

"Mother"

Your love was like moonlight
turning harsh things to beauty,
so that little wry souls
reflecting each other obliquely
as in cracked mirrors...
beheld in your luminous spirit
their own reflection,
transfigured as in a shining stream,
and loved you for what they are not.
You are less an image in my mind
than a luster
I see you in gleams
pale as star-light on a gray wall...
evanescent as the reflection
of a white swan
shimmering in broken water.

The Religious Sublime David B. Morris,2014-07-15 This perceptive carefully documented study challenges the traditional assumption that the supernatural virtually disappeared from eighteenth century poetry as a result of the growing rationalistic temper of the late seventeenth century Mr Morris shows that the religious poetry of eighteenth century England while not equaling the brilliant work of seventeenth century and Romantic writers does reveal a vital and serious effort to create a new kind of sacred poetry which would rival the sublimity of Milton and of the Bible itself Tracing the major varieties of religious poetry written throughout the century by major figures and by their now vanished contemporaries the author explains how later poets and critics made significant departures from the established norms These changes in religious poetry thus become a valuable means of understanding the shift from a neoclassical to a Romantic theory of literature

the ghost dancers: poems John Daniel Thieme,2014-10-09

Thieme's first collection of nineteen poems is drawn from the lost magic of a waning romance. The poems are a search for meaning for a love that once too briefly thought the stars and their fatal arcs made sense but the answers are elusive. The tone of the poems is both intimate and haunted, seeking redemption through love but tempered with a lament for its fragile impermanence and inevitability. Thieme's *The Ghost Dancers* offers nineteen fragments of a confession, an elegy for the vanishing of a love's sense of grace as it turns to the desolation of grief and the permanence of absence.
