CLP Research to provide value added research products ranging from reports on businesses and industries to political genealogies over the Internet His previous books include Ace in the Hole Why the United States Did Not Use Nuclear Weapons in the Cold War Greenwood Press 1996 and The Long Wait The Forging of the Anglo American Nuclear Alliance 1945 1958 Greenwood 1987

PROBLEMS AND PROSPECTS OF DEVELOPMENT OF HOTEL AND RESTAURANT AND TOURIST INDUSTRY IN THE CONDITIONS OF INTEGRATION PROCESSES

Holovnia O., Zakharova T., Lopatiuk R., Melnyk S., Prylutskyi A., Stavska U., Tabenska O., 2022-09-22 The development of the world economy indicates the growth of its integration and integrity through the deepening of specialization and cooperation of countries and business entities Integration appears as an inevitable objectively determined process that covers most spheres of economic life in the world and takes place according to its own laws general principles and goals taking into account the various grounds conditions and levels of such integration Today we

can observe two mutually exclusive features of integration processes globalization of the world economy and simultaneous national protectionism which has gained considerable influence in the last decade We are observing on the one hand the strengthening of integration processes in the world economy in all spheres of social life there is a reassessment of the system of risks for the modern state and most importantly we are witnessing an increasing pragmatism of relations between countries the basis of which is dominated by economic factors At the same time significant changes are taking place in the field of hospitality and tourism The diversification of hospitality and tourism services the development of the hospitality and tourism industry in new territories and competition in the market require the governments of different countries to reconsider their attitude to the development of this industry and to approach the development of its strategy more seriously In modern conditions the governments of many countries pay more attention to the formation of strategies for the development of regions including strategies for the development of the hospitality and tourism industry Considering the fact that the field of hospitality has changed significantly in recent years and continues to change we have seen modern trends in the field of tourism and the hospitality industry which are definitely relevant The strategy for the development of the hospitality sector should harmoniously complement the socio economic strategy of the country and combine the solution of priority socio economic tasks increasing the scientific technical and innovative potential increasing investment attractiveness and economic stability improving the quality of life of residents It should be noted that the first sector of the world economy affected by the global pandemic of COVID 19 is tourism In the current conditions of the global pandemic it is obvious that tourism is losing employees and customers due to the impossibility of flights to different countries and the risk of contracting the disease from COVID 19 Nevertheless even in this situation you can find a way out to reorient from outbound tourism to domestic tourism and discover your country from a completely different side At the same time the economic consequences of the war in Ukraine are felt all over the world Russian aggression has put pressure on global commodity prices exacerbated disruptions in supply chains and fueled inflation in most countries around the world The world economy will lose a trillion dollars this year alone due to Russia's invasion of Ukraine The presence of unsolved problems and the contradictions of certain issues the theoretical and practical significance of researching the management processes of enterprises in the tourism sphere and the hotel and restaurant business determined the choice of the topic of the collective monograph The topic of the study was chosen taking into account the importance for the development of the tourism sphere and the hotel and restaurant industry of Ukraine of the processes of unification and integration of enterprises the formation of new formats and management structures in accordance with the objective requirements of world hospitality standards The authors offer a monograph that is a summary of scientific searches and achievements regarding the results of research work of the Department of Management of Foreign Economic Activity Hotel and Restaurant Business and Tourism of the Vinnytsia National Agrarian University on the initiative topic Problems and prospects of the development of the hotel restaurant and
