Gumshoe America Sean McCann, 2000-12-06 In *Gumshoe America* Sean McCann offers a bold new account of the hard boiled crime story and its literary and political significance Illuminating a previously unnoticed set of concerns at the heart of the fiction he contends that mid twentieth century American crime writers used the genre to confront and wrestle with many of the paradoxes and disappointments of New Deal liberalism For these authors the same contradictions inherent in liberal democracy were present within the changing literary marketplace of the mid twentieth century United States the competing claims of the elite versus the popular the demands of market capitalism versus conceptions of quality and the individual versus a homogenized society *Gumshoe America* traces the way those problems surfaced in hard boiled crime fiction from the 1920s through the 1960s Beginning by using a forum on the KKK in the pulp magazine *Black Mask* to describe both the economic and political culture of pulp fiction in the early twenties McCann locates the origins of the hard boiled crime story in the genre's conflict with the racist antiliberalism prominent at the time Turning his focus to Dashiell Hammett's career McCann shows how Hammett's writings in the late 1920s and early 1930s moved detective fiction away from its founding fables of social compact to the cultural alienation triggered by a burgeoning administrative state He then examines how Raymond Chandler's fiction unlike Hammett's idealized sentimental fraternity echoing the communitarian appeals of the late New Deal Two of the first crime writers to publish original fiction in paperback Jim Thompson and Charles Willeford are examined next in juxtaposition to the popularity enjoyed by their contemporaries Mickey Spillane and Ross Macdonald The stories of the former two claims McCann portray the decline of the New Deal and the emergence of the rights based liberalism of the postwar years and reveal new attitudes toward government individual alienation frustration with bureaucratic institutions and dissatisfaction with the growing vision of

America as a meritocracy Before concluding McCann turns to the work of Chester Himes who in producing revolutionary hard boiled novels used the genre to explore the changing political significance of race that accompanied the rise of the Civil Rights movement in the late 1950s and the 1960s Combining a striking reinterpretation of the hard boiled crime story with a fresh view of the political complications and cultural legacies of the New Deal Gumshoe America will interest students and fans of the genre and scholars of American history culture and government Panic Plan for the SAT Joan Carris,2004-12-17 Presents a comprehensive three week study plan for the SAT test and provides instruction on sharpening math reading and writing skills *Writing Portfolios in the Classroom* Robert Calfee,Pamela Perfumo,2012-10-12 This volume presents chapters by researchers practitioners and policymakers who study the impact of classroom portfolios in the assessment of writing achievement by elementary and middle grade students The focus throughout the volume is on the tension between classroom assessment and externally mandated testing It presents the efforts of researchers practitioners and policymakers to understand the impact of classroom portfolios for the assessment of writing achievement by elementary and middle grade students Under the auspices of the Center for the Study of Writing the editors conducted a national survey of exemplary portfolio projects arranged for a series of video visits and held several working conferences The result of this work is a broad ranging tale the aspirations of teachers and administrators to move the machinery of schooling in the direction of more authentic and engaging tasks the puzzlement of students when they realize that the assignments are real and that the teacher may not have a right answer in mind and the tensions between ivory tower ideas and everyday classroom practice Divided into four sections this research volume provides a historical perspective develops the conceptual framework that serves as a background for many activities described throughout and discusses numerous practical issues that confront today s researchers and practitioners views the phenomenon of writing portfolios through a variety of broadview lenses such as teacher enthusiasm student reflection assessment tension the portfolio as metaphor and the locus of control conveys important conceptual issues with a balance toward pragmatics and offers unique insights from the perspective of one individual who serves as scholar researcher and teacher **LITERARY GENRES** NARAYAN CHANGDER,2024-01-21 Note Anyone can request the PDF version of this practice set workbook by emailing me at cbsenet4u gmail com I will send you a PDF version of this workbook This book has been designed for candidates preparing for various competitive examinations It contains many objective questions specifically designed for different exams Answer keys are provided at the end of each page It will undoubtedly serve as the best preparation material for aspirants This book is an engaging quiz eBook for all and offers something for everyone This book will satisfy the curiosity of most students while also challenging their trivia skills and introducing them to new information Use this invaluable book to test your subject matter expertise Multiple choice exams are a common assessment method that all prospective candidates must be familiar with in today s academic environment Although the majority of students are accustomed to this MCQ format many are not well versed in it To achieve success in
